

Vane and Slim

By Elena W.

3rd grade, Cheyenne Mountain Elementary, October 2023

Once there was a skeleton dog. He didn't have an owner and he felt very sad about that.

He was at the humane society, but no one adopted him because he is a skeleton. Everyone wants a cuddly, warm dog, not a boney, hard, cold, rattly undead dog. He got sent out of the humane society because he was there too long.

When he was outside he realized it was almost night. The wind shook through his bones. If he could feel it would feel chilly. It was a beautiful night. The moon and stars were out and it smelled like rain.

He wandered for about an hour. Then he finally found a haunted castle. It is a big castle made of old brown bricks and looked very old. He was very curious. He opened the door and went inside.

He sees party lights down a hallway and the door is slightly open. The door looked old too.

He goes down the hallway and goes inside the room. Then he goes under a table and watches the party for a bit.

Then a green oval creature shaped like a snowman named Blob came under and said "What are you doing here?" And Skeleton dog whispered "I'm looking for an owner." "Blob says hold on." And then Blob gets a vampire.

Vane was a lonely vampire. He has been looking for a pet for a couple hundred years. All the other animals are scared of him because they think he will suck their blood. He has tried cats, hamsters, bunnies, nothing worked until Blob said "Come here quick." So Vain ran over. Blob pointed under the table and Vain lifted up the tablecloth and said "I'll name him Slim."

Slim looked at his new owner for a second. He liked his neon green sweatshirt, he liked his shiny black pants, he liked his high heels. A second later he jumped on him and laid down on his lap. Vain thanked Blob 30 times then he immediately pulled out a leash and showed the other monsters.

He showed Perceta and Bones, the bird and the skeleton, he showed Bumper and Goner, the bunny and the ghost, he showed Cantra and Freda, the cat and the witch, he showed Fluffy and Grummy, the sloth and the mummy, he showed Fire and Blob, the fish and well the blob. When he was done showing all the monsters he immediately said "Who wants to go shopping!?" All the monsters cheered. They went out to go shopping.

After a while they finally found a pet store. They said, "too bad it's night."

"Wait," said Blob, "I can slide under the door."

"That's a great idea. Fire is small enough to slide under with you." said Vane.

"Ok, here I go," said Blob in a unsure voice. Then, he easily slipped under the door and Fire was completely safe too. When he was inside, he unlocked the door. When the door almost shut Cantra whispered to Freda "when the door shuts we will be locked in here." Freda quickly caught the door and all the other monsters looked at her in a weird way. Freda said "if the door shuts we will be locked in here."

All the monsters said "how did you know?"

Freda whispered, " Cantra told me.

Blob said, "there are security cameras too."

