Adolescent Substance Use Program

Adolescent Drug and Alcohol Concerns?

.....

- Includes vaping (e-cigarettes), alcohol, cannabis use, misuse of prescription drugs, and use of other substances
- The Adolescent Substance Use Disorder (ASUD) Program is a specialized clinic of TCHATT (Texas Child Health Access Through Telemedicine).
- ASUD provides free alcohol and drug use treatment for ages 12-18 years old.

Services

.....

- ✓ Individual Therapy
- ✓ Family Therapy
- ✓ Virtual and/or In-person appointments available
- ✓ Options for medication treatment, if needed
- ✓ Community referrals for continuing care after program completion will be provided if needed

Getting Started

.....

- Parents, youth, pediatricians, and other medical and behavioral health care providers can inquire about the ASUD program. Please contact us at 210-567-5640.
- School counselors in TCHATT partnered school districts should obtain parental consent and use their Trayt School Portal login to submit referrals at <https://tchattschools.trayt.health/>. (Please specify ASUD in notes section.)
