PATRON INPUT. President Heikes opened the floor for patron input. The following individuals spoke:

Matthew Gianforte, Shawnee, spoke to the Board about giving parents the right to decide if their students should wear masks. He suggested students should stay home if they are sick.

Abby Reichle, Lenexa, urged the board to vote no on a proposal to exclude children based on vaccination status. She asked the board to allow parents to make decisions for their own children.

Marti Huffman, Shawnee, spoke about drugs taken off the market because they were trending toward reactions resulting in death. She also talked about struggles students have with separation caused by those who wear masks and those who don't. She asked that the verbiage in the Communicable Disease Protocols be changed to make masks optional and track only state required vaccines.

Sarah Carmichael, Shawnee, spoke to the board about Critical Race Theory. She asked the school board to take back decision making given to administration and asked that they tell the Superintendent to not allow Critical Race Theory curriculum in the schools.

Emily Carpenter, Lenexa, reminded the Board that patrons elected them and they hire the superintendent, they do not report to the Superintendent, he reports to them. She said board members are to set policy to guide the district. She said the protocol the Board is asked to approve this evening needs to be re-worded. She suggested the board has ruined the mental health of children.

Crystal Duke, De Soto, said children are like diamonds with multiple facets. She said she is a mental health worker and is concerned for kids. She said she is running for school board to help both sides work together. She said she is seeing kids who are having mental health issues because of what has happened over the course of the last year.

Theresa Finan, Shawnee, said she has spoken to the board at least four times and feels like she isn't being heard. She asked the board to listen to parents and leave healthcare up to them.

President Heikes asked if there were any changes to the Agenda or Consent Agenda. Bill Fletcher asked to remove check number 55412 and 55686 from Consent Agenda item "C. Approve payment of bills and transfer of funds" for approval separately.

Mrs. Danielle Heikes moved to adopt the Agenda and approve the Consent Agenda as amended.

Mrs. Ashley Spaulding seconded.

ACTION ITEMS.

2021-2022 Organizational Items. Board members received a draft copy of 2021-2022 Organizational Items in the June board packet. Superintendent Harwood asked that it be approved with the only change being assigning Ashley Spaulding to the Board & Administration Committee instead of Rachele Zade as she is the newly elected Vice President of the Board.

Mrs. Rachele Zade moved to approve the Board of Education 2021-22 Organizational Items as discussed.

Mrs. Danielle Heikes seconded.

Carried 7/0.

A copy of the 2021-2022 Organizational Packet is attached to these minutes.

Communicable Disease Mitigation Protocols. Superintendent Harwood noted that since Senate Bill 40 has expired the district is now back under direction of the County Health Department. He presented the Board with the proposed Communicable Disease Mitigation Protocols and noted that the Exclusions section and guidelines are being developed and will be presented to the Board in August. Board members were asked for feedback.

President Heikes asked who sets the requirement to exclude children based on being infected with a communicable disease. Superintendent Harwood said this is set by state statute. He said the protocols are useful for all communicable diseases, not just COVID-19.

Bill Fletcher expressed concern with the wording “strongly recommended” with regard to mask use. Superintendent Harwood said that this language is in line with the resolution approved by the Johnson County Board of County Commissioners.

President Heikes asked Superintendent Harwood to change the language to say that masks are optional unless mandated by a health authority. She said the health guidance received from health officials during the pandemic has been confusing and at this point in time there is no county or state mandate in place. She pointed out that masks have never been talked about before in relation to other communicable diseases.

Ashley Spaulding said she was in agreement with stating masks are optional.

Superintendent Harwood said the language could be changed to say barrier face masks are optional inside USD 232 buildings.

Rick Amos said he strongly likes the word "optional" with regard to mask use.

In response to a question from Ashley Spaulding, Superintendent Harwood said under current guidelines if somebody was vaccinated for COVID-19 they would not be excluded if exposed. He also said that he assumes testing will be part of the guidelines. He pointed out that the COVID-19 vaccine is not required and no one will be excluded from school if they do not have the vaccine. Mrs. Spaulding asked if language pertaining to this could be added to the Exclusion section of the protocols. Superintendent Harwood said language could be added in the Vaccination section and the board can talk about it again when they review the Exclusion section next month.

Superintendent Harwood read the changes to be made to the protocols:

- Under Masks – Change to: Barrier face masks are optional inside USD 232 buildings.
- Under Vaccination – Add: Individuals will not be excluded from school based solely on COVID-19 vaccination status.

Superintendent Harwood reviewed the Communicable Disease Mitigation Guidelines with the board. This defines steps taken to mitigate spread of disease in the buildings. There are three measures (Low - green, Elevated - yellow and High - orange) with steps varying based on the spread of COVID-19 in district buildings and the community.

Bill Fletcher suggested the yellow category (Elevated) be dropped and the district just work with the green (Low) and orange (High) categories.

Mrs. Ashley Spaulding moved to approve recommended Communicable Disease Mitigation Protocols as discussed.