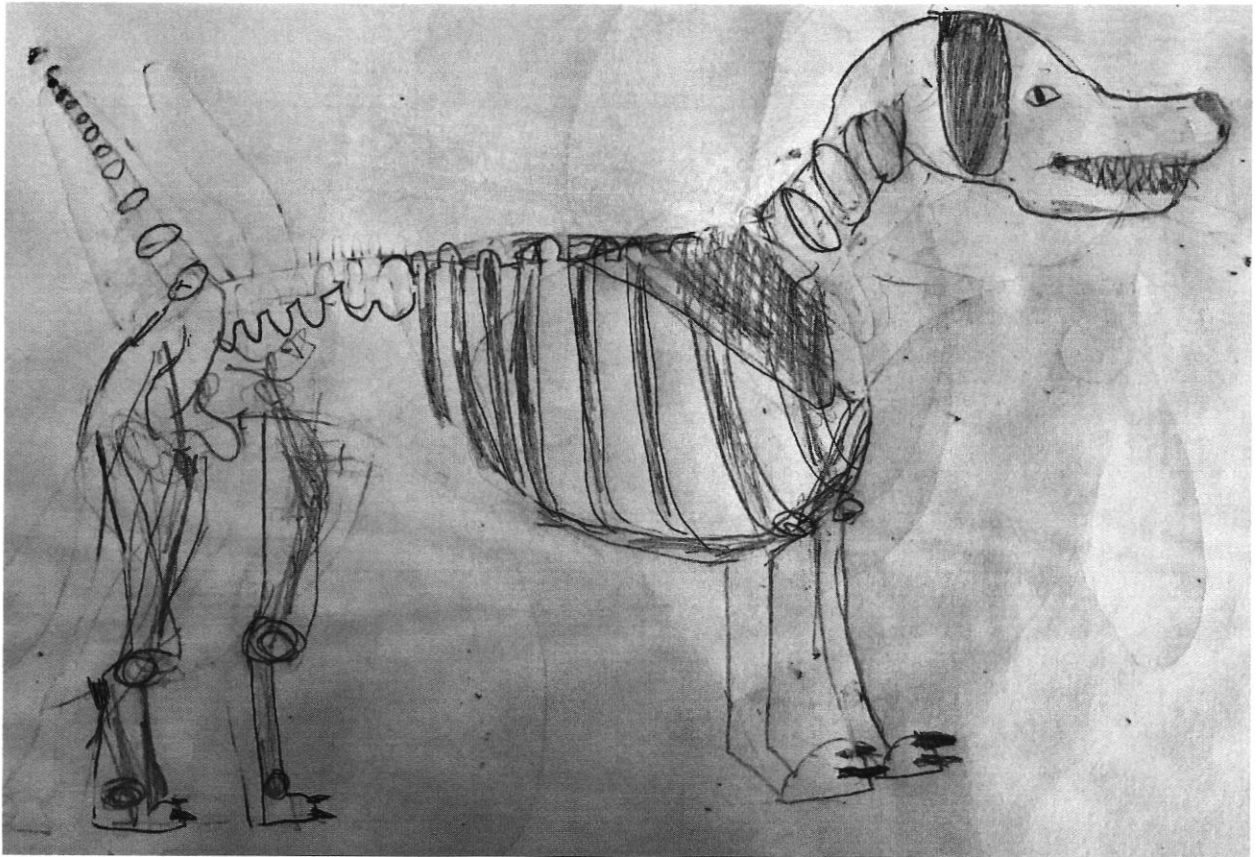

"That's true," said Vain

Freda said in a strict voice "Blob go set off the security cameras, Vane go make sure there are no traps in your bat mode. We will stay here till they come back and say it's clear."

Both of them came back and the monsters went to go shopping for their pets. Vain got Slim a dog coat and a dog bed, Freda got Cantra a cat scratcher, Bones got Percia a new feeder, Goner got Bouncer a cage, Grummy got Fluffy a rope so it could be like a vine, Blob got fire some more food. When they all were done shopping they headed home to the castle.

Good day, see you tomorrow night.

Vane put Slim to bed and said 'I'm glad you're my pet.' For once Slim felt loved.

The Friendly Ghost

Once upon a time there lived a ghost named Charles and all he wanted was a friend. He looked high and low and couldn't find a friend. He was walking home and suddenly bumped into a skeleton. He was so scared but then he was brave and said "hi". The skeleton said "hi" too. "umm do you want to be my friend?" said Charles.

"sure" Said the skeleton.

"whats your name?"

"my name is charles"

"want to go to my house?" Said Skelly.

"Sure" said Charles

They went to Skellys house and got to make cookies. They tasted so good.

Charles said that he wanted to go back to skellys house again. Three days later Skelly finally went to Charles house and Charles house was very messy and they had eyeball soup for dinner.

After a little bit of playing they headed back to Skellys house. Then Skelly said " Do you have any parents Charles? Because your house is very dirty?"

"yes I don't have any parents but do not tell anybody" said Charles

"I promise I will not tell anybody" said Skelly

"umm how about we go to bed" said Charles

"OK" said skelly "WE should go to bed I am tired"

"Goodnight" Said skelly

"Good night" said Charles

"Shelly" Charles said "hopefully we make a new friend Tomorrow"

in the morning they signed up for school so they could make more friends on Friday the 13th at school all the lights were flashing and all the teachers kept us outside but then a human came and played on the playground and everybody was super duper scared then we screamed after we stopped screaming the humans started screaming and ran home after that we went back inside so that didn't happen again the next day Charles and Skelly went to school and made a lot of friends one of their friends was a bat his name was George. George came to skelly's house and got stuck in the ceiling then they had a sleepover and had lots of candy. the next day they had a test and they all got an 8 plus on it to celebrate they had another sleepover soon they became very good friends.

one day they went over to George's house for dinner soon all of them had so many friends they couldn't even count after a little bit skelly tells George the secret that Charles had no parents then Charles noticed that George knew the secret and asked skelly if he told him. skelly admitted it and first they were not friends but George and skelly were still friends one day George found out where Charles lived and then George came in the house and said "Charles are you there I'm sorry about the secrets SKelly wants to apologize but I said Charles probably does not want to see you"

"OK but I do want to see skelly so that he can apologize himself"

"OK" said George "I'll go get him Charles I'm sorry for telling George the secret"

" you broke the promise why did you break the promise" said Charles

"I said I'm sorry" said skelly.

