Purpose:

The purpose of the Tivy High School Spirit shall be to support athletic functions, to promote good sportsmanship among students and spectators, to encourage scholarship, and to set an example worthy of the position of leadership.

Leadership Responsibilities:

Each participant should be cognizant of the responsibilities required and the commitment she is making to the school and to the student body. This is a position of responsibility and representation that should not be taken lightly. Each participant should be willing to cooperate with and be helpful to her officers and sponsor at all times. All actions should reflect the group’s best interest. Each participant must realize that the manner in which he or she conducts themselves while representing the school directly reflects on the school itself.

Parental Involvement:

The success of being a member of a spirit organization depends to a great extent on parental support. Participants must have parental support to participate in the following:

1. Timely attendance at all required athletic events (including play-off games).
2. Fundraisers.
3. Timely attendance at meetings and practices before and after school.
4. Summer camp and special clinics.
5. Community events and performances.

All duties, responsibilities, and decisions not discussed in the Constitution shall be left to the judgment of the sponsor and the school administration.

When requesting a meeting with the sponsor, parents must call ahead to schedule appointment through email. On the field, at an event, or at meetings is not an appropriate time to have individual appointments and/or conversations with the sponsor. Texting a sponsor with concerns or questions that involve detailed explanations is inappropriate. Parents should not address their concerns to their sponsors via text message.
