

Memorandum

Date: June 16, 2017
To: Kerrville ISD Board of Trustees
From: Lesle Stevens, Kerrville ISD Director of Special Programs
Re: School Health Advisory Council Activity Report for 2016-2017

Texas Education Code directs the local School Health Advisory Council (SHAC) to submit an annual report to the board of trustees as an explanation of the SHAC's activities during the school year. Below is a description of the activities of the Kerrville ISD SHAC in 2016-2017.

The SHAC, comprised of parents, community members, and District staff, reviewed critical components of the Coordinated School Health program in Kerrville ISD. Each component was presented by a knowledgeable staff member who described how the specific component works in service to local students. Each presentation allowed for a lively discussion designed to highlight areas of strength and weakness.

The component topics and District staff who presented were:

Parent and Community Involvement

Heather Engstrom, Assistant Superintendent of Curriculum & Instruction

Nutrition Services

Amberle Arroyo, Director of Child Nutrition

Healthy and Safe School Environment & Recess Policy Review

Wade Ivy, Assistant Superintendent of Admin & Human Resources

Counseling and Mental Health Services

Micah Wrase, LSSP

Physical Education

Scott Kehoe, PE Teacher

Health Education

Blair Murray, Health Teacher

Health Services

Karen-Anne King, R.N., Head Nurse

The School Health Advisory Council's review of the components will result in an enhancement to pregnancy-related services at Tivy High School, and an effort to coordinate the distribution of FitnessGram information to parents.
