STUDENT & FAMILY GUIDE TO SUCCESS

PATHWAYS TO OPPORTUNITY

Pathways to Opportunity is the culmination of many candid community conversations, insights and suggestions from every corner of our city, and the very best thinking of our system's educators, school leaders, support professionals, parents, students, partners, and advocates. This plan represents our promises to the people of Tulsa:

- Our schools will be places in which students can find and grow into the best version of themselves.
- Our students will become powerful readers, writers, speakers, and thinkers for whom language is a life-long asset.
- Our high schools will prepare young adults for a rich, choice-filled life.

Schools have always been the beating heart of vital communities, and *Pathways to Opportunity* is designed to create robust foundations for children to learn, grow, thrive, and achieve their greatest potential in college, careers, skilled trades, or military service.

TULSA PUBLIC SCHOOLS PLAN FOR STUDENT SUCCESS

This family guide provides information you need to ensure your child's success at Tulsa Public Schools. Should you have questions or concerns, we have provided contact information throughout the guide. Any revision to this guide during the course of this school year can be found at www.tulsaschools.org.

2022–2027 MISSION

Our students lead through literacy, are empowered through experience, and contribute to their community.

2022–2027 VISION

Tulsa Public Schools honors the diversity, creativity, and passion of our students, elevating every student to be designers of their destiny.

Tulsa Public Schools does not discriminate on the basis of race, religion, color, national origin, sex, sexual orientation, gender expression, gender identity, disability, genetic information, veteran status, marital status or age in tis employment, programs and activities and provides equal access to the Boy Scouts and other designated youth groups. The following person has been designated to handle inquiries regarding the Tulsa Public Schools' non-discrimination policies.

In addition, see Tulsa Schools Board Policy 4901 at <https://www.tulsaschools.org/about/board-of-education/policysearch>, regarding nondiscrimination.

OUR CORE VALUES

EQUITY

We know that our diversity is a community treasure, and we are committed to dismantling practices and systems that perpetuate inequities, being actively anti-bias, anti-racist, and working toward justice and opportunity for all.

CHARACTER

We are honest, trustworthy, and have high standards of behavior. We make decisions based on what our students and community need, and we do the right thing even when it is hard.

EXCELLENCE

We work together to give Tulsa the world-class schools it needs and deserves. We expect a lot of one another, and we support one another in achieving our shared, high expectations.

TEAM

We care for one another and work together to celebrate success, learn from struggles, and work to help every team member be their best selves.

JOY

Joy at school and at work makes us more productive, because when we create, innovate, and imagine, our motivation grows. Also, we love to have fun!

LEARNERS, CONTRIBUTORS, AND DESIGNERS

Our approach is based on the belief that we are all learners, contributors, and designers of our schools and our own futures.

Being a learner: Through learning, application, reflection, and persistence we grow every day. We understand that challenges are important opportunities to build our knowledge and skills.

Being a contributor: We have responsibilities to each other and our world, so we are leaders who seek progress, affect change, and help others be successful. We are participants in and contributors to the well-being of our schools and larger communities.

Being a designer: We solve problems and bring ideas to life. Our team members and students have the autonomy, time, and support necessary to reimagine, innovate, and iterate.

OUR BELIEFS

OUR STUDENTS CAN

Every child can learn. Every child has talent. Every child has value. To succeed in a competitive world and to serve as the next generation of leaders, students must engage in their education, own their learning, and feel accepted and supported in our schools.

OUR TEACHERS MAKE IT HAPPEN

Extraordinary teachers are the heart of successful schools, and they deserve working conditions and environments that promote educator professional growth and fulfillment. We must foster learning communities where teachers can continually hone their craft and content knowledge to design engaging learning experiences that meet the needs of every child.

OUR PRINCIPALS ARE KEY

Principals' responsibilities are strategic, vast, and intense. As leaders, they must be visible, hire the right staff, cultivate talent, build relationships with families and communities, foster positive and safe school cultures, and ensure results. We must support principals' growth as instructional leaders who strengthen the quality of teaching and learning in all classrooms.

OUR DISTRICT IS "ALL IN"

Effective teams collaborate and continually assess and improve their service to schools. This means our employees and board must work together, reflect, adjust, think ahead, and innovate in service of powerful teaching and learning.

OUR COMMUNITY IS ESSENTIAL

High quality schools are vital to the health of our community. Our children and schools need all of us—educators, families, and community partners. We must engage our families and all of Tulsa by embracing transparency, holding ourselves accountable to high standards, proactively communicating, and working as a team toward the success of every student.

WELCOME TO TULSA PUBLIC SCHOOLS

Working Together to Benefit Students

Strong school and family partnerships are critical to students' academic, personal, and social success. We welcome our parents, guardians, and families to be involved with their child's schools as volunteers, advocates, and partners in education. We offer many programs and services to help meet the needs of students, parents, schools, and our community and to help our young people gain the tools they need to thrive within their educational journeys and beyond.

At-Home Family Engagement

Parent Notice of Language Assistance Services

At Tulsa Public Schools, we are committed to providing quality and professional language assistance services, including interpretation (oral) and translation (written) to families so that they can have an active role in their children's education and to enable effective communication.

Interpretation and translation services are available at no cost to parents and guardians who may need language assistance services and have any difficulty speaking, reading, writing, or comprehending English.

To request an interpreter of a spoken language or translation of a school document, **please contact the main office at your child's school**. School staff will use site-based resources (**on-site or over-the-phone interpreters**) to fulfill the request. They will contact the Language Assistance Services team to provide additional services as needed.

If you have questions or concerns about translation and/or interpretation services, please contact the **Language Assistance Team** by phone at **918-746-6730** or email at languageassistance@tulsaschools.org.

Success in the classroom and life!

There is no one more important in helping a child succeed than you. What you do at home can make a big difference in how your children perform in school.

- Attend conferences to find out how well your child is performing.
- Discuss the importance of going to school every day with your child.
- Make sure your child has a quiet place to study and that they complete all homework assignments.

You are your child's greatest cheerleader!

Let your children know that school is important and that you are interested in their progress and

- What they did at school
- What homework must be finished for the next day
- What needs to be done on a future project

Reading and Writing

- Listen to your child read. Read stories aloud to them.
- Talk about what you and your child are reading.
- Ask questions and discuss words that are new or difficult.
- Encourage your child to write lists, notes, journals, recipes, short stories and other types of writing used in everyday life.
- Talk with your child about writing assignments.
- Set a limit on the amount of time your child watches television or uses electronic devices.

Mathematics

- Review homework every day with your children to make sure assignments are completed. Ask your child to explain some of their math problems and how they solved them.
- Have your child help solve "real" mathematical problems as you play games, cook a meal, or prepare to do a home project.
- Show your child how math is used in everyday life, including cooking, shopping, making crafts, sewing or doing home repairs.
- Help your child read charts or graphs in newspapers and magazines. Read maps when going on family trips.

District and State Assessments

Tulsa Public Schools students take the NWEA MAP Growth assessment in the fall, winter, and spring. MAP Growth is an adaptive assessment, designed to measure student achievement and growth over time. MAP Growth scores provide teachers with a sense of students' individual academic strengths and weaknesses. Teachers use MAP Growth results to modify instruction and advance student learning. It also offers insight into and opportunities for:

- Understanding students' postsecondary readiness levels
- Understanding students' intervention needs
- Understanding how to best help students reach their goals
- Enrollment applications
- Individualized support for learners who need it and enrichment opportunities for students performing above grade level.

Students also take state-mandated assessments in grades 3rd-8 and 11th in the spring to determine their academic progress. You can support district and state assessments by

Preparing your child for the assessment

- Know when your child is taking the assessment.
- Discuss upcoming tests with your children and reassure them that test results provide useful information about what they know and what they still need to learn.
- Make sure your children attend school on testing days.
- Make sure your children get a good night's sleep and have a nutritious breakfast.

Motivating your child

- Explain why they are taking the assessment.
- Encourage them to do their best.
- Remind them to take their time.

Celebrating your child

- Congratulate them for giving their best effort at the end of the day.
- Let them know you are proud of them for persevering.

HOW TO CHECK YOUR STUDENT'S STATE TEST SCORES

PowerSchool Parent Portal

The Parent Portal keeps everyone connected – students stay on top of assignments, parents participate more fully in their students' progress, and teachers share important information. You can access the Parent Portal at

<https://powerschool.tulsaschools.org/public/home.html>.

Strong school and family partnerships are critical to students' academic, personal, and social success. We welcome our parents, guardians, and families to be involved with their child's schools as volunteers, advocates, and partners in education. We offer many programs and services to help meet the needs of students, parents, schools, and our community and to help our young people gain the tools they need to thrive within their educational journeys and beyond. [Click here to see Parent Updates.](#)

If you don't have a parent portal account, please reach out to your student's school so they can assist you with getting it set up.

Weekly Grade & Attendance Email

We recognize that many parents have not set up their PowerSchool Parent Portal account but still need access to information about their student's progress. For this reason, parents who have not yet set up their accounts for parent portal with notifications enabled will receive weekly emails including attendance and grade summaries for each class. In addition, we will include information about how to set up your PowerSchool Parent Portal account, which is the best way to access complete attendance and academic details for your student.

Graduation Requirements

Core Curriculum

GRADUATION REQUIREMENTS - TPS Regulation 3315-R-Updated August 2016

(<https://www.tulaschools.org/about/board-of-education/policysearch>)

All Tulsa Public School students must meet the District's graduation requirements which may be higher than the state's graduation plans. Students graduating on the core curriculum plan must have a signed opt-out letter on file at the school.

College/Preparatory/Work Ready Curriculum

GRADUATION REQUIREMENTS - TPS Regulation 3315-R-Updated July 2022

(<https://www.tulaschools.org/about/board-of-education/policysearch>)

All Tulsa Public School students must meet the District's graduation requirements which may be higher than the state's graduation plans.

All students must take all state assessments required by the State Board of Education in order to graduate. Alternatively, these students must take any nationally recognized high school test the District elects to use instead of the state assessments as authorized by federal law. The requirement to take the assessments in order to graduate is subject to all exemptions, conditions, and accommodations authorized by state or federal law.

*In accordance with state law, unless the student's parent or legal guardian, a student age eighteen (18), or a school counselor submits a signed form authorizing the student to opt out, this is a requirement for a student to graduate high school. Some high schools may have additional requirements to graduate.

In accordance with Oklahoma Statute 25 O.S. § 2003, parents may withdraw their child from any activity, class, or program where the parents object to the learning material or activity on the basis that the activity, class or program is harmful. This includes class assignments, curriculum, or assessments based on beliefs or practices in sex, morality, or religion.

The objection must be stated in writing to the administration and parents are hereby informed that withdrawal of a child from any state mandated course or assessment could prevent the child from being eligible to promote to the next grade level in accordance with the Oklahoma Reading Sufficiency Act or receive a high school diploma.

Student Wellbeing

It is crucial to pay attention to the development of the whole child, including their social and emotional well-being. Families are a child's first teacher in demonstrating:

- Self-Awareness
- Self-Management
- Social Awareness
- Relationship Building
- Responsible decision making

Parents and caregivers play the biggest role in social and emotional development because they **offer the most consistent relationships for their child**. Consistent experiences with family members, teachers and other adults help children learn about relationships and explore emotions in predictable interactions.

Attendance Matters for Parents and Families

Your child's daily, on-time attendance in school is critical to their academic and personal success. It is understandable that some challenges to your child's school attendance are unavoidable, such as an illness or a family emergency. However, it is important to understand the impact of absences from school, especially if they become frequent.

DID YOU KNOW?

Children can suffer academically even if they miss one or two days of school per month.

Take Action to Help Eliminate Chronic Absenteeism

Parents and families:

- Make getting to school on time every day a priority in your family.
- Talk with your child about the importance of school attendance from an early age and the negative effects of too many absences.
- When necessary, create a safe space for your child to share what is keeping him/her from participating in school on a regular basis. Communicate any concerns with your school's staff as soon as possible.
- Have a back-up plan for getting your child to school when there are difficulties with transportation, a family illness, or other challenges.
- Schedule appointments for after school hours whenever possible.
- Monitor student's school attendance to make sure your child is in class and on time every day.
- Contact your child's school to discuss supports and services that can help maintain regular school attendance.

Safety, Security & Health

See. Hear. Share.

If you see or hear anything that might make our schools unsafe:

- Tell a trusted adult;
- Call 918-480-SAFE or Text 480-SAFE.
- Text "Y" or "Yes" to 67587 to make sure you get important weather and safety notices.

Emergency Preparedness

Being prepared for emergencies is important to Tulsa Public Schools. The district's Safe Schools Plan, as required by Oklahoma Title 70§23-100 and 24-100.5, requires every school to have a Safe School Committee and a Healthy and Fit Committee. The committees include teachers, parents, students, administrators, health care professionals, community members, law enforcement, citizens, clergy and non-profit health organizations.

Each school's emergency management plan is reviewed and revised annually and after each emergency.

TPS Board Policy 7307 requires schools to have emergency plans for fires, bomb threats, suicide intervention, tornadic/severe weather, intruder on campus/lockdown, student endangerment, child abuse, accident/serious illness, student runaway, abduction and atmospheric chemical release.

Frequently Asked Questions

How does Tulsa Public Schools respond in the case of an emergency?

