Academic Achievement
Promotion and Retention

EIE - R

Retention
Limitations

Students should not be retained more than once in grades PreK – 5th grade and once in grades 6th – 8th grade. *(Exceptions to this regulation are subject to Student Success Initiative (SSI) regulations.)*

Double Promotion

A decision to allow an over-aged student to skip a grade level requires the student's principal's, teachers', and parent's unanimous agreement. If skipping a grade level places the student on a different campus, the receiving principal must also be included in the decision-making process and must be in agreement.