In response to a question from Bill Fletcher, Superintendent Harwood said that Exclusions and the Guidelines will be discussed in August.

Mrs. Stephanie Makalous seconded.

Recommended Calendar for the 2022-23 School Year. Alvie Cater, Assistant Superintendent of Administration & Communications, presented the board with the calendar for the 2022-23 school year and said emergency snow days have been included.

Mrs. Danielle Heikes moved to approve the recommended calendar for the 2022-23 school year.

Mrs. Rachele Zade seconded.

Carried 7/0.

Bond Project Changes (Batting Cages/Concrete Work/Sound Upgrade). Steve Deghand, Assistant Superintendent of Facilities & Operations, explained that back in November one of the bond projects presented were hitting tunnels, but the feeling was that they were too expensive so they were re-assessed. He said the majority of savings on this project came from removing the roofs and reducing the length of each tunnel. Those changes reduced the overall cost by over \$360,000.00. Drawings were shared showing where the hitting tunnels would be placed at each high school.

Mr. Deghand said another recommendation is for additional concrete work at the De Soto High school baseball/softball fields. He said this would eliminate a few patches of hard to maintain grass as well as make the space more usable for patrons to view ballgames.

Mr. Deghand also said the upgraded sound system recommended at De Soto High School was being removed from consideration due to discovery that costs would be significantly higher than initially anticipated.

Mrs. Stephanie Makalous moved to approve installation of eight (8) hitting tunnels (four at each high school) and additional concrete work at the De Soto High School baseball/softball fields totaling \$531,891.00.

Mr. John Gaignat seconded.

Carried 7/0.

Javelin Runway Agreement. Steve Deghand explained that a piece of the construction project at Mill Valley High School is to relocate the javelin runway to make room for construction of the softball field and for other throwing events. He said there is not as much land to work with at Mill Valley and the javelin runway takes up quite a bit of space with participants needing a runway that is 120 feet and a throwing sector that is 204 feet in length so the only place for the runway is in the southwest corner of the campus. He noted that this area has a floodplain that does not allow for the district to change elevations anywhere, but it was determined that if the runway started 20 – 30 feet on property owned by the City of Shawnee everything could work. Mr. Deghand presented the Board with an agreement with the City of Shawnee for use of this piece of land and showed a map showing how the proposed runway crosses onto city property. Superintendent Harwood explained that there is no money or property changing hands. The agreement is an acknowledgement that the district will use the property

and be responsible for any injury on it, as well as return it to its current state if the runway were to be abandoned.

Mrs. Danielle Heikes moved to approve a Recreational Activity and Community Use Agreement/Property Use Agreement between the City of Shawnee and Unified School District No. 232.

Mrs. Ashley Spaulding seconded.

Carried 7/0.

Mr. Deghand also gave the board an update on bond projects at the Cedar Trails Exploration Center, De Soto High School, Mill Valley High School, Starside Elementary cafeteria expansion, and The Bridge remodel, explaining delays caused by supply chain issues (furniture delivery, epoxy flooring material and metal lockers) and weather.

DISCUSSION ITEMS.

Changes to Budgeting Procedures. Superintendent Harwood reminded the Board that due to Senate Bill 13 the timing in budget approval is being revised. He explained that the legislature came up with a Revenue-Neutral Rate which is a tax rate for the current tax year that would generate the same amount of property tax revenue as levied the previous tax year, using the current year's assessed valuation. Senate Bill 13 establishes notice and public hearing requirements if seeking to collect property taxes in excess of the revenue-neutral rate. Superintendent Harwood said that next year every land owner will receive a statement in the mail in early August that shows every property tax levying agency, the amount of money they levy and the mill rate. He said governing bodies are required to publish notice of the intent to exceed the revenue-neutral rate listing date, time and location of a public hearing. Julie Stucky, Director of Finance, said the biggest change the Board will see is that the budget approval is being moved from August to September. She explained that while the district's mill rate will remain steady, it will raise more money next year because of the valuation increase. She presented the Board with the new budget timeline and a mill rate and tax comparison between 2021 and 2022.

Alvie Cater, Assistant Superintendent of Administration & Community Relations, presented the Board with a policy change needed in Section DC – Annual Operating Budget to accommodate new budgeting rules.

ESSER Funding. Superintendent Harwood said ESSER stands for Elementary and Secondary School Emergency Relief Fund. He explained ESSER I, ESSER II and ESSER III. All federal grants that are mostly tied to the Title 1 formula. Each section has a different timeframe of funding. He reviewed fund allocations and expenditures to date in ESSER I, fund allocations and planned expenditures for ESSER II

and estimated fund totals for ESSER III. He explained that regulations for ESSER III are still being finalized and specific plans for these funds will be developed over the coming months.

President Heikes declared a seven minute break at 7:58 p.m.

The Board returned to open session and President Heikes called the meeting back to order at 8:06 p.m.

FYI REPORT. The following informational report was included in the packet for this board meeting: 1. Unencumbered Cash Balances.
