I'm currently working with Steve Schmidt Racing in Indianapolis as his marketing PR person for his NHRA Pro Stock drag racing team. I find sponsors for the race team and handle the marketing for the sponsors and the team. I travel to several of the races all over country and get to hang out in the pits with a lot of interesting people. I have become good friends with several of the well known racers like Bob Gliden, etc. I also handle the advertising duties for Steve Schmidt Racing doing national ads for his race engine program. I layout and design the apparel for the race team uniforms and t-shirts, die-cast cars and paint schemes on the race cars. I also work as a freelance artist for people all over the place. I spend a lot of my time working on my favorite project, my 1933 Willys Sedan street rod. I still have my 1968 Camaro that I bought

in 1972 and plan on getting it back on the streets of Knightstown real soon, maybe this coming summer. I'm still married to my one and only Kathy Kennedy from Tri-High fame and we have two great kids. Drew, our son now lives in Fort Thomas, Ky and works in Cincy as a Jr. Art Director, a chip off the old block. Our daughter, Kirsten, is attending college as a freshman at IUPUI studying to be an Art Professor. Kathy and I have been together for 28 years and still enjoy a cruise around K-town in the hot rod.
