

**Payroll Deduction Option: Bridges of Moore**

By becoming a **Bridges Club Member**, you help the Bridges of Moore program assist students by removing barriers to high school graduation. This includes help with food, clothing, shelter, medical needs, and stable housing. The students also receive counseling in life skills and have advocates to help them graduate. There is currently no other program in the area duplicating these services for students who find themselves homeless or shelter-insecure at no fault of their own.

Your monthly donation as a **Bridges Club Member** helps make the Bridges of Moore concept a reality at MPS. Your generosity will directly help our most vulnerable high school students begin to clear obstacles to graduation and plan for their futures.
