Student Records; Confidentiality

Educational records, defined as records directly related to a student, will be kept for each student and will reflect the physical, emotional, social and academic aspects of a student's development in the educational process.

The Board of Education recognizes the need to comply with the legal state and federal requirements regarding the confidentiality, access to and amendment of student records. The procedures for the confidentiality of student records shall be consistent with federal statutes, including the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended, and its implementing and revised regulations and the Connecticut General Statutes.

Safeguards shall be established by the school administration to protect the student and the student's family from invasion of privacy in the collection, maintenance and dissemination of information, and to provide accessibility to recorded information by those legally entitled thereto. Access to inspect or review a student's educational record or any part thereof may include the right to receive copies under limited circumstances.

For the purposes of this policy:

“Parent” means a natural parent, an adopted, or a legal guardian or an individual acting as a parent in the absence of a parent or guardian. If parents are divorced or legally separated the parent granted custody and the parent not granted custody of a minor child both have the right of access to the academic, medical, hospital, or other health records of the child, unless a court order prohibits access. Whenever a student has attained the age of 18 years or is attending an institution of post-secondary education, the permission or consent required of, and the rights accorded to, the parents or guardians of the student shall thereafter only be required of, and accorded to, the student. A parent who is incarcerated is also entitled to knowledge of and access to all educational, medical or similar records maintained in the cumulative record of any minor student of such incarcerated parent except in situations (1) where such information is considered privileged as defined in C.G.S. 10-154a, (2) such incarcerated parent has been convicted of sexual assault, or aggravated sexual assault, or (3) such incarcerated parent is prohibited pursuant to a court order.

“Student” means an individual who is or has been “in attendance” in person at an educational agency or institution for whom education records are maintained. It also includes those situations in which students “attend” classes but are not physically present, including attendance by videoconference, satellite, Internet, or other electronic information and telecommunication technologies.

“Student record” means any item of information directly related to an identifiable student, other than directory information, which is maintained by a school district or required to be maintained by an employee in the performance of his/her duties whether recorded in handwriting, print, computer media, video or audio tape, film, microfilm and microfiche. Student records include information relative to an individual student gathered within or without the school system and maintained within the school system, regardless of the physical form in which it is maintained.

Records that pertain to an individual’s previous attendance as a student are “education records” under FERPA regardless of when they were created or received within the school system. Student records shall not include informal notes related to a student compiled by a school officer or employee which remain in the sole possession of the maker and are not accessible or revealed to any other person except a substitute. Records of the law enforcement unit of the District or school are not considered student records.

“Law Enforcement Unit” means an individual office, department, division, or other component of an education agency or institution that is officially authorized or designated by that agency or institution to (1) enforce laws or refer matters of law enforcement to appropriate authorities, or (2) maintain the physical security and safety of the agency or institution.

“Substitute” means a person who performs the duties of the individual who made the notes on a temporary basis, and does not refer to a person who permanently succeeds the maker of the notes in his or her position.

“School Official” means a person employed by the District as an administrator, supervisor, instructor, or support staff member, including health or medical staff and law enforcement unit personnel, a person serving on the Board of Education, a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist), or a parent or student serving on an official committee such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks.

“Authorized Representative” means any entity or individual designated by a state or local educational authority or an agency headed by an official listed in §99.31(a)(3) to conduct with respect to Federal or State-supported education programs, any audit or evaluation, or any compliance or enforcement activity in connection with Federal legal requirements that relate to these programs.

“Directory Information” means information contained in a student’s education record that would not generally be considered harmful or an invasion of privacy if disclosed. Directory information includes, but is not limited to, one or more of the following items: parent’s name and/or e-mail address, student’s name, address, telephone number, date and place of birth, major field(s) of study, participation in officially recognized activities and sports, photographic, computer and/or video images, grade levels, electronic mail address, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public or private school attended by the student.

A student’s social security number or student ID number is prohibited from designation as directory information. However, student ID numbers and other electronic personal identifiers used to access or communicate in electronic systems may be disclosed only if the identifier is not used by itself to authenticate identity and cannot be used to gain access to education records.

A student’s ID number or other unique personal identifier that is displayed on a student ID badge is considered directory information, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user’s identity, such as a PIN, password, or other factor known or possessed only by the authorized user.

The Superintendent shall be responsible for ensuring that all requirements under federal and state statutes shall be carried out by the district. He/She will develop procedures (administrative regulations) providing for the following:

1. Annually informing parents of their rights.
2. Permitting parents to inspect and review educational records, including, at least, a statement of the procedure to be followed by a parent or eligible student who requests to inspect and review the educational records, with an understanding that the procedure may not deny access to educational records; a description of the circumstances in which the district feels it has a legitimate cause to deny a request for a copy of such records; a schedule of fees for copies; and a listing of the types and locations of education records maintained by the school and the titles and addresses of school officials responsible for those records.
3. Not disclosing personally identifiable information from a student’s education records without the prior written consent of the student’s parent, except as otherwise permitted by administrative regulations; including at least a statement of whether the school will disclose personally identifiable information from the records to other school officials within the school who have been determined by the school to have legitimate educational interests, and, if so, a specification of the criteria for determining which parties are “school officials” and what the school considers to be a “legitimate educational interest”; and a specification of the personally identifiable information to be designated as directory information.