"OK" said Charles

a few days later at school they made a group to bring friendship back and soon it worked so they were friends again after that they went to see their other friends Skelly bought them the solar glasses

George said "wow this is amazing"

One day George forgot the secret and Skelly promised Charles he wouldn't tell George again they had a sleepover after the solar moon to celebrate their friendship

"good morning" said skelly

"good morning" said Charles and "George should we get ready for school because we are running late" Said Charles.

"OK let's get ready fast then" said George

"hey George did you get stuck in the ceiling tonight? Or you had a good night?" said Charles

"yeah I had a good night" George said

They got ready for school and got on the bus at school we are starting multiplication and Skelly thinks it's super easy I just need a little help said George

"students it's time for lunch go wash your hands" said the teacher

at lunch we had macaroni and eyeballs at recess we went on all the slides and then spinned around 100 times after recess we had math and I did my first multiplication fact by myself $10 \times 10 = 100$ I said when we went home we had a great dinner and Skelly made it all by himself then we went home and hopped on in bed soon it will be charle's birthday

"so how about we surprise Charles on his birthday" said George to skelly at recess Charles was so sad at recess because the Georgian scout did not say happy birthday to him not even his girlfriend did after recess Charles reminded his friends that it was his birthday but they did not respond to him that made him mad and even more sad after school Skelly and George sneaked into charle's house and surprised him Charles was super happy after that the next day of school at recess Charles saw a spider crying on the playground and said "what's wrong" and spider said "my boyfriend broke up with me"

" oh I'm so sorry for you" said Charles

"it's OK you don't have to say anything for me" said spider

"OK "said Charles "but who was your boyfriend?"

"my boyfriend was George" said spider

"George was your boyfriend George never told me that and he's my best friend" said Charles

"really he never told you some spider by the way my name is scarlet"

" good to know" said Charles

"how did you and George break up" Said Charles.

" it's a long story" said Scarlett "but are you willing to hear it"

" of course I'm willing to hear it Charles"

"OK well here it goes; me and George were at his house playing super scary party, And then suddenly I hear the doorbell and George opened the door and Alyssa comes in and they kiss and then I say Alyssa did you steal my boyfriend no I didn't did George tell you that I'm his new girlfriend said Lisa and then I said what George she's your girlfriend then George said oh sorry we are breaking up right now"

“wow that's a lot of pressure” said Charles

before Scarlett could say anything the bell rang they did math and Charles got a lot better at multiplication today at school for lunch they had skelly's favorite lunch tribal pizza and it tasted so good after second recess we did a circle and the question was so hard.

Tuesday it will be scary birthday so George and Charles are setting up but surprise just like George did Charles at recess on Skellys birthday they did almost exactly what skelly and George did for Charles it went according to plan except that skelly wasn't really sad at recess but that's fine after a few days it was George's birthday and they celebrated in a different way they went to the back pool several days later it was the 2nd Friday 13th and they didn't go to school because it was super scary the last Friday 13th they stayed home but it was still very very scary it was Friday the 13th that Friday the 13th was in October which is close to Halloween on the 14th of October they up there 17 days until Halloween chapter 10 days later there was only seven days until Halloween on the 24th of October

skelly asked spooky “how many Days until Halloween” she said

“seven days until Halloween” skeely yelled

only seven days to Charles and George and after that they headed to school in school they were learning about humans “humans are the nastiest creatures on earth” said the teacher skelly raised his hand and said “how do you know I bet you haven't even been close to a human before”

“yes I have remember on Friday the 13th

“well the human didn't hurt anyone at all “

"yes the human did it hurt our ears said" mrs amber "get out your math books" said Mrs. amber so the students got out their math books soon the students will have to do but none of the students knew how to do it while we were doing math george learned how to do it and now it is super easy for him. so I got the hang of it and expedition was a breeze "Oh no I say on the last day of school we're going to 4th grade soon and I don't think I'm ready to go to 4th grade because I'm not very good at math especially expedition" over the summer Charles Scully and George went to the pool a lot and through there's spidey into the pool and then die for them after they went to the playground and played texts with people that they don't know and became friends with them they went to skelly's house and had cookies and soup soon they became great friends after they had a sleepover the summer is over and it's a new school year and we are in 4th grade good morning says Kelly good morning wait we have school said Charles that's it the end.

