

East Islip Middle School Music Department

Presents

This special edition program for our students during this
challenging time.

Dr Wottawa's Message

At each performance, I typically address the audience to be present and mindful during our concerts. At this moment, I think each of us can see how very important it is to stay connected with one another. Our teachers, administrators, and students have expressed the need to stay connected, so in response we asked for those interested to participate in a Middle School "Virtual Concert Attire" slideshow.

We understand that this will NEVER replace a concert performance; yet, we wanted to provide a presentation to recognize our Middle School performers in some way that they could remember for a lifetime. We hope that you enjoy our gesture of gratitude and love during this time of uncharted waters.

Here are the quick links to each presentation, followed by our concert programs along with student names.
