WHAT IS RHYTHM KIDS?

Rhythm Kids® is an immersive, experiential music education program in which children ages 4-8 dig deeper and gain a richer understanding of how music works.

Students learn to compose, choreograph, and conduct as they play—and play with!—a variety of musical instruments: West African djembe drums, percussion instruments, and, the most important instruments of all, their voices and their bodies. As your big kid learns to think and create like a musician, they'll also build musical connections to the global community.