When an emergency occurs, there are three possible plans of action:

1. **Early Release Plan:** Returns students to their homes as quickly and safely as possible. Each school maintains information for emergency contacts for each child. **It is very important that parents and legal guardians inform the school when emergency contact information changes.**
2. **Shelter in Place Plan:** Keeps students in their buildings. Specific areas with each building are identified as safety zones. **The shelter plan may include a partial or complete lockdown of the school.** In this case, students remain in their classroom until otherwise notified. Students in buildings who are not in a classroom will be escorted by staff to supervised areas and remain there until otherwise notified. **No one will be allowed to enter or leave the school for any reason.**
3. **Evacuation Plan:** Requires that all building occupants exit the building and go to a previously identified, safe alternate location. Evacuation may mean only going outside and away from the building until an all-clear signal is given. In some circumstances, students and staff may need to be transported and housed temporarily in another location.

How will I know where to pick up my child if a school is evacuated?

In the event students must be moved to an alternate location, the school will use a number of communication tools to advise parents. (see "Where should I get accurate information during a school emergency?")

Schools have several alternative locations, depending on the severity of the emergency and the number of school buildings involved.

Police, fire, county and state authorities know of the alternate locations for each school. For security reasons TPS does not disclose alternate locations until an actual emergency occurs.

Does Tulsa Public Schools have emergency practice drills?

Oklahoma law requires schools to have a minimum of two lock down drills each school year and two fire drills each semester. The first fire drill is conducted in the first 15 days of each semester.

Emergency drills are conducted at various times during the school day so students and staff can practice what to do regardless of where they are or what they are doing. Additional drills and simulations may be conducted several times throughout the year.

Should I pick up my child at school during an emergency?

NO. While every guardian's instinct in an emergency is to go to the school to safeguard their child, doing so may interfere with the school's ability to effectively respond to the situation. **We strongly encourage parents NOT to come to the school during an emergency unless directed to do so by the district.** In most cases, school district administration and district and local emergency responders are the only individuals allowed to enter or leave campus or buildings during emergencies.

In the event of an emergency, school staff will work to ensure the safety of students. In a fast-moving situation that requires careful coordination and communication, extra vehicles and visitors to the school make the task of keeping track of students much more difficult.

What provisions are made during emergencies for students with disabilities?

Contact your school for the plan of action that includes evacuation of students or staff who have special needs.

Where should I get accurate information during a school emergency?

Parents are asked to call the school as a last resort. The district will use every communication method available to keep you up-to-date during an emergency. These may include:

- [Tulsa Public Schools home website](https://www.tulsaschools.org) (<https://www.tulsaschools.org>) or your school site's webpage (updates are posted on the home page);
- www.facebook.com/TulsaPublicSchools;
- www.twitter.com/Tulsaschools;
- SchoolMessenger (Tulsa Public Schools can use the SchoolMessenger system to send a recorded phone message or text message if time allows);
- Recorded messages and emails from the district's automated message system using each student's emergency contact information;
- 918-746-6800 recorded messages; or
- Schools may contact you directly; this is why it is important for your school to have updated emergency contact information for your child.

Major local media and their websites News media will carry public information about certain emergency situations. Be sure to listen carefully for official announcements from Tulsa Public Schools. In situations that impact the safety of a significant number of students, the media will be kept up to date on developments and will be asked to broadcast emergency information.

What can I do to plan ahead?

The three most important things a parent or guardian can do to prepare are:

1. Make certain your child's school has up to date emergency and current contact information.
2. Talk with your child about the importance of following the instructions of their school's staff during emergencies.
3. Periodically review with your child alternative arrangements in case you cannot be reached in an emergency.

Where can I find more information about emergencies at my child's school?

Health Issues at Your Child's School

How can I help make my child's school a healthy place to learn?

Always inform the school nurse/health assistant about the following:

- Specific needs, limitations, restrictions, or concerns indicated by a doctor, dentist, or other healthcare provider
- All immunizations, boosters, exemptions, or restrictions obtained from licensed health care providers
- Changes in eye exams and any restrictions, limitations or accommodations needed
- Medications (prescription and non-prescription) your child routinely takes at home or school
- Call the school office to report absences due to illness every day your child is out. If your child is absent three or more days, you may be asked for a note from your healthcare provider when your child returns to school.
- A phone number and emergency contact number where parent, guardian or person responsible for student's care can be reached
- If you have questions or concerns related to your child's health, contact the school health clinic.

When should I keep a sick child home from school?

GENERAL GUIDELINES ON WHEN TO KEEP YOUR CHILD HOME

- If your child's temperature is 100.4 degrees or higher, the Centers for Disease Control recommends you keep your child home until 24 hours after the fever is gone (without the use of medications).
- A child with a severe or persistent cough should stay at home and possibly see a doctor.
- If your child has diarrhea or is vomiting, keep them at home until 24 hours after the last episode (without medication).
- If you have concerns about your child's health, call your healthcare professional.

Should my child go to school if other children are sick?

It is not unusual for children to get sick during school. It is up to you to decide whether to send your child to school. You might want to check with your doctor, especially if your child has other health problems.

What should I do during flu season (October through May)?

According to the CDC, the flu (influenza) is an infectious illness of the nose, throat and lungs that is caused by the influenza virus. Most people with the flu feel better after about a week of serious illness.

A flu vaccine is the best way to protect against the flu. Flu shots can be given to children six months and older. Nasal spray vaccines can be given to healthy children two years and older. Children under five years old who have had wheezing the past year, or any child with chronic health problems should get the flu shot.

Most people with the flu feel tired and have fever, headache, dry cough, sore throat, runny or stuffy nose and sore muscles. Some people, especially children, may also have upset stomachs and diarrhea.

A cough can last two or more weeks. Call or take your child to a doctor right away if they:

- Have a high fever or fever that lasts a long time
- Have trouble breathing or breathes fast
- Have skin that looks blue
- Not drinking enough
- Confused, will not wake up, does not want to be held, or has seizures (uncontrollable shaking)
- Gets better but then worsens again; or has other conditions (like heart or lung disease, diabetes) that get worse
- People spread the flu by breathing in droplets from an infected person's cough or sneeze or from germs spread from hand to mouth

What happens if head lice or bed bugs are reported at my child's school?

Lice can be found on persons of any age, race, gender or socioeconomic class. Having head lice is not an indication of insufficient hygiene or poor living conditions. Lice do not jump or fly. They crawl from one person to another or use an object as a transmission vehicle.

As advised by the Oklahoma Health Department, TPS uses the following protocol, which focuses on prevention and treatment of identified cases.

Head Lice Screenings

1. Classrooms are screened when a case is identified. Siblings and other students residing in the residence of an affected student are also screened, regardless of the TPS site. If affected, their classrooms are checked. Students can be referred to the clinic at any time staff or parents feel a screening is necessary.
2. Middle, junior, and high schools are screened on an as needed basis.

Bed Bugs

Bed bugs are usually active at night when people sleep. They are usually not seen during daylight hours. Although bed bugs are becoming

a very common problem, they are not known to transmit diseases. The home of any person can be infested by bed bugs, regardless of gender, race or economic status. If a suspected bed bug is found on a student, the following protocol will be followed:

1. The student will not be sent home. The parent, legal guardian or person responsible for the student's care will be notified.
2. The student will temporarily be removed from the classroom. An inspection of clothing, belongings, etc. will be done in a confidential and private area.
3. There will be positive identification of the bug by a pest management company. If positive identification, appropriate actions will be taken as outlined in the TPS Bed Bug Protocol.
4. The Bed Bug Protocol has helpful suggestions for the home when bed bugs are suspected or present.

The TPS protocol on head lice screenings and bed bugs can be found on the TPS Health & Wellness website at www.tulsaschools.org under Parents: Health and Wellness. You can also contact your child's school health clinic or TPS Health and Wellness at 918-746-6364.

Covid Safety Information

Vaccination

The COVID-19 vaccine is available free of charge to anyone 6 months of age and older. We strongly encourage parents to take advantage of our city's [many resources for free vaccinations](https://vaccinate.oklahoma.gov/en-US/) (or at <https://vaccinate.oklahoma.gov/en-US/>).

Additional Safety Measures

Handwashing and cleaning: Hand sanitizer and hand-washing stations will be available at all sites; disinfectant cleaner and wipes will be placed in classrooms; and custodians will continue the use of electrostatic sprayers in our buildings.

What immunizations does my child need for the 2023-2024 school year?

Immunizations help to prevent or lessen the severity of certain diseases and many health experts believe they are the key to promoting a healthier community. The Tulsa Health Department provides childhood immunizations following the CDC's recommended childhood and adolescent immunization schedule. All children 2 months of age and older must present an immunization record or file for an exemption before they are allowed to attend child care or school in Oklahoma.

If you have questions about immunizations, contact your child's school health clinic; TPS Health and Wellness at 918-746-6364 or Tulsa Health Department at 918-582-WELL(9355).

Required Immunization Doses for the 2023-2024 School Year

Behavior Response Plan

The Behavior response plan is focused on the well-being and success of our students and schools through fostering safe, supportive, joyful learning environments and a student culture of care and respect. Our approach is based on building, maintaining, and restoring relationships in the school community. This plan is reviewed annually by the Student and Family Support Services department, the Tulsa Classroom Teachers Association, Tulsa Association of Elementary School Principals, & Tulsa Association of Secondary School Principals

Applicability

These policies, rules, regulations, and procedures published in this booklet apply to the following:

- On school property – immediately before and after school hours as well as during the school day without regard to whether adults are present.
- On athletic fields, on school buses, in areas immediately adjacent to the school and in all other places where school functions occur or where school activities take place.
- Throughout the course of any school field trip or other officially sponsored school activity.
- Off-campus conduct where the student's continued attendance at school is a threat or would have an adverse impact on order, discipline, or the educational process.

Expectations for Student Behavior in Tulsa Public Schools

Our behavioral expectations are critical to academic development.

All students will:

- Show respect to others and for the rights of others
- Behave in a courteous manner
- Respect the authority of all school personnel
- Learn and demonstrate acceptable social behavior
- Bring necessary materials to all classes and actively participate in the learning process
- Contribute to a positive learning environment through appropriate personal hygiene habits and clothing consistent with the school uniform policy
- Adhere to all school rules and regulations

The principal is authorized by law to recommend a change of student placement and suspend students for violation of public school regulations. The teacher has the authority to remove a student from the classroom to a designated authority when the student interferes with the teaching/learning environment of the class. At the time of removal, the teacher may request that the student not be returned to that classroom until a conference is held between the teacher and the designated authority

Corporal punishment is prohibited. No student will be subject to corporal punishment by teachers, administrators, students, or other school personnel. Physical restraint is permitted only if it is reasonable and necessary in order to protect people and property.

Discipline Reviews

Discipline reviews of all long-term suspensions (11 days or more) and requests for assignment to alternative programs will be conducted by the District Review Committee. The review is to ensure fairness and equity in accordance with the established policies and procedures outlined in this Behavior Response Plan (BRP) and Board Policy.

Behavior Response Plan – Elementary
This Behavior Response Plan (BRP) cannot cover every set of circumstances in the diverse and complex social setting of public schools.

The administrator may find it necessary to use intervention or discipline options and procedures not covered specifically in these regulations.

Implementation of appropriate interventions and disciplinary responses consider a number of factors including the nature and severity of the misconduct. In many cases, the use of primary responses and/or the use of school-based interventions may be most suitable. In other cases, a student's misconduct may be appropriately addressed by a district disciplinary response along with interventions and student supports.

Tulsa Public Schools will provide a comprehensive student support program including guidance services, opportunities for social restorative practices and student engagement opportunities. Each school has a system in place for early identification of students in need of intervention and/or support services.

- **Short term suspension is defined as 10 days or less**
- **Long term suspension is defined as 11 days or more**
- **Students in PK and K will not receive suspensions of more than 5 consecutive days at a time**

Repeated or persistent violation of Level 100 infractions can result in Level 200 or Level 300 disciplinary responses when Level 100 interventions are not effective.

All regulations and sanctions pertaining to student behavior and safety apply to students while they are riding until they would normally arrive at their bus stops.
- **214 Disruptive conduct:** Inappropriate and/or disrespectful behavior, including horseplay, refusal to return to class, offensive language and arguing that substantially disrupts, hinders, or interferes with school activities.
- **216 Failure to identify:** Refusal to stop, provide name or other information when asked to do so by a staff member.
- **218 Leaving campus without permission:** Leaving campus without prior consent and authorization from school administration.
- **219 Harassment, intimidation, or threatening behavior:** A single incident of harassment, intimidation or threatening behavior. Does not meet the definition of bullying. Document discriminatory harassment. See code 315 for discriminatory harassment.
- **220 Refusal to serve minor sanctions:** A student who fails to serve level 1 or level 2 sanctions when directed to do so by a school administrator or other authorized school personnel.
- **221 False Reporting:** Any person who knowingly makes false accusations against another person will be appropriately disciplined pursuant to district policy.
- **222 Inappropriate public display of affection:** Socially unacceptable displays of affection in a school setting. Specific examples include but are not limited to kissing, fondling, cuddling, inappropriate touching, rubbing/massaging, caressing/stroking/petting, excessive hugging, or other expressions of affection not in keeping with the social expectations of the school setting.

If the behavior constitutes a health or safety risk, then an out of school suspension may be imposed. This BRP cannot cover every set of circumstances that may be encountered in the diverse and complex social setting of public schools. Administrators may find it necessary to use intervention or discipline options and procedures at any level not specifically covered in these regulations.

