I Earned my PhD at Pensacola Christian College in Pensacola, Florida where I taught for 7 years. I am now Executive Vice President at Landmark Baptist College in Haines City, Florida. I remember with fondness the years I lived in Knightstown. I married a woman from New Castle, sorry! I know the Jolly Green Giants are natural enemies of Knightstown. We have 5 children and 7 grandkids. If Ida knowd that grandkids were so much fun weda had them first. Pardon the dumb jokes, but remember where I grew up.
God Bless You All.

Not wanting to abandon my roots altogether, but moving from Kennard and later Knightstown, I have been living in New Castle since 1994. I am still part of the work force, being employed at Draper Inc. in Spiceland. I have 2 grown sons, Chris and Matt, a granddaughter who is 5 and a grandson who is 2. My Husband Mike and I enjoy traveling when time and opportunity permit and are enjoying life in general.
