3H	Ashwin	Do concentrate	Ashwin is now making more regular contributions to class discussion and has been working hard to improve his learning behaviours. Thank you for setting a great example to the rest of 3H.
	Cora	Resilient	I was very impressed with the resilience that Cora showed when completing her maths assessment. Even though she found it challenging she kept going and did her best. Well done Cora!
3G	Pavith & Shivi	All 5RS	These children are always trying their very best in their learning. They show resilience when things are difficult and have fantastic relationships with everyone around them. I appreciate you - keep up that wonderful learning.
4K	Indigo	Resourceful	Indigo really impressed me with his design and construction skills when planning how to build a crane in DT.

	Ethan	Relationships	Welcome to Park Hill, Ethan! He has had a great first week at Park Hill (even though it is assessment week!) and has made a few new friends already. Keep up your positive attitude!
5P	Anvith	Reflective	Anvith consistently completes his learning to a high standard, using his prior knowledge and what we have learnt in class to support his ideas. Thank you Anvith for being such a curious learner.
	Aaradhya	Relationship	During our DT lesson this week, Aaradhya showed great enthusiasm when completing her group activity. Aaradhya was keen to share her already very creative and artistic ideas with the rest of her group and, as a result, helped her group create a wonderful 3D model on TinkerCad. Thank you Aaradhya!
6A	Isaiah	Reflective	Isaiah has tried his best this week to reflect on his learning and has continued to have a positive mindset to produce learning of a high quality. Keep it up!
	Havish	Resourceful	Havish showed fantastic research skills by finding Key facts about Nelson Mandela to include in his writing. Well done!
6I	Mayukha and Anantha	Resilience	These children have designed a SUPERB Benin Bronze plaque. It is to such a high standard that it looks so realistic. Mrs Iwin cannot wait to see it when they use clay to make the final product. Such great creativity!
6M	Kovid	Resourceful	Kovid has used his Benin knowledge to design and create a plaque in Art that was detailed and depicted the ancient Benin lifestyle. Well done Kovid.