Level 300- District intervention codes and definitions of inappropriate behaviors

- **300 Fighting:** Mutual combat in which participants intentionally inflict bodily injury to another person. This is prohibited. All participants in a fight will be disciplined according to their degree of involvement.
- **301 Possession of mace, chemical agents, or similar materials/devices:** Possession by students of mace, pepper spray or other chemical agents that may cause irritation or physical discomfort or bodily harm on school district property, at a school related activity or on the school bus. Possession of fireworks is also prohibited. All such items will be confiscated by school district personnel.
- **302 Disorderly conduct:** Behaving in a violent or seriously inappropriate manner that disrupts the educational process. NOTE: This category is usually used when the police are called to cite a student for extreme disruption. It is not to be used when recording classroom disorders that result in student referrals to the office.
- **304 Falsely reporting a crime:** Knowingly providing false information to law enforcement or school authorities as to criminal conduct by another.
- **305 Verbal abuse of staff:** The use of violent, abusive, or obscene language or gestures addressed to a teacher or staff person (including school resource officers and security personnel) in a threatening manner. These actions do not pose an immediate threat to school personnel but are considered unacceptable in the educational setting and which may be interpreted as a threat to the safety of the person it is directed toward. This includes but is not limited to hand gestures, written communication, electronic communications, verbal statements, and threats.
- **306 Abusive behavior toward school personnel:** Inappropriate physical contact with any school employee or volunteer where such physical contact does not rise to the level of an assault but is physical contact that reasonably could be expected to be injurious. This includes physical contact committed recklessly and without specific intent. NOTE: Staff should not block a student's egress or ingress unless to protect the health and safety of others or to protect property.
- **307 Trespassing:** Entering any school property or into any school facility without proper authority (include any entry during a period of suspension).
- **308 Failure to permit a lawful search or inspection by a school official:** The act of preventing or impeding a school official from conducting a search or inspection authorized by board policy or the behavior response plan is prohibited. The school principal or designee may authorize the search of a student's person or personal property and the seizure of prohibited illegal or harmful items in a student's possession. (see student searches TPS board policy 2602 and 2602R at www.tulsaschools.org/about/board-of-education/policysearch)
- **308 Theft or receipt of stolen property:** The act of larceny will not be tolerated. To steal school property or property belonging to another person or to knowingly receive stolen property. Student and parent/guardian is responsible for making full restitution for any property stolen and for all damages to property caused by the student's actions.
- **310 Breaking and entering/vandalism (including computer hacking):** The act of breaking into property belonging to another person or belonging to the school district; the act of intentionally destroying property, cutting defacing or otherwise damaging property belonging to another person, including class assignments, buses or property belonging to the district. Also, the act of physically damaging, modifying or abusing computer hardware, software or computer files or accessing or hacking into the computer files of others. The parent/guardian is responsible for all damages to property caused by his/her child. Law enforcement may be called if the circumstances warrant.
- **311 Grand larceny:** Grand larceny is defined as the taking of property of value exceeding \$500 or when such property, although not of value exceeding \$550, is taken from the physical possession of another person.
- **312 Use, Possession of alcohol, drugs or drug paraphernalia; or under the influence of alcohol and/or drugs:** The use or possession of drugs, drug paraphernalia, alcohol, hallucinogens, marijuana or any unauthorized drug or substance; or being at school or a school event while under the influence of alcohol, controlled/unauthorized substances is prohibited. In addition to disciplinary action, students will be recommended to enroll in and complete an approved drug/alcohol counseling program prior to reinstatement to the home school. Campus police notification for secondary is required for possession of a controlled substance. Campus police notification for elementary is optional for possession of a controlled substance. Drug assessment is

required by a district approved provider.

- **314 Assault:** An act initiated by one or more persons that purposely or recklessly creates apprehension of imminent physical injury to another person such as threatening or menacing gestures.
- **315 Discriminatory harassment:** Unwelcome remarks or behavior based on a student's race, religion, disability, gender, sexual orientation, gender expression, gender identity or ethnic heritage that is severe, persistent or pervasive enough to create an intimidating or hostile learning environment.
- **316 Misconduct based on sex or gender:** Unwelcome or otherwise unlawful sexual or gender-based remarks, displays, advances, requests for favors or sexual contact that is severe, persistent or pervasive enough to interfere with, deny or limit another individual's ability to participate in or benefit from the district's education programs and/or activities.
- **317 Consensual Sexual Misconduct:** Consensual participation in sexual intercourse or other intentional sexual touching of another person's genitals. NOTE: These activities are prohibited even though participants may perceive them as "consensual". The district will consider the age and capacity of the student, the nature of the conduct involved and other relevant factors in determining whether a student had the capacity to consent to sexual conduct.
- **318 Title IX Sexual Harassment:** Unwelcome conduct of a sexual nature or on the basis of sex that a reasonable person would determine is so severe and persistent and objectively offensive that it effectively denies a person equal access to the district's education programs and/or activities; or a single incident of "sexual assault", "dating violence", "domestic violence", or "stalking" as those terms are defined under the Clery Act or the Violence Against Women Act; or a single incident of an employee giving, offering, or conditioning a district benefit or service in exchange for sexual conduct.

If the behavior constitutes a health or safety risk, then an out of school suspension may be imposed. This BRP cannot cover every set of circumstances that may be encountered in the diverse and complex social setting of public schools. Administrators may find it necessary to use intervention or discipline options and procedures at any level not specifically covered in these regulations.

Level 400- Out of district intervention codes and definitions of inappropriate behaviors
TPS Campus Police notification is required for all Level 400 behaviors

- **401 Robbery:** The taking of any good, money or other valuable items from another person by force, threats or with a weapon.

(see also board policy 7312 at www.tulsaschools.org/about/board-of-education/policysearch) Weapons report required
- **403 Arson:** The willful and deliberate burning of or attempting to burn school property.
- **404 Inciting to riot:** An act/conduct resulting in a riot or urging others to commit acts of force/violence or participation in a gang fight or disturbance at school, in school vehicles or at school activities.
- **405 Threat with a dangerous weapon:** Using a sharp or dangerous weapon to threaten another person with bodily injury.
- **406 Battery:** The act of purposely causing physical injury to another person by beating/striking.
- **407 Assault or battery on staff:** Assaulting or attempting to cause physical bodily injury or acts in a manner that could reasonably cause great bodily injury as defined by OSDE to an employee or school volunteer. The length of elementary suspension will be determined based upon the totality of the situation. Employee Assault Form required.
- **408 Threat with intent to kill:** Any willful or unlawful offer to attempt with force or violence to kill another.
- **409 Aggravated assault and battery:** When bodily injury is inflicted to a person which normally requires the person's medical treatment, including but not limited to treatment for bone fractures, cuts requiring stitches, disfigurement, dislocations or any similar or greater injury or when a weapon is used or any instrument is used as a weapon directed toward another regardless of whether there is any injury or the degree of injury inflicted.
- **410 Off-campus conduct:** Any off-campus conduct by a student where the student's continued attendance at school would have an adverse impact on order, discipline or the education process, or could pose a threat of violence or disruption.
- **411 Fighting/battery or riotous behavior at an extra-curricular event:** Involves intentional physical contact (with or without injury) battery or inciting to riot, etc.
- **412 Reckless vehicle use:** Using any motorized or self-propelled vehicle on or near school grounds in a reckless manner or at a threat to health safety or as a disruption to the education process.
- **413 False alarms and 911 calls:** The act of pulling or attempting to pull or calling in an alarm of a fire, bomb threat or other emergency without a lawful purpose. The act of communicating a false alarm to or about a school, a school bus, a school sponsored or related activity or any public facility is a felony. Fire Marshall notification required.
- **414 Shooting of fireworks:** The demonstration of fireworks is a misdemeanor offense. Shooting fireworks inside a building is also a fire hazard and violation of fire laws. A fine may be issued. Fire Marshall notification is required.
- **415 Possession or use of explosives:** The possession, use or threat to use any explosives or other such devices capable of inflicting bodily harm, including fake devices or devices claimed to be explosive devices.
- **416 Disregard for health or safety not otherwise defined:** Engaging in conduct similar to the violent offenses mentioned in this document which are violent acts or acts showing deliberate disregard for health or safety and which are not specifically described in another item.
- **417 Possession of firearm:** The act of possessing a firearm, whether loaded or unloaded on school district property or at a school sponsored or school related event without written permission from a school authority. The term firearm is defined per board policy 2616, Gun-Free Schools.
- **418 Sexual related offenses:** An act or attempt of an act that is sexual battery, rape, lewd molestation of a child, indecent exposure, forced sexual contact or an act outraging public decency.
- **419 Drug/Alcohol sale or distribution:** The sale, giving away and/or distribution of alcohol, marijuana, prescription drugs, hallucinogens or similar substances including fake drugs/substances passed off as contraband. Student disciplined for this violation will be recommended to successfully complete an approved drug/alcohol counseling and/or treatment program to reinstatement to the home school.

Rules, Regulations, Procedures, Rights & Responsibilities

ADULT VISITORS

All visitors must register immediately upon arrival at the school by reporting first to the school office to state the purpose of the visit. The principal or designee has the prerogative to approve or disapprove the visit. Authorized visitors will be required to wear identification while in a school.

All persons on school property must identify themselves upon request by school personnel. This includes individuals who are present at school sponsored events and on or around school buses. If persons refuse to identify themselves and state an acceptable purpose for their presence, they may be guilty of trespassing and appropriate action will be taken.

ADVERTISING

Advertising may be permitted if it is for approved school-related activities. Such activities may include school newspapers, yearbooks and other fund-raising projects. Advertising material that promotes the use of alcohol, gaming or tobacco is strictly prohibited. No person may display, offer to sell or sell any item or service to student or school district personnel on school property, at school sponsored events or on school transportation unless they have the written permission of the school principal, the superintendent or authorized designee.

AGGRAVATED ASSAULT/BATTERY

Oklahoma state law provides that felony charges may be filed against any person(s) committing an aggravated assault or battery on any school employee.

ALCOHOL/DRUG USE/ABUSE

The Board of Education recognizes the complexity of problems associated with student alcohol/drug use or abuse. Concern for the well-being and best interest of the students requires teachers and administrators to report students who appear to be under the influence of a mood/behavior altering substance including, but not limited to, alcoholic beverages, controlled dangerous substances, over the counter medications, inhalants, etc.

Rules and regulations regarding drugs/alcohol; illegal and illicit drugs and alcohol:

- Use of illicit drugs and unlawful possession and use of alcohol is prohibited.
- Students are prohibited from using, being under the influence of, possessing, furnishing, distributing, selling, conspiring to sell or possess or being in the chain of sale or distribution of alcoholic beverages, non-intoxicating alcoholic beverages, illegal or illicit drugs or other mood-altering substances at school, while on a school vehicle, or at any school sponsored event.
- "Illicit drugs" includes steroids, prescriptions and over the counter medications being used for an abusive purpose, i.e. when they are not used in compliance with the prescription or directions for use and are not being used to treat a current health issue.
- "Mood altering substances" include, but are not limited to, paint, glue, aerosol sprays, salts, incense and similar substances which may be used as an intoxicating substance.
- Violation of this rule will result in imposition of disciplinary measures, which may include suspension for the remainder of the current semester and the following semester.
- Student violation of this rule, which also constitutes illegal conduct, will be reported to law enforcement authorities.

Necessary medications:

- Students may not retain possession of and self-administer any medication at school unless the legal guardian completes the form Contract for Exception to Self-Administer and Retain Medication on Person.
- Students who have a legitimate health need for over-the-counter prescription medication at school shall deliver such medications to the school nurse or principal with parental authorization in compliance with Oklahoma law, and school policy and procedures regarding administering medicine to students.
- Violations of this rule will be reported to the student's parent or legal guardian by the principal and may result in discipline which can include suspension.

The following procedures will be used for this reporting requirement:

- Whenever a teacher suspects a student is under the influence of mood/behavior altering substance in the classroom, the teacher will report the matter in writing to the school principal or designee. Whenever possible, the teacher should attempt to obtain a corroborative observation from another teacher.
- The teacher's report will state the date, time and place and will describe the actions of the student or other circumstances from which the teacher concluded that the student appeared to be under the influence of a mood/behavior altering substance.
- The principal or designee will immediately notify the appropriate district level administrator of the report.
- The principal or designee will immediately notify the student's parent or legal guardian of the report. The notification to the student's parent/guardian may be verbal but will be promptly confirmed in writing.

NOTE: Oklahoma State Law (70-24-138) provides that no employee of the district or member of the Board of Education shall be subject to civil liability for any statement, report or action taken in assisting or referring for assistance to any medical treatment, social service agency, facility or any substance abuse prevention and treatment program, any student reasonable believed to be abusing or incapacitated by the use of alcoholic beverages or a controlled dangerous substance, unless such assistance or referral was made in bad faith or with malicious purpose.

No district employee or Board of Education member shall be responsible for any treatment costs incurred by a student because of any such assistance or referral to any medical treatment, social service agency or facility or substance abuse prevention and treatment program. Any district administrator, teacher or counselor having reasonable cause to suspect a student is under the influence of alcoholic beverages or controlled dangerous substances, or has any of the foregoing in the student's possession, and who report such information to the appropriate school official, court personnel, community substance abuse prevention and treatment personnel or any law enforcement agency, pursuant to this policy shall have immunity from any civil liability otherwise incurred or imposed as a result of the making of such a report.

