ADMISSIONS  
INTER-DISTRICT TRANSFERS

FDA-R

TUITION-PAYING,  
OUT-OF-DISTRICT  
TRANSFERS

Tuition-paying, out-of-district students may attend the elementary campus of their choice, but only if space is available. These students may not switch to a different elementary campus after enrollment or for subsequent school years. New tuition-paying students in grades K-5 will be confirmed for registration in August after all previously enrolled students, new students who reside in the district, and after children of district employees. Returning tuition-paying students and their siblings will be allowed to pre-register in the spring and confirm registration in July/August along with in-district returning students.

TRANSPORATION

Transportation is not provided for approved inter-district transfers. Transportation will be the responsibility of the parent/guardian.
