Early Childhood Family Education

You are your child's first and most important teacher. We want to support your family during these first years of your child's life! Our high-quality early childhood classes are for you and your young children — from birth to kindergarten age.

Choose the style of class that works best for you and your family!

Separating Classes

- Parents and children interact and explore activities together for part of the class. This provides an opportunity to spend uninterrupted time with your child exploring games, creative activities, books, science, dramatic play and more!
- Parents meet in a separate classroom with a licensed parent educator to share experiences and discuss topics related to child development and parenting techniques.
- While parents meet for parent discussion, children participate in age-appropriate activities with a licensed early childhood teacher. Children are provided experiences which encourage social, emotional, physical and cognitive development.

Non-Separating Classes

- Parents and children stay together in the classroom for the entire class.
- Parents remain in the same room with children and interact with them in learning and play activities.
- A licensed parent educator leads discussion on topics such as child growth and development, the transition to parenthood, and how children learn and play.
- Discussion, sharing, and support take place within sight and sound of playing children.

Zoom

- Take a class from home! The Zoom link will be provided 1 week before class starts.

Our Promise

Fees for ECFE classes are on a sliding fee scale according to family income.
No one will be turned away because of inability to pay for an ECFE class.