ALTERNATIVE EDUCATION PROGRAM

TPS has created a comprehensive system of alternative education programs designed specifically for a wide range of youth who may benefit from a more personalized setting. A number of alternative education programs are designed to support and educate students who are currently experiencing academic or behavioral/social difficulties. Alternative programming requires applications for enrollment. Alternative programs include Tulsa MET, North Star Academy, Phoenix Rising, Project ACCEPT, TRAICE Academy, Street School.

ALTERNATIVE EDUCATION INSTRUCTION

Students who are placed at an alternative school (TRAICE Academy) for disciplinary reasons in lieu of out of school suspension will be provided with core academic courses only. Accordingly, this does not include honors courses, advanced placement courses or international baccalaureate courses.

ALTERNATIVE SCHOOL ACTIVITIES

Students who have been placed at an alternative school or who have elected to attend an alternative school for non-discipline reasons, may attend school sponsored extracurricular activities. Students who have been suspended out of school or placed in an alternative school setting for disciplinary reasons, in lieu of suspension, are not permitted to attend school sponsored extracurricular activities.

Extracurricular activities include, but are not limited to, all school sponsored teams, clubs, organizations, ceremonies, student government, band, athletics and all other school sponsored activities and organizations.

PARENT/LEGAL GUARDIAN PROCEDURAL GUIDELINES FOR SUSPENSION APPEALS

Appeals Of Suspensions

Students who have been suspended (meaning students suspended out of school as opposed to being placed in in-school suspension) have a right to appeal their suspension by requesting a hearing either before the site suspension review committee (SSRC), the superintendent or designee, or a Board of Education hearing officer, as may be appropriate. While a hearing is pending, the suspension will be held in abeyance allowing the student to have the right to attend school under such in-school-intervention restrictions as the principal deems proper. However, participation in any extracurricular activity is prohibited.

Please refer to Tulsa Public Schools policy 2619 and 2619R for additional details.

The exceptions, at the discretion of the principal, is that the student may be prohibited from attending school and participation in extracurricular activities pending the appeal hearing, if in the judgment of the principal, the conduct for which the student was suspended reasonable indicates that continued attendance by the student would be dangerous to other students, staff or school property and/or interfere with the educational process at school.

According to state law, Site suspension appeals are limited to one or both of the following:

- Is the student guilty of a violation of the school rules and regulations?
- Is the term of the suspension reasonable and in compliance with the Behavior Response Plan?

NOTE: Requests for suspension appeals must be requested in writing within five (5) school days from the date of the suspension.

Instructions

1. Complete a letter requesting appeal of suspension. (Must be signed by parent/guardian)
2. Choose two (2) committee members to hear the suspension appeal. You may choose up to five (5) in order of preference, however, only two will sit on the committee at the hearing. The remaining members will be appointed by the principal.
3. Return the packet to the secretary in the main office at the school site so that the hearing can be scheduled on the next available date.
4. Please arrive early as the committee will only be held for 10 minutes. If a parent/guardian does not appear for the meeting, the committee will be released, and it will be the responsibility of the parent/guardian to reschedule the hearing.

Site Suspension Review Committee

Site Suspension Review Committees (SSRC) are created at each school through the following process:

- A list is made of professional staff who volunteer at the beginning of the school year to serve on the SSRC.
- Administrators must attend mandatory district training.
- Administrators must train their site-based volunteers at the beginning of the school year.
- Volunteers must attend district training at the beginning of the year.

If the out of school suspension is 10 days or less:

Within five (5) school days from the date of suspension, the student's parent/guardian may request, in writing, a hearing by the building SSRC. THE DECISION OF THE SSRC WILL BE FINAL AND NON-APPEALABLE.

If the out of school suspension is 11 days or more

Within five (5) school days from the date of suspension or 5 school days from the date of notification from the District Review Committee the student's parent/guardian may request, in writing, a hearing of the building SSRC as described above:

- [The SSRC will review the recommendation from the DRC, not the original suspension request.](#)
- If the student's parent/guardian is not satisfied by the SSRC's decision, a request for a further hearing by the superintendent or designee may be made in writing to the office of Student and Family Support Services within five (5) school days after the parent/guardian receives notice of the SSRC's decision
- The principal may also appeal the SSRC's decision to the superintendent or designee within five (5) school days after the SSRC's decision

- The superintendent or designee will schedule a hearing as soon as possible, notify the parent/guardian of the time and place of the hearing at least 24 hours prior to the hearing, and notify the parent/guardian that they and the student have a right to be present at the hearing.
- The superintendent or designee will review the facts, determine the guilt or innocence of the student, the reasonableness of the term of the suspension, and decide to sustain, rescind or modify the out of school suspension (including change of category by the superintendent designee only) or change the out of school suspension to an alternative school placement. The superintendent's designee will notify the student's parent/guardian of the decision in writing.
- If the parents or students are not satisfied with the decision of the superintendent or designee, the parent/student may further appeal to a hearing officer.

Superintendent Designee appeal process requirements

A written request from the student's parent/guardian must be made to the office Student and Family Support Services within five (5) school days after the parent/guardian has been notified of the superintendent's decision.

- If no written request for appeal is received by the Office of Student and Family Support Services within the five (5) days, the decision of the superintendent or designee is final.

Right of Further Appeal to a Hearing Officer

- In accordance with applicable provisions of Oklahoma law, district boards of education are authorized to appoint Hearing Officers to conduct certain hearings for out-of-school student suspensions and render final decisions. Accordingly, the Tulsa Public Schools Board of Education will utilize a Hearing Officer to hear cases of students suspended out-of-school for eleven days or longer.

NOTE: For special education students see: suspension for students with disability. Please complete the required paperwork and return it to the principal's secretary in the main office so that an appeal hearing date can be scheduled for your student.

NOTE: The superintendent reserves the right to review and/or modify any decision concerning disciplinary actions prior to an appeal to the hearing officer.

ATHLETIC/EXTRACURRICULAR ACTIVITY MISCONDUCT

Suspension from school

Any contestant who violates the Behavior Response Plan in connection with an inter school contest or activity will be disciplined according to existing policies, rules and regulations of the district. Suspension from school will be in addition to suspension from participation in athletics/extracurricular activities.

Disqualification; grievous misconduct

Athletes are advised and informed in writing that participation in athletics with Tulsa Public Schools is a privilege and not a right. All athlete's conduct is expected to bring both honor and respect to themselves and their teams and schools as well as to Tulsa Public Schools. Any behavior bringing dishonor to the student, the team, the school, or the district will not be tolerated. Grievous misconduct, as determined by the superintendent or designee, may therefore result in permanent disqualification from participation in any and all athletic activities for the remainder of a student's enrollment in Tulsa Public Schools. Grievous misconduct may include, but is not limited to, bullying, hazing, brutality in any form, physical attack upon an official, coach, other athlete or event attendee, violence of any nature and/or any criminal act.

Notice: Any student athlete whose privilege to participate in sports is revoked shall be provided with written notice of this circumstance simultaneously with notice to the student's parent/guardian by the principal of the school upon direction by the superintendent or designee. The appropriate district administrators, Director of Athletics and the Executive Director or the Oklahoma Secondary School Activities Association (OSSAA) shall be copies. See regulation 3316R.

ATTENDANCE (GENERAL)

Please take time to familiarize yourself with board policy 2204, Student Attendance, and discuss it with your family. If you have questions, please contact the school principal. PURPOSE: To specify the Board's intention regarding student attendance expectations and to clarify the impact absenteeism may have upon a student's potential for promotion or earning passing grades.

All absences must have a written or verbal explanation provided by the parent/guardian within 48 hours of the student's return to school.

An absence with proper documentation will be excused. An absence for which no acceptable explanation is received shall be deemed unexcused. An absence without documentation but with notification from the parent/guardian will be entered as explained. All absences contribute to cumulative attendance totals.

For the full board policy 2204 Student Attendance, go to www.tulsaschools.org/about/board-of-education/policysearch.

Oklahoma's Compulsory Education Law 70-10-105 requires the parent/guardian to notify the school regarding the reason for absence of a school age child. The law also requires the school to notify the parent/guardian of a child's absence.

Regardless of in-person, remote or virtual class instruction, students shall be in attendance a minimum of 90% of instructional time scheduled for a particular class/course in that school (or grade) and make satisfactory academic progress in order to be unconditionally recommended for a passing grade. All absences (excused and unexcused) shall be included in the calculation of the 90% attendance minimum except that excused absences for religious holidays shall not be counted for the purpose of determining a student's eligibility for promotion or credit. Students attending schools on a transfer are subject to transfer revocation if their absenteeism exceeds 10%.

Attendance problems requiring action include the following:

- The student is officially enrolled but fails to report to school, fails to attend every class (cuts class) or fails to remain on campus until dismissed.
- A student is habitually tardy without a valid excuse
- A student has been absent without a valid excuse for four (4) or more days or parts of days within a four-week period and the school has not been notified by the parent/guardian.
- Administrative procedures to be following regarding non-attendance include the following sequence:
 1. The school will notify the parent/guardian that they are in violation of state law
 2. The case will be turned over to an attendance officer
 3. The case will be filed with the district attorney for prosecution (may result in fines/court costs)

ATTENDANCE – INTERSCHOLASTIC ACTIVITIES

All students who participate in interscholastic activities must adhere to the attendance rules established by the Oklahoma Secondary Schools Activities Association as well as all rules and regulations of the district related to participation in such activities. See current OSSAA Administrators handbook details. The handbook is available at all middle, junior and high schools.

BANS (ADULT)

Oklahoma state law 21-1376 provides that any person who interferes with the peaceful conduct of activities at any institution of learning, including but not limited to, actions that interfere with classes, study, student or faculty safety, housing or parking areas or extracurricular activities may be directed to leave the institution and not return, without specific written permission, for a period of six (6) months. See school board policy 7313R.

BEHAVIOR ON SCHOOL BUSES

All students are under the supervision of the bus driver while on the bus. Upon request, a student must surrender the bus pass to the driver if applicable. Riding the bus is a privilege, not a right, and a student's privilege to ride may be removed or the student may be suspended out of school by the principal/designee under appropriate categories with the Behavior Response Plan. Refer to board regulation 7102R, "Transportation Services Student Conduct on School Buses".

BULLYING/CYBERBULLYING

Any student who is or has been subjected to bullying (which includes cyberbullying) by another student, or knows of any student who is, or has been subjected to bullying should report all such incidents to the principal, teachers or other staff members and the TIPS online reporting system.

All harassment, intimidation, bullying and threatening behavior complaints will be investigated. See the related board policies at

www.tulsaschools.org/about/board-of-education/policysearch.

- Board policy 2119 and 2119R: Student Bullying Prevention and Intervention
- Board policy 4901: Nondiscrimination (including harassment, retaliation, and intimidation)
- Board regulation 4901-R: Discrimination, harassment and retaliation and related complaint procedures

Tulsa Public Schools Policy 2119: Student Bullying Prevention and Intervention

Purpose - To address student bullying behavior effectively through a multifaceted approach that includes education and the promotion of a positive school atmosphere. The board expressly prohibits any form of bullying behavior by students at school as well as active or passive support for acts of bullying. In addition, the board prohibits bullying behavior by students outside of the regular school day if it causes a substantial and material disruption at school or an interference with the rights of students and personnel to be secure. This includes, but is not limited to, bullying through electronic communication whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns bullying at school. The superintendent or his/her designee will develop a regulation to support and provide specific procedures for implementation of this policy. This superintendent or designee will also ensure that each site principal implements administrative regulations in furtherance of this policy. Students who engage in bullying behavior shall be subject to school discipline, up to and including suspension out of school in accordance with the policies, rules and regulations of the district's Board of Education.

Student and Staff Education and Training

The district is committed to providing appropriate and relevant training annually to students and staff regarding preventing, identifying, responding to and reporting incidents of bullying. A full copy of this policy will be posted on the district's website and included in all district handbooks. Parents, guardians, community members and volunteers will be notified of the availability of this policy through the district's annual written notice of the availability of the district's anti-bullying policy.

Written notice of the policy will also be posted at various places in all district school sites. Students and staff will be periodically reminded throughout the year of the availability of this policy, the district's commitment to preventing bullying and help available for those affected by bullying. Anti-bullying programs will be incorporated into the district's other violence prevention efforts. All staff will receive annual training regarding prevention, identifying, reporting and managing bullying. The district's bullying coordinator and individuals designated as school site investigators will receive additional training regarding appropriate consequences and remedial action for bullies, helping targets of bullies and the district's strategy for counseling and referral for those affected by bullying.

Student will receive annual education regarding behavioral expectations, understanding bullying and its negative effects, disciplinary consequences for infractions, reporting methods and consequences for those who knowingly make false reports. Any person who knowingly makes false accusations against another person will be appropriately disciplined pursuant to district policy. Any accusation confirmed to be false will be removed from the falsely accused student's file. Parents and guardians may participate in a parent education component.

Student reporting

Students are encouraged to inform school personnel if they are the target of or a witness to bullying. To make a report, students should notify a teacher, counselor or principal. The employee will give the student an official report form and will help the student complete the form, if needed. Reports can also be made by any student, parent, or patron through the district's TIPS (Threat Assessment, Incident Management and Prevention Services) online reporting system found on the district's website or by telephone at 918-746-6868.

