

After-School Care

FFFA-R

Dismissal

Elementary students in Kerrville ISD are dismissed at 3:00 p.m. Parents are responsible for picking their children up in a timely manner or arranging consistent, reliable after-school care. Kerrville ISD is unable to provide supervision for students after 3:25 p.m.

Day Care

In order to provide a safe setting, KISD has arranged with day care providers to accept students remaining on campus at 3:25 p.m. **Any student who has not been picked up by 3:25 p.m. will be taken to the daycare location on the student's campus.** Parents will be required to pick up their child at that location and pay the established fee directly to the day care provider for services provided.

Guidelines

Each elementary campus will adhere to the following guidelines.

1. A student whose parent calls the school in advance with an emergency situation will be supervised in or near the office until the parent arrives. If requests become habitual, the parent will be notified that the school is no longer able to accommodate the parent's request. The child will be placed in daycare and parents will be charged for services.
2. The office will supervise students when buses are late.
