I'm currently finishing my junior year at the University of Indianapolis  
I'm a theatre major and have done work within my own theatre department  
as well as many other area theatres. I've traveled for experience all  
the way to Bisbee, Arizona where I was the technical director of their  
theatre for the summer of 2001. I plan on attending Purdue in 2005 to  
obtain a MFA in theatrical sound design.