Students may make an anonymous report of bullying and such report will be investigated as thoroughly as possible. However, it is often difficult to fully investigate claims which are made anonymously, and disciplinary action cannot be taken against an alleged bully solely

on the basis of an anonymous report.

Staff Reporting

Staff members will encourage students to report bullying. All employees are required to report acts of bullying to the school principal or his/her designee on an official report form. Any staff member who witnesses, hears about or has reliable information that would lead a reasonable person to suspect that a student is a target of bullying is required to submit a report.

Bullying Investigators

Each school site will have a designated individual and an alternate to investigate bullying reports. These individuals will be identified in the site's student and staff handbooks, on the district website and in the bullying prevention education provided annually to students and staff. The district's anti-bullying program is coordinated at the district level by the Director of Student and Family Advocacy.

Investigating Bullying Reports

For any alleged incidents of bullying reported to school officials, the designated school official will investigate the alleged incident(s) and determine (i) whether the bullying occurred; (ii) the severity of the incident(s); and (iii) the potential for future violence. In conducting an investigation, the designated official shall interview relevant students and staff and review any documentation of the alleged incident(s). School officials may also work with outside professionals, such as local law enforcement, as deemed appropriate by the investigating official. In the event the investigator believes a criminal act may have been committed or there is a likelihood of violence, the investigator will immediately call local law enforcement and the superintendent or his/her designee. At the conclusion of the investigation, the designated employee will document the steps taken to review the matter, the conclusions reached and any additional action taken, if applicable. Further, the investigator will notify the district's bullying coordinators that an investigation has occurred and the results of the investigation.

Upon completion of an investigation, the school may recommend that available community mental health care or substance abuse options be provided to a student, if appropriate. The school may provide a student with information about the types of support services available to the student bully, target, and any other students affected by the prohibited behavior. These resources will be provided to any individual who requests such assistance or will be provided if a school official believes the resource might be of assistance to the student/family. No school employee is expected to evaluate the appropriateness of the quality of the resource provided, nor is any employee required to provide an exhaustive list of resources available. All school employees will act in good faith.

The school may request a disclosure of information concerning student who have received substance abuse or mental health care (pursuant to the previous paragraph) if that information indicates an explicit threat to the safety of student or school personnel, provided the disclosure of the information does not violate the requirements and provisions of the Family Education Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996, OKLA STAT tit 12§1376 of the Oklahoma Statutes or any other state or federal laws regarding the disclosure of confidential information. The school may request the disclosure of information when it is believed that the student may have posed a danger to him/herself and having such information will allow school officials to determine if it is safe for the student to return to the regular classroom or if alternative education arrangements are needed.

Parental Notification

The assigned investigator will notify the parents of a target within two (2) school days that a bullying report has been received. Within two (2) school days of the conclusion of the investigation, the investigator will provide the parent of a target with the results of the investigation and any community resources deemed appropriate to the situation. If the report of bullying is substantiated, within two (2) school days of the conclusion of the investigation, the investigator will contact the parents of the bully to discuss disciplinary action and any community resources deemed appropriate to the situation.

Parental Responsibilities

All parents/guardians will be informed in writing of the district's program to stop bullying and will be given a copy of this policy upon request. An administrative response to a reported act of bullying may involve certain actions to be taken by parents. Parents will be informed of the program and the means for students to report bullying acts toward them or other students.

They will also be told that to help present bullying at school they should encourage their children to:

- Report bullying when it occurs
- Take advantage of opportunity to talk to their children about bullying
- Inform the school immediately if they think their child is being bullied or is bullying other students
- Watch for symptoms that their child may be a target of bullying and report those symptoms
- Cooperate fully with school personnel in identifying and resolving incidents

Monitoring And Compliance

In order to assist the State Department of Education with compliance efforts pursuant to the School Safety and Bullying Prevention Act 70 OKLA STAT §24-100.2 et.seq., the district will identify a bullying coordinator who will serve as the district contact responsible for providing information to the State Board of Education. The bullying coordinator shall maintain updated contact information on file with the State Department of Education and the school district will notify the State Department of Education within fifteen (15) days of the appointment of a new bullying coordinator. A copy of this policy will be submitted to the State Department of Education by December 10th of each school year as part of the district's annual performance report.

The administration recognizes that there are many motivations behind the act of bullying, one of which may be for a discriminatory purpose. If the bullying behavior constitutes discriminatory harassment, intimidation or bullying, it is targeted toward an individual because of race, color, religion, sex, sexual orientation, age, national origin, marital status, veteran status, disability or genetic information, the misconduct is prohibited pursuant to District Policy 4901 regarding non-discrimination and is subject to the procedure and protections specified in 4901 in addition to policy 2119. Retaliation is expressly prohibited against any person who participates in reporting, investigating, or addressing any incident of bullying behavior. BUS PRIVILEGE REVOCATION APPEAL

A principal's decision to limit or revoke bus riding privileges is final and may not be appealed.

CHILD ABUSE REPORT

(See TPS Board Policy 2110 AND 2110-R at www.tulsaschools.org/about/board-of-education/policysearch)

The purpose for TPS' board policy on child abuse is to comply with Oklahoma law requiring school personnel to report suspected cases of child abuse or neglect.

Oklahoma law requires every person, including, but not limited to, teachers, nurses and all other school personnel having reason to believe that a child under the age of eighteen (18) years is a victim of abuse or neglect to immediately report to the Department of Human Services. Reports may be made in writing, personally or any other method prescribed by the department. School nurses, health assistants or any other health care professional examining, attending or treating the victim of what appears to be criminally injurious conduct, including, but not limited to, child physical or sexual abuse as defined by the Oklahoma Crime Victims Compensation Act, must report orally or by telephone the matter promptly to the nearest law enforcement agency in the county where in the criminally injurious conduct occurred, or if the location where the conduct occurred is unknown, the report shall be made to the law enforcement agency nearest to the location where the injury is treated. Failure to report such information promptly, making false reports, or reporting with lack of factual foundation, shall be a misdemeanor.

The law also grants immunity from any civil or criminal liability to a person who in good faith makes such a report. It is not the responsibility of school personnel to prove the child has been abused or neglected. Evidence of child abuse may consist of physical marks on the body, sexual abuse, exploitation, or neglect.

The following state definitions give guidance on what constitutes child abuse or neglect:

Abuse – harm or threatened harm to child's health, safety or welfare by a person responsible for the child's health, safety or welfare including sexual abuse and sexual exploitation. Harm or threatened harm to a child's health or safety includes, but is not limited to:

- Non-accidental physical or mental injury
- Sexual abuse
- Sexual exploitation
- Neglect
- Failure or omission to provide protection from harm or threatened harm or abandonment

Neglect – failure or omission to provide:

- Adequate food, clothing, shelter, medical care and supervision
- Special care made necessary by the physical or mental condition of the child
- Abandonment

Sexual abuse - includes, but is not limited to, rape, incest and law or indecent acts or proposals made to a child, as defined by law, by a person responsible for the child's health, safety, or welfare.

Sexual exploitation includes, but is not limited to, allowing, permitting, or encouraging a child to engage in prostitution, as defined by law, by a person responsible for the child's health, safety or welfare or allowing, permitting, encouraging or engaging in the lewd, obscene or pornographic photographing, filming or depicting of a child or those acts as defined by the state law, by a person responsible for the child's health, safety or welfare. The reporting obligations are individual and no employer, supervisor or administrator shall impede or inhibit the reporting obligations of any employee or other person. No employer, supervisor or administrator of any employee or other person required to provide information can discharge this responsibility, discriminate or retaliate against, the employee or other person who in good faith provides such child abuse reports or information, testifies or is about to testify in any proceeding involving child abuse or neglect, provided that the person did not perpetrate or inflict such abuse or neglect. Any employer, supervisor or administrator who discharges, discriminates or retaliates against the employee or other person shall be liable for damages, costs and attorney fees. Every employee who reports child abuse/neglect to DHS shall immediately thereafter advise the principal, the principal's supervisor or the Director of Health Services.

Appropriately identified investigators of the Department of Human Services or the District Attorney's office will be permitted access to a student involved in suspected child abuse or neglect.

To facilitate the reporting process, upon receiving notification by the district employee who made the original report to DHS of any suspected case of child abuse or neglect, regardless of the identity of the alleged abuser, the principal will immediately call the nurse to assess the child. If the nurse is not on site, the nurse should be paged. If the evidence appears to confirm the suspicion, the principal or designee will immediately phone the child abuse office of the Oklahoma Department of Human Services and also the dispatcher at the Tulsa Police Department. The principal or designee will complete the district's child abuse report, giving all pertinent details regarding the case. The report will be signed by the principal, the nurse and any other employee involved. If the employee making the initial report to DHS does not have a principal or principal's designee to whom to report, the employee will make the report to the employee's immediate supervisor. The employee's immediate supervisor will promptly forward the report to the child's principal or designee.

The principal or designee will arrange the interview in a manner that minimizes embarrassment to the child. The principal will not contact the parent/guardian or other person responsible for the child's health or welfare before the interview. District employees will not be present during the interview, except that a campus police officer (and, if appropriate and authorized by law enforcement, an administrative investigator) may be present as an observer or participant in the interview if requested or otherwise allowed by a representative of the Tulsa Police Department.

The principal will retain the original completed district child abuse report form and send the remaining copies to TPS Health Services for distribution to the Child Abuse Registry of the Oklahoma Department of Human Services. Upon request, TPS Health Services will also

send a copy of the child abuse report form to the Tulsa Police Department's child crisis unit for ages 0-10 and the exploitation unit for ages 11-15. The TPS director of Health Services at the Education Service Center will maintain a copy of each completed child abuse report form.

District personnel will maintain the district child abuse form and any summaries of confirmed reports of sexual abuse or severe physical abuse received from the Department of Human Services in a confidential manner. Any violation of the confidentiality requirement can be punished by law. Any summaries of confirmed reports of sexual abuse or severe physical abuse received by district personnel shall be destroyed when the student involved reaches the age of 18. School employees are required to report child abuse concerns to the Department of Human Services while in a virtual or remote learning setting.

CHILD FIND NOTICE

This notice informs parents that Tulsa Public Schools is maintaining an ongoing Child Find search to locate, identify and evaluate any child age 3-21 with an established or suspected disability. Child Find efforts include all individuals aged 3-21 not enrolled in school and those who attend public and private schools, Head Start, state institutions, and other childcare or treatment facilities. Children not of school age must reside within Tulsa Public Schools' boundaries to be included in the Child Find efforts.

Tulsa Public Schools has established and maintains a comprehensive screening and multidisciplinary referral, evaluation, and eligibility process for identifying children with suspected disabilities. Child Find activities mandate public awareness of contact, location, and screening procedures. Information regarding evaluation procedures is available at no cost to parents/guardians upon request by contacting Tulsa Public Schools Special Education Department by email at exceptionalstudents@tulsaschools.org or by calling 918-746-7575.

As mandated by the [Oklahoma State Department of Education](https://sde.ok.gov/special-education) (<https://sde.ok.gov/special-education>), Tulsa Public Schools is required to fully inform parents that personally identifiable information is maintained on all children who are referred and evaluated under the provisions of Child Find.

The information sought may include but is not limited to: Parent concerns, developmental, adaptive behavior, social-cultural, health/medical, vision, hearing, motor, perceptual/processing, behavior, psychological, vocational, and information gained through observations in the classroom or other environments.

Tulsa Public Schools must inform parents/guardians of their rights under the [Federal Education Rights and Privacy Act](#) (FERPA).

CHROMEBOOK USAGE & REPAIRS

The policies, procedures, and information contained in this document apply to Chromebooks and all other technology devices used by users within Tulsa Public Schools. Administrators and teachers may enact additional requirements for computer use on their campus or in their classroom. Chromebooks and other district issued devices, email/Google accounts are the property of the Tulsa Public School District, as a result, may be subject to inspection at any time. The user has no explicit or implicit expectation of privacy of materials found on a Chromebook, their Google account, or school network account. Supplied devices are an educational tool and are not intended for gaming, social networking, or high-end computing.

General Information/Getting Started

Installed Software – Google Workspace for Education/Google Apps for Education (GAFE)

- All Chromebooks are supplied with the latest version of the Google Chrome Operating System (Chrome OS), and many other applications useful in an educational environment. The Chrome OS will automatically install updates when the computer is restarted. Google provides multiple layers of protection against viruses, malware, and ransomware, including data encryption and verified/secure boot.
- Chromebooks seamlessly integrate with the Google Workspace productivity and collaboration tools. This workspace includes Google Docs (word processing), Spreadsheets, Presentations, Drawings, Sites, and Forms. The District will provide GAFE accounts for all teachers, support and administrative staff, and students. Grade level apps are installed remotely onto Chromebooks and managed by Tulsa Public Schools Information Technology (IT) Department.
- Students will create and save their school-related files on Google Drive, which is stored in the cloud. Students can access their Google drive not only from their Chromebook, but from any web-enabled device. Students will understand their GAFE account is monitored and should only contain school appropriate items.
- Secondary students are assigned a district email as part of GAFE. Students will be able to communicate with other students and staff

within Tulsa Public Schools using the district issued email address. All email is monitored and subject to filtering for inappropriate content. Students are expected to adhere to the rules and regulations as outlined in the signed Tulsa Public Schools Internet and Other Computer Networks Acceptable Use and Internet Safety Policy ("AUP") and BRP.

Additional Apps and Extensions

- Chrome Web Apps are advanced websites that are similar to other types of programs that are installed on a computer. The main difference from other types of programs is that apps can be used within the web browser rather than being installed on the device. Some Web Apps (for example, Google Docs) are available for use when the Chromebook is not connected to the internet.
- Extensions and Add-Ons are custom features that you can add to Google Chrome to enhance the functionality of apps. The district will install additional apps, extensions, and add-ons as they are recommended and approved by teachers and administrators for a particular course.

Chromebook Care: Protecting & Storing Your Chromebook

General Care and Precautions

- Chromebook batteries must be fully charged before the start of each school day.
- Vents are not to be obscured.
- Cords, cables, and removable devices must be carefully inserted into the Chromebook.
- Chromebooks should be kept away from food and drinks.
- Do not bump the Chromebook into or against lockers, walls, floors, etc.
- Chromebooks must never be left in an unsupervised area. Unsupervised areas include, but are not limited to school grounds, cafeteria, bathrooms, computer labs, library, unlocked classrooms, and hallways. If a Chromebook is found in an unsupervised area, it should immediately be returned to the school office.

Chromebook Screen Care

The Chromebook screen is particularly sensitive and can be easily damaged if subjected to rough treatment and/or excessive pressure. Protect the Chromebook screen by following these rules.

- Do not lift Chromebooks by the screen. When moving a Chromebook, support it from the bottom with the lid closed.
- Clean the screen only with a soft, dry anti-static or micro-fiber cloth. Do not use any type of liquid to clean the screen.
- Do not leave or place anything on top of the Chromebook. This includes placing the Chromebook under items in lockers.
- Do not place anything on the keyboard before closing the lid (e.g., pens, pencils, notebooks, hands).
- Do not place anything near the Chromebook that could put pressure on the screen.
- Do not place anything in the carrying case that will press against the cover.
- Do not poke the screen.

For screen adjustments, do not grasp the screen by wrapping your hand around the screen; your thumbs can crack the screen.

Carrying Chromebooks

- Students may carry Chromebooks in carrying cases designed for the protection and use of Chromebooks. Backpacks, bags, purses, notebooks, etc. not specifically designed for protection and use with Chromebooks are not allowed.
- Never carry the Chromebook while the screen is open.
- Do not transport a Chromebook with the power cord attached.
- Chromebook sleeves are recommended but not mandatory.

Storing Your Chromebook

- Chromebooks should never be shoved into a locker, placed on the bottom of a pile, or wedged into a book bag as this may damage the screen.
- Elementary School sites:
 - Chromebooks should be returned to the appropriate cart during assigned times and at the end of the school day.
 - Students who leave school early are to return their Chromebook before leaving the building.
 - Students are responsible for carefully putting their Chromebook into their assigned position in the appropriate cart and properly inserting the power adapter to allow for overnight charging.
- Secondary School sites:

- Chromebooks should be stored temporarily (when instructed to not bring one by teacher) in a locked locker assigned to students using care not to damage the machine.
- Students are to not leave Chromebooks in unsecured locations around campus for ease of access.
- Students are to not leave Chromebooks in vehicles due to extreme temperature variations, which can cause permanent damage to the machine.

Using Your Chromebook

Student Responsibilities and Legal Propriety

Chromebooks for elementary school sites should be stored in carts in the teacher's classroom.

Students are responsible for the general care of the district-owned Chromebook. Chromebooks that are broken or fail to work properly must be immediately reported to a classroom teacher or the school office as soon as possible. If a spare Chromebook is necessary, one may be issued to the student until their Chromebook can be repaired (subject to availability). Students may be selected at random by teachers or administrators to provide their Chromebook for inspection for damage or misuse.

Secondary students:

- Bring your Chromebook to school fully charged each day.
- Bring your Chromebook to all classes unless specifically instructed not to do so by your teachers.
- Follow each teacher's rules and expectations regarding Chromebook use in the classroom.
- Do not loan your Chromebook to anyone or leave it unattended.
- Do not modify District settings; remove any District identification tags or barcodes from any District issued devices.
- Follow all internet safety guidelines in accordance with the AUP, Responsible Use Agreement, and any other school or district policy.
- Keep all personal information and identity secure and private. Never reveal your full name, phone number, home address, Social Security Number, credit card or bank account numbers, or usernames and passwords of yourself or others.
- Obey general school rules concerning behavior and communication that apply to technology use. Do not send anonymous or misleading communications for any purpose.
- Comply with trademark and copyright laws and all license agreements. Ignorance of the law is not immunity. If you are unsure, ask a teacher, parent, or other school official.
- Plagiarism is a violation of the student policy. Give credit to all sources used, whether quoted or summarized. This includes all forms of media on the internet such as graphics, movies, and text.
- Use the District's network, services, devices, or equipment in a manner that is not disruptive to others, such as disseminating inappropriate content, spam/viruses, transferring large amounts of data across the network, or attempting to hack into other networks or online systems. Do not attempt to bypass District network security measures, attempt to gain access, or use/change another person's accounts, files, or data.
- Use or possession of hacking software is strictly prohibited, and violators will be subject to disciplinary action. Violation of any applicable local, state, or federal law will result in criminal prosecution or disciplinary action by the District.
- Students must not use the school's internet/email accounts for financial or commercial gain, or for any illegal activity including bullying, harassment, credit card fraud, electronic forgery, or other forms of illegal behavior.

Take Home Program Responsibilities

- Students attending a TPS secondary (6TH – 12TH grade) school site are participants in the District's Chromebook 1:1 Take home Initiative. These students are to take home their Chromebook daily and return the following day with their device fully charged.
 - If a student forgets their Chromebook at home the student will have an opportunity to use a "loaner Chromebook" if one is available.
 - Loaner Chromebooks may not be taken home, unless site administrators authorize the device to be taken home.
 - Repeat violations of this policy may result in parental contact and possible alternate assignments when Chromebook usage is required.
- Use of Chromebooks at home is highly encouraged; all internet use will continue to be filtered even when Chromebook is not at school.

- Students are expected to care for their Chromebook at home as they are in school.
- Students are to under no circumstances print to school printers while away from school.

Managing Your Files and Saving Your Work

- Students will be logged into the TPS GAFE domain and will save documents to Google Drive via the Chromebook or any device that has internet access.
- Any documents, images, or other files, which are critically important, should be backed up in another location in the event of irreversible data loss on the GAFE account.
 - Tulsa Public Schools and Google are not responsible for any type of data loss for any reason including, but not limited to Ransomware attacks, accidental or intentional file deletion by users, or loss due to device destruction.
- Storage space will be available on the Chromebook, but since the device has storage limitations it is vital the storage space be used for educational use only.
- Chromebooks are not and will not be backed up by the District. It is the student's responsibility to ensure their work is backed up and therefore not lost due to mechanical failure, accidental deletion, or deletion by District staff for purposes of reimaging or resetting the device.

If technical difficulties occur and cannot be repaired, the Chromebook may need to be restored to factory defaults. All student created files stored on an external media or Google Drive will remain intact after the Chrome OS is restored. However, *all other data stored on local internal memory of the Chromebook will not be restored or recovered*. Chromebook malfunctions are not an acceptable excuse for failure to submit assignments.

Photos, Screensavers, and Backgrounds

- Inappropriate media may not be used as a screensaver or background.
- Presence of guns, weapons, pornographic materials, inappropriate language, alcohol, drugs, and gang related symbols or pictures will result in disciplinary actions.
- Photos and videos require a large amount of storage space on the device. Only photos that will be used for educational purposes should be saved to the device. All other photos or videos should not be taken or stored.

Sound, Music, Games, and Programs

- Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.
- Students should have their own personal set of headphones or earbuds, which may be used in the classroom at the discretion of teachers.
- Data storage on the Chromebooks is limited and should be managed by the students so that the full educational potential of the Chromebook is available. Any instance of downloading apps that are not approved by the District is carefully monitored. Students may be directed by school personnel to remove apps, music, or videos if the storage of instructional materials becomes compromised.

Network Security

- Tulsa Public Schools will be responsible for providing network access and content filtering at school.
- Tulsa Public Schools makes no guarantee their network will be available 100% of the time. In the rare instances the network is unavailable; Tulsa Public Schools will not be responsible for any lost or missing data.
- The District utilizes a cloud based internet content filter that is hard coded into the Chromebook configuration. Additionally, it is required for the school and district's participation in the E-Rate program and is federally mandated by the Children's Internet Protection Act (CIPA). All Chromebooks will have all internet activity logged, filtered, and monitored by the District. If any educationally valuable site is blocked, students should contact their teachers to request the site be unblocked.

Privacy

- All files stored on a Tulsa Public Schools GAFE account or the TPS network are property of the District and are subject to regular review and monitoring for responsible use. Internet history and email checks may occur at the discretion of District Administration. *Users have no expectation of confidentiality or privacy, neither implicit nor explicit, with respect to the usage of a District issued Chromebook or computer, regardless of whether that use be for district related or personal purposes, other than explicitly specified by law.*

Important Reminder:

All students should recognize and guard their personal and private information. While on the internet, students shall not reveal personal information, including a home address or phone number, or the address or phone numbers of other students. (Internet & Other Computer Network Acceptable Use & Internet Safety Policy)

Damage, Repairs, And Fees

Chromebook Repairs

- Any Chromebook that is damaged or fails to work properly must be taken immediately to a classroom teacher or the school office. This includes, but is not limited to Chrome OS, battery issues, loss of internet connectivity, failure of apps to launch, etc.
- If deemed necessary, a replacement will be issued if one is available.
- The technology department will document the issue and collect the device for repair.
- If a repair is required as a result of abuse or neglect, there may be a required fee for any necessary repairs, not to exceed the cost of the Chromebook per incident. The school may also refuse to provide a loaner or reissue a Chromebook in certain circumstances.

Fees/Fines

- Any hardware/software repairs not due to misuse or intentional damage will be covered by the original manufacturer warranty.
- Fines may be imposed as the circumstances may warrant at the discretion of the District.
- Incidents of accidental or intentional damage will result in a fine to the student after the 2nd reported incident.
- Chromebook inspections will be performed randomly during the school year in various forms as deemed necessary by the Technology Department.
- The repair cost for malicious and willful damage are as follows:
 - Water damage - \$125.00
 - Keyboard damage - \$55
 - Cracked housing - \$100
 - Cracked screen - \$125
 - Lost power supply \$34
 - Full system replacement - \$400

Appendix A: Actions Requiring Disciplinary Actions

As mentioned throughout this document, misuse of Chromebooks has a fine access after the 2nd disciplinary action, such as, but not limited to, lunch detentions, after school detentions, In-School Suspensions, and Out-of-School Suspensions in addition to monetary fines and possible loss or suspension of Chromebook privileges.

Examples of conduct warranting disciplinary action include, but are not limited to the following:

- Leaving Chromebook unattended or an unsupervised area
- Inadequate care for Chromebook, case, charger, and other peripherals
- Multiple damage instances caused by abuse or neglect of Chromebooks and peripherals
- Resetting Chromebook to factory defaults
- Placing the Chromebook in developer mode
- Removal of District Asset Tags
- Downloading inappropriate apps and media
- Adjusting settings on someone else's Chromebook
- Deleting school-installed settings from a Chromebook
- Adding a credit card to a Google Account (Google Wallet) to purchase music/unapproved apps
- Failure to properly plug in Chromebook for charging; lack of preparation for classes
- Bringing Chromebook to Physical Education (P.E.) class, unless directed to by P.E. teacher
- Loaning of student device to other students
- Logging in under personal Google account to download purchased apps for yourself or another student(s)
- Attempting to bypass TPS Network Security, including, but not limited to web and content filtering
- Attempting to gain access to other student's accounts

- Illegal installation or transmission of copyrighted materials
- Transmission or accessing materials that are obscene, offensive, threatening or otherwise intended to harass or demean recipients
- Non-compliance to Tulsa Public School's Authorized or Responsible Use policies and/or any other applicable Tulsa Public Schools or school policy.

Failure to comply with the guidelines listed in this handbook, or repeated occurrences of Chromebook damages caused by neglect or abuse, may result in the further disciplinary action, fees, and the loss of use privileges.

INTERNET/COMPUTER NETWORKS ACCEPTABLE USE AND INTERNET SAFETY POLICY

In order for TPS to ensure students and staff may continue to use its computer network and the internet, all users must take responsibility for appropriate and lawful use. While the school staff will make reasonable efforts to supervise student use of network and internet access, students must cooperate in exercising and promoting responsible use of district computers.

What is digital citizenship?

Digital citizenship is the responsible use of technology by anyone who uses computers, the internet, and digital devices. For additional information regarding digital citizenship and resources for families, please visit the following websites - [Learning.com Online Safety](#) and [AES-What is digital citizenship?](#)

Personal responsibility

Each student agrees to follow the rules in this policy and to report any misuse of the network to the person designated by the school for such reporting. Misuse means any violations of this policy or any other use that is not authorized under this policy and has the effect of harming another or his or her property.

Acceptable uses of network: educational purposes only

The district is providing access to its computer network and may consult with the person(s) designated by the school to help decide if a use is appropriate.

School use must support education and research and must be consistent with educational objectives. Use of other organizations' network or computing resources must comply with the rules appropriate for that network. Transmission of any material in violation of any U.S. or state regulation is prohibited. This includes, but is not limited to, copyrighted material, threatening or obscene material or material protected by trade secret. Use in political lobbying is also prohibited.

Unacceptable uses of network

The uses considered unacceptable, and which constitute a violation of this policy, include:

1. **Uses that violate the law or encourage others to violate the law.** Do not transmit offensive or harassing messages; offer for sale or use of any substance, the possession or use of which is prohibited by the school district's student discipline policy; view, transmit or download pornographic materials or material that encourage others to violate the law; intrude into the networks or computers of others; and download or transmit confidential, trade secret information or copyrights materials. Even if materials on the networks are not marked with a copyright symbol, the user should assume that all materials are protected unless there is explicit permission on materials to use them.
2. **Uses that cause harm to others or damage to their property.** For example, do not engage in defamation (harming another's reputation by lies); employ another's password or some other user identifier that misleads message recipients into believing that someone other than the user is communicating or otherwise using his/her access to the network or the internet.
3. **Uses that jeopardize the security of students and staff access of the computer network or other networks on the internet.**
4. **Uses that are commercial transactions.** Students may not sell or buy anything over the internet. Students should not give other private information about the user or others, including credit card numbers and social security numbers.

Etiquette

An internet user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

1. Be polite. Messages should not be abusive to others. Use appropriate language. No swearing, vulgarities, suggestive, obscene, belligerent or threatening language.
2. Avoid language and uses that may be offensive to other users. Do not access to make, distribute or redistribute jokes, stories, or other material based upon slurs or stereotypes relating to race, gender, ethnicity, nationality, religion, disability or sexual orientation.
3. Do not assume that a sender of emails is giving his/her permission for the user to forward or redistribute the message to third parties or to give his/her email address to third parties. This should be done only with permission or when the user knows that the individual would have no objection.
4. Be considerate when sending attachments with email (where permitted). Be sure the file is not too large to be accommodated by the recipient's system and is in a format the recipient can open.
5. Do not reveal personal addresses or phone numbers of students or colleagues.
6. Note that electronic mail (email) is not private. People who operate the system have access to all mail. Messages related to or in support of illegal activities may be reported to the authorities.
7. Do not use the network in such a way to disrupt the use of the network by other users.
8. All communications and information accessible via the network should be assumed to be private property.

Security

Security on any computer system is a high priority, especially when the system involves many users. If you feel you have identified a security problem on the network, you must notify a teacher. Do not demonstrate any problems to other users. Do not use another individual's account. Attempts to log in to the internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the internet.

COMPUTER RESOURCES

All students must adhere to district policies and regulations dealing with use and misuse of computer resources. See board policies [6201 "Computing Resources"](#); [6501 "Internet Protections"](#); and [Regulation 6201-R "Computing Resources"](#) or at www.tulsaschools.org/about/board-of-education/policysearch.

CLUBS (NON-CURRICULAR)

A non-curricular student club is any club not related directly to a subject taught or soon to be taught at the school. Student religious clubs are permitted to meet, to have equal access to campus media to announce their meetings and to have equal access to campus facilities and meeting times equivalent to the permission granted by the school to any other non-curricular student clubs.

COLLECTION OF FUNDS

No person may solicit contributions or collect funds for any purpose from students or school personnel on school property, at school sponsored events or on school transportation unless in receipt of written permission of the school principal, the superintendent or respective designee(s).

CONCERNS/COMPLAINTS

Individuals or groups may register a complaint or share a concern regarding the district's policies, procedures or operations (see board policy 1302 and 1302-R at www.tulsaschools.org/about/board-of-education/policysearch) by following the procedures listed below:

- If the issue is not satisfactorily resolved and it involves a student, contact the appropriate grade level counselor and share (in writing) the complaint and/or concern.
- If the issue involves an employee, contact an immediate supervisor and share (in writing) the complaint or concern
- If the issue is unresolved or not addressed satisfactorily, contact the principal or the administrator responsible for the program/service involved and share (in writing) the complaint or concern
- If the issue remains unresolved, contact the superintendent or designee and share (in writing) the complaint or concern.

Issues not resolved within the chain of command for the district may be referred, in writing, to the members of the board of education. The board will, at its discretion, determine the disposition of all complaints and/or investigate concerns consistent with its policies and procedures.

DEMONSTRATIONS/MEETINGS

Any student who wishes to promote, organize or participate in a demonstration or meeting on school premises other than those sponsored by the school must obtain prior written approval from the principal at least five (5) school days prior to the requested activity. The five-day period does not include the day of the request or the day of the activity. Before considering the approval of the request, the principal will determine if the activity will be orderly and peaceful and will not interfere with the rights of others or disrupt the education process.

DIRECTORY INFORMATION

Tulsa Public Schools directory information may include student names, class designation, school of enrollment, addresses and phone numbers. It is the practice of the district to provide student names and addresses to institutions of postsecondary education who desire to notify students of educational and scholarship opportunities and the armed services for recruitment purposes. Additionally, the district allows schools to publish directories which include student names, addresses and telephone numbers. Directory information may also be provided to other entities pursuant to a request under the Oklahoma Open Records Act, except that parents must notify the District in

writing if they wish for directory information to be shared with another school district, charter school, private school or any third party who is working on behalf of such an organization or otherwise providing directory information to such an organization.

The district may release this information unless parents or eligible students object to the use of the student information in this manner. After the parents or eligible students have been notified, they will have two weeks to advise the district in writing if they do not wish the district to provide directory information as described above, or if they wish for directory information to be shared with another school district, charter school, private school or third party working on behalf of such an organization or otherwise providing directory information to such an organization. At the end of the two-week period, each student's records will be appropriately marked by the records custodian. This designation will remain in effect until it is modified by the written direction of the student's parent or the eligible student.

Written requests should be submitted to the office of accountability at the Education Service Center, 3027 S. New Haven Ave., Tulsa, OK 74114.

This provision constitutes notice of rights to parents and students with regard to the release of directory information as required under state and federal law.

DISCRIMINATION COMPLAINTS (INCLUDING HARASSMENT, RETALIATION AND INTIMIDATION)

See the related board policies:

- [Board Policy 4901: Non-discrimination](#) or at www.tulsaschools.org/about/board-of-education/policysearch
- [Board Regulation 4901-R: Harassment and Retaliation and Related Complaint Procedures](#) or at www.tulsaschools.org/about/board-of-education/policysearch

DISRUPTIVE ACTS AT THE END OF SCHOOL TERM

Any student who engages in disruptive behavior on or near the last day of school with the obvious intent of avoiding disciplinary action may be suspended for the remainder, if any, of the current school year and into the first semester of the following school year.

DRESS CODE FOR STUDENTS

Board of Education Policy 2601 "Student Dress Code" and Regulation 2601-R "Student Dress Code" specify student dress and grooming requirements. A student's individualism in dress or grooming is encouraged within the constraints of reasonable rules and appropriate standards. The board expects each student's attire and grooming to promote a positive, safe and healthy environment within the school.

The board has determined that reasonable regulation of school attire and personal adornment is within its authority and consistent with its responsibility to provide an appropriate environment for learning.

While the board recognizes individual students have the right to free expression, that right must be balanced with the board's responsibility to provide a safe, secure, and orderly educational environment for all students. The board wishes for each student to accept responsibility for following the rules in Regulation 2601-R "Student Dress Code" and solicits the support of parents/guardians in the enforcement of this dress code. The superintendent or designee will develop and publish the rules in accordance with this policy. The responsibility of upholding and enforcing this code rests with students, parents/guardians, teachers, and principals.

Where there is a judgment to be made, the principal will make the decision in accordance with the site policy within the policy approved by the board. For the full [Board Policy 2601, "Student Dress Code"](#), go to www.tulsaschools.org/about/board-of-education/policysearch.

All students in TPS will follow the specific uniform policy for their site. Uniforms will conform to TPS dress code requirements. Variations in grade level or school colors are decided at each site. Principals must approve uniforms for student organizations worn at school.

EXTRACURRICULAR ACTIVITIES

Extracurricular activities include, but are not limited to, all school sponsored teams, clubs, organizations, ceremonies, student government, band, athletics and all other school sponsored activities and organizations.

FAILING A COURSE

A parent/guardian may request reconsideration of a failing grade by contacting the principal. (See Board Policy 2406)

FERPA (NOTIFICATION OF RIGHTS UNDER FERPA AND PPRA)

The Family Educational Rights & Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. This includes:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parents of eligible students of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate, misleading or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend a record should write to the principal (or appropriate school official), clearly identify the part of the record they want changed and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorized disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instruction of support staff member (including health or medical staff and law enforcement unit personnel), a person serving on the board of education, a person or company with whom the school has contracted as its agent to provide a service instead of using its own employees or officials (such as an attorney, auditor, medical consultant, or therapist), or a parent or student serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks.
 - a. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.
4. Additional rights under the Protection of Pupil Rights Amendment (PPRA) afford parents certain rights regarding the administration of surveys, collection and use of information for marketing purposes and certain physical exams. These include the right to:
 - a. Consent before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education:
 - Political affiliations or beliefs of the student or student's parent
 - Mental or psychological problems of the student or student's family
 - Sexual behavior or attitudes
 - Illegal, anti-social, self-incriminating, or demeaning behavior
 - Critical appraisals of others with whom respondents have close family relationships
 - Legally recognized privileged relationships such as with lawyers, doctors or ministers
 - Religious practices, affiliations, beliefs of the student or parents, or
 - Income, other than as required by law to determine program eligibility
 - b. Receive notice and an opportunity to opt a student out of:
 - Any other protected information survey, regardless of funding
 - Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by

the school or its agent and not necessary to protect the immediate health and safety of a student, except for hearing, visions or scoliosis screening, or any physical exam or screening permitted or required under state law

- Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.
- c. Inspect, upon request and before administration or use
- Protected information surveys of students
 - Instruments used to collect personal information from students for any of the above marketing, sales or other distribution purposes, and
 - Instructional material used as a part of the educational curriculum
5. Parents and eligible students may obtain a copy of the district's student records policy from their building principal or the superintendent's office.
6. Parents have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA or PPRA. The name and address of the office that administers FERPA and PPRA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave. SW, Washington, DC 20202-5901.

GANG CULTURE

To maintain the safety of students and staff and to ensure the appropriate learning environment, Tulsa Public Schools will not tolerate behavior which is indicative of the criminal street gang culture. This includes, but is not limited to, gangster style clothing, gangster rap music and gang style language, graffiti or gestures. Tulsa Public Schools recognizes that this criminal street gang culture is dynamic and ever changing and has trained personnel to recognize behavioral indications (i.e. showing certain colors and certain manners of dress) of this culture. Students participating in such behavior will be counseled and BRP sanctions may be imposed.

Tulsa Public Schools realizes that many of these characteristics may be fashionable with students and the district is not accusing persons exhibiting these behaviors or having gang affiliations. However, these behaviors are known to endanger students and disrupt the learning environment and will not be tolerated.

HAZING AND INITIATIONS

Activities that endanger an individual's mental or physical health, which are required for initiation/entrance into any group are prohibited.

MEDICATIONS

Prescription and non-prescription medicines and drugs, over the counter medications and relevant medical equipment and/or supplies must be delivered to the school health clinic in person by the legal custodian (or the legal custodian's designated adult) of the student, unless the medication must be retained by the student for immediate administration.

The legal custodian must complete the form "Administration of Medication" authorizing the medication to be administered. If the legal custodian requests self-administration, the form "Contract for Exception to Self-Administer and Retain Medication on Person" must be completed. These forms are available at any school clinic. Additional information and requirements related to medication administration can be found in board policy 2105, Administering Medication to Students, and board regulation 2105-R, Administering Medications to Students.

MENINGOCOCCAL DISEASE

Oklahoma state law 70§1210.195 requires dissemination of the following information on meningococcal disease. Source: Communicable Disease Division – Oklahoma State Department of Health

What is meningococcal disease?

Meningococcal disease is caused by the bacteria *Neisseria meningitidis*, also called meningococcus. This bacterium can infect the blood and cause septicemia. It can also infect the covering of the brain and spinal cord, causing meningitis.

How is the disease spread?

Meningococcal disease spreads through direct contact with the saliva or with respiratory droplets from the nose and throat of an infected person.

Who is at risk of getting this disease?

Some groups of people have a higher risk of meningococcal disease such as first-year college students living in dormitories or new military recruits living in barracks. Other persons at increased risk include household contacts of a person known to have had the disease, immunocompromised people, people without a spleen, and people traveling to parts of the world where meningococcal disease is more common. Exposure to tobacco smoke and having a concurrent upper respiratory infection also increase the risk of meningococcal disease. Infants are at highest risk, but rates decrease after infancy and then increase in adolescence and young adulthood.

What are the symptoms?

Ten percent or more of people are thought to be carrying *Neisseria meningitidis* in their nose and throat without being ill, which is called “asymptomatic carriage”. Of these people, about 1% can develop illness, which may be meningitis or a blood stream infection called septicemia or meningococcemia. As described above, some people can carry the bacteria in their nose and throat without ever becoming ill. Signs of illness may include fever, severe headache, nausea, vomiting and a rash. People who develop meningitis can have fever, intense headache, nausea, vomiting, stiff neck and extreme sensitivity to light. It is important to seek care from a health care provider as soon as possible if these symptoms appear. Meningococcal disease has a 15% risk of death if it is not treated properly.

How soon do the symptoms appear?

Symptoms may appear two to ten days after infection, but usually within three to four days.

What is the treatment for meningococcal disease?

Antibiotics such as penicillin or a cephalosporin such as ceftriaxone are used to treat meningococcal disease.

Should people who have been around a person infected with meningococcal disease be treated?

When meningococcal disease occurs in one person, only people who have been in close contact with that person’s respiratory secretions are recommended to receive antibiotics. These include household members, intimate contacts, health care personnel performing mouth-to-mouth resuscitation, day care center playmates, etc. Such people are usually advised to obtain a prescription for a specific antibiotic (rifampin, ciprofloxacin, ceftriaxone or azithromycin) by their physician. The health department will contact the individuals who are recommended to receive antibiotics and advise them of the option to obtain antibiotics. Casual contacts including classmates, co-workers or those in a factory setting are not at increased risk of disease when a single person has meningococcal illness. When clusters or outbreaks occur, the health department may expand the recommendations for which groups need to receive antibiotics to prevent possible spread. Antibiotics do not protect people from future exposure to *Neisseria meningitidis*.

Is there a vaccine to prevent meningococcal disease?

Three types of meningococcal vaccines are available in the United States. They are effective against four of the five most common disease-causing types of meningococcal disease: A, C, Y and W-135. An additional vaccine is now available that protects against serogroup B but is currently only licensed for high-risk children over ten years of age. Consult with your health care provider or the local health department about receiving the vaccine.

MOTOR VEHICLES ON SCHOOL GROUNDS

Each school principal has the responsibility of establishing motor vehicle regulations according to the needs of the school. Students in violation may have their school parking privileges revoked and may be subject to suspension. A principal’s decision to limit or revoke parking privileges is final and may not be appealed.

NOTICE REGARDING H.B. 1775

As required by Oklahoma Administrative Code 210:10-1-23(g), parents and legal guardians are expressly notified of their rights under Okla. Stat. tit. 70 § 24-157 and Oklahoma Administrative Code 210:10-1-23, prohibiting “discrimination on the basis of race or sex in

the form of bias, stereotyping, scapegoating, classification, or the categorical assignment of traits, morals, values, or characteristics based solely on race or sex. Public schools in this state shall be prohibited from engaging in race or sex-based discriminatory acts by utilizing these methods, which result in treating individuals differently on the basis of race or sex or the creation of a hostile environment.” Any individual who alleges a violation of Okla. Stat. tit. 70 § 24-157 or Oklahoma Administrative Code 210:10-1-23 and wishes to file a complaint with the district must do so by contacting the Executive Director of Student and Family Services at HB1775complaints@tulsaschools.org, 918-746-6287.

ONLINE EXPECTATIONS FOR STUDENTS

We believe in building safe, equitable and engaging school communities in order for every student to have a positive learning experience that helps prepare them for success in higher education, career, and life. This document will provide guidance and the implementation of guidance around digital citizenship responsibilities and the implementation of guidance around student behavior and the discipline process in the virtual classroom. We recognize effective teaching and learning take place in a safe, secure, and welcoming environment whether it is virtual or face- to-face. Safe learning environments contribute to improved engagement and increase student achievement.

Parents, teachers, and students themselves play a role in good digital citizenship. As an online resource to students, families, and staff, the Student and Family Guide to Success includes information to help navigate the school year. The online handbook includes links to policies and procedures, resources for families and important information on the rights of TPS students, families, and staff to learn and work in safe and supportive environments.

The same expectations posted in the Student and Family Guide to Success will extend to our virtual learning community. The guidance here provides information intended to be a support in the virtual learning environment to include positive, proactive and restorative behavior strategies (see examples below).

Prevention First

Student discipline is accomplished by preventing misbehavior and using effective interventions if it occurs. Although our learning environments are virtual, the support from your allies in learning is still available to you, including school counselors, our Student and Family Support Services team members and other key faculty/staff members.

Relationships Are Essential

Building strong positive relationships between student and school faculty and staff members is essential even in the virtual classroom to support engagement in learning. Building positive relationships with parents can also help with managing student responsibilities in being a good digital citizen during virtual learning.

Discipline As Learning

Equitable instruction and guidance by school faculty/staff when misbehavior occurs provides students with the opportunity to learn the interpersonal and problem-solving skills necessary to be successful and avoid a disciplinary consequence. If a discipline consequence occurs, it must be timely, fair, age appropriate and match the severity of the misbehavior.

Early Learning Experiences

Positive school experiences for all students in the earliest grades create a positive perception of school and builds social and academic skills necessary for later school success.

Frequently Asked Questions:

What is digital citizenship?

Digital citizenship is the responsible use of technology by anyone who uses computers, the internet, and digital devices. For additional information regarding digital citizenship and resources for families, please visit the following websites - [Learning.com Online Safety](#) and [AES-What is digital citizenship?](#)

What if my student needs home internet access?

There are programs available to help with reduced cost Internet access for families. To see if you qualify, please contact Tulsa Responds at (918) 900-0918 or <https://www.tulsaresponds.org/internet>.

Are there virtual dress code requirements?

There is no standard school attire required for the remote setting. Students shall dress in an appropriate manner as not to distract or interfere with the operation of the school. (Example: Students will not wear any clothing that displays drugs/alcohol, paraphernalia, or is sexual in nature.) When we return to in-person teaching, the school dress code will be enforced.

When a student is dressed in a manner that is likely to cause disruption or interference with the operation of the school, the teacher should follow the remote response plan guidelines.

Do Discipline Codes still apply to virtual learning?

Tulsa Public Schools believes in supporting the safe and responsible use of all online and digital technologies for teaching and learning. During this period of remote learning, all students are responsible for continuing to practice positive digital citizenship by protecting and respecting their peers and teachers. We all must understand, practice, and model positive and productive behaviors when we are online. Because a remote learning environment is still a classroom, school behavior norms are rules to be followed just as expected in the regular educational setting/classroom.

PARENTS RIGHTS IN SPECIAL EDUCATION

Parents/guardians of children with disabilities are entitled to protections under the Individuals with Disabilities Education Act (IDEA) and/or Section 504 of the Rehabilitation Act/Title II of the Americans with Disabilities Act before the district may change the student's educational placement for disciplinary reasons. For specific information explaining these procedural protections under IDEA, consult the handout entitled "Parents Rights in Special Education: Notice of Procedural Safeguards", copies of which are available at school sites at no charge. For specific information explaining procedural protections under Section 504 and Title II, consult the handout entitled "Section 504 of the Rehabilitation Act of 1973/Title II of the Americans with Disabilities Act Information and Procedural Safeguards", copies of which are also available at all school sites without charge. Contact the TPS Exceptional Student Services department, located at The Enrollment Center at 918-746-6382 or 918-746-6141 with questions or for additional information.

PUBLIC OFFICE/POLITICAL CAMPAIGNS

Distribution on school premises of literature of commercial advertising advocating the nomination or election of any person for public office is expressly prohibited.

PROTECTION OF PUPIL RIGHTS ACT

The Protection of Pupil Rights Amendment (PPRA) gives parents and students (18 years or older or emancipated) certain rights when a school conducts student surveys, collects and uses information for marketing purposes, and administers certain physical exams to students.

RETENTION AND PROMOTION

See policy 2406 at www.tulsaschools.org/about/board-of-education/policysearch.

SEARCHES

Search of school property

All school property (lockers, desks, etc.) assigned to students is the property of Tulsa Public Schools. The student is given a temporary right to use the property which may be revoked at any time.

School property may not be used to store contraband or other prohibited materials, objects, etc. that are in violation of school rules. The school principal or designee may at his/her discretion authorize the search of any school property without the permission of the student or the presence of the student. Students have no expectation of privacy as to lockers, desks or other school property temporarily assigned for their personal use. School personnel may remove from lockers or desks any articles that are prohibited at

school or could be used to interfere with or disrupt the educational process.

No person attending a school sponsored event may conceal on his/her person, in a purse, handbag, etc. any weapon, narcotic, dangerous drug, alcohol, or any other substance or object that is in violation of local or state ordinances or school rules.

Search of student's person/possessions

Any individual entering a TPS facility may be subjected to scans by either walk through or handheld metal detectors. *As set out below, the school principal or designee may also authorize the search of a student's person or personal property and seize prohibited, illegal or harmful items in the student's possession.* Except for a metal detector search, there must be a reasonable suspicion by school authorities to believe the student is in possession of an item, the possession of which constitutes a crime or a school rule or board policy violation.

Procedures regarding searches other than those conducted by use of a metal detector are as follows: The student must be told, prior to the search, what item or substance is being sought. The search must be done in a manner that avoids undue humiliation to the student.

The search of a student's person must be conducted by a person of the same gender as the person being searched and should normally be witnessed by at least one other authorized person, said person to be of the same gender, if practical. Under no circumstances shall a strip search be conducted.

SMOKING/TOBACCO/E-CIGARETTES

All Tulsa Public Schools facilities are tobacco and smoke free. Tobacco use by students or staff is strictly prohibited. It is against Oklahoma state law 37-600.4A for persons under the age of 18 to possess tobacco or tobacco products. Student smoking or in possession of tobacco will be subject to discipline procedures by the school and fines by the State of Oklahoma ABLE Commission. Smoking means the carrying by a person or having access to a lighted cigar, cigarette, pipe or other smoking article. Smoking also includes using products which mimic or simulate smoking behavior, regardless of whether such products actually contain tobacco. This prohibition includes but is not limited to e-cigarettes, personal vaporizers and electronic nicotine delivery systems. See related board policies 2108 and 4402.

STUDENT DISTRIBUTION OF WRITTEN MATERIALS IN SCHOOL

Distribution of written materials by students in school facilities is governed by board policy 2604 and regulation 2604-R.

SUSPENSIONS

Suspensions applied during remote learning and virtual academy will be reviewed by the Director of Student Advocacy upon determination of continued support for suspended students.

Home Based instruction

Suspended students who are provided with home-based instruction will receive support for core academic courses only. Accordingly, this support will not include honors courses, advanced placement or international baccalaureate courses.

Suspension for students with disabilities; disciplinary removal of students with disabilities under the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act/Title II of the Americans with Disabilities Act

The term "disciplinary removal" refers to every out of school suspension and any other disciplinary consequence that changes the educational placement of a student with a disability.

The district may implement a disciplinary removal of a student with a disability from the student's current educational placement for up to 10 consecutive or cumulative school days in a school year for any violation of school policies, rules or regulations to the same extent that it would implement the removal of any other student for the same violation.

The district may implement a disciplinary removal of a student with a disability from the student's current educational placement beyond 10 days cumulative or consecutive in any school year in the same manner it disciplines other students for behavior that is not a manifestation

of the student's disability. The building principal or designee will determine the number of days of disciplinary removal to be imposed and implemented for a violation of school policies, rules or regulations. A manifestation determination meeting must be held before the eleventh day of suspension is served. **Special education services, as determined by the IEP team, must be provided to the student for the duration of the suspension beginning on the eleventh day as determined by the IEP team.**

Homework policy

It is the parent/guardian's responsibility to secure homework assignments for students who are suspended. An education plan for each student suspended for six (6) days or more is required by [board policy 2619, Student Suspension](#) at www.tulsaschools.org/about/board-of-education/policysearch, and Oklahoma State Law 70-24-101-3 except as to suspensions involving firearms.

Off-campus conduct

The school principal or designee may suspend a student based upon off-campus conduct by the student when the principal/designee concludes that the off-campus conduct indicates that the student's continued attendance would have an adverse impact on order, discipline or the educational process at the school.

VIOLENT BEHAVIOR

Tulsa Public Schools is committed to providing a safe and orderly learning environment for all students and will not tolerate behavior which is dangerous or disruptive to the learning process. Any student exhibiting violent behavior on school property or at a school function may be subject to immediate suspension pending an investigation of the incident. Additionally, the student may be subject to prosecution by law enforcement authorities.

WIRELESS ELECTRONIC TELECOMMUNICATION DEVICES/CELL PHONES (hereinafter called electronic devices) AND ALL ACCESSORIES (INCLUDING HEADPHONES AND MP3 PLAYERS)

The following rules apply to the use of electronic devices, including, but not limited to cellular telephones, personal digital assistants or other approved or unapproved electronic devices.

Elementary, middle and junior high school:

- Students are prohibited from using electronic devices during the academic school day including passing periods and lunch periods whether inside or outside the building unless expressly approved by the principal or designee
- During school hours, electronic devices must be in a student's locker, or if on the student's person it must be turned off at all times; including but not limited to, purses, pockets and backpacks.
- In order to avoid disruption of the educational process, all electronic devices placed in lockers must be turned off

High school:

- Students may use their electronic device during the lunch hour
- Students may use their electronic device during passing periods
- Students are prohibited from using their electronic device during instructional times unless explicitly allowed by a staff member.
- With prior written administrative approval, teachers may incorporate classroom activities that use electronic devices
- Students using their electronic device in areas prohibited may have their electronic device immediately confiscated

NOTE: If the electronic device is used to disrupt the learning environment or compromise the safety of the school, the student may be disciplined under other categories in the Behavior Response Plan as appropriate. While the use of electronic devices by students is allowed subject to these rules, students may not take, store or transmit a photo, record video or record the voice of an individual without prior consent. In no event may students take pictures or record video or other images in restrooms, locker rooms, changing rooms, nurse's offices or other locations where students and staff have a reasonable expectation of privacy. Students may not use electronic devices to exploit personal information or compromise the integrity of educational programs. The possession or transmission of pornographic material on school property is strictly prohibited and is subject to both administrative and criminal sanctions.