The Start

Book 1 of The Hotel, A Dark Story

Chapters:

- The Entrance 1,
- The Room 2,
- The Loud Sound, 3
- The Running, 4
- The Silent moment, 5

Characters: Kreg, Meggan, Shadow, Mom, Dad, Breath. Kreg, Meggan, Mom and Dad are good characters. Shadow and Breath are bad characters.

Kreg and Meggan have blonde hair, Kreg has blue eyes from his mother, and Meggan has brown eyes from her father.

Shadow is black, with red eyes. Breath is blind, but hears really well, he can hear you breath from 0.6-50 feet away from him.

The Entrance

Chapter 1

Kreg and his family arrived at their new hotel. Kregs dad said "Room for 4 people?", the front desk person said in a grumpy tone "Sure, now here's the key, your room is 12", and he'd hand Kreg's dad the keys. Kreg's dad said "Okay, we've got to get to room 12...", Kreg and Meggan would say "But, where's the door to get out of this room?" Kreg's dad asked the front desk person where the door was, and the person pointed to a door. They would hurry,

dashing through the rooms, not caring about one single thing in their way.

The Room

Chapter 2

They'd arrive at their room, breathless, and Kreg fell to the floor, Kreg's dad said "At last, we made it...", and He'd try unlock the room with the keys, but it wouldn't budge, he saw that was room 11, so dad and the family ran to the other side of the room, then he unlocked the room, they hurried and lay on the 4 beds in a row. It was a fancy room, Kreg asked dad how much it was, dad said it was only \$13.24, Meggan said that was cheap, out of her \$267.50 she had. Mom tried to stop us from talking and persuaded us to fall asleep, and we all did. We woke up the day after, feeling energized, they got dressed, and then they were going to leave the room right before a bookshelf fell down.

The Loud Sound

Chapter 3

They were too worried to go out, so they planned to stay inside the room all day. They got bored so what do you expect? They went outside and saw that the bookshelf fell through the ground. Kreg said "The floor out here seems like paper." Mom, and Meggan agreed with Kreg. Dad was on a different page, and he wasn't listening to what Kreg, Mom, or Meggan said. Mom and Kreg went inside the room, while Meggan smacked her dad pretty

hard. Dad woke up from daydreaming and went inside the room for safety.

The Running

Chapter 4

Kreg, Meggan, Dad, and Mom fell asleep, but Kreg and Meggan woke up 5 minutes later. They stood up, they weren't in a dream. They were in a long, what seemed like a never ending hallway. They saw a black figure, with red eyes glaring at them. They started running the other way, but Shadow teleported in front of them, so they started running in every direction, but Shadow kept teleporting in front of them. They were having a panic attack while running from Shadow. They woke up finally, or what seemed like waking up, but they were in their room, but they didn't know what happened. They'd notice their room was on floor 46.

The Silent Moment

Chapter 5

They were all dreaming, but Kreg and Meggan thought they weren't dreaming. This time, they fell through the 'paper' floor in the hallway. They fell into a library, and standing there, was Breath, it was looking at a book until they pounded the ground when they landed, and it made Breath upset and it ran at them, and then they climbed up a bookshelf for safety, but there was no such thing as safety right now, they dropped down, but it didn't make a sound. Breath was running into bookshelves, making

itself mad. They jumped into a closet, which then they hoped that Breath would never hear them or find them.

The End

Close of this book

They soon learned that the black figure was Shadow, and the blind figure was Breath. They made it home safely, with no injuries, and no one knowing how they escaped from the hotel.

Mae's Scary Story

This story happened a long time ago. I will be referring to myself as Jessica and my sister Mandy. The story all started when my parents went on a business trip and I had to babysit my little sister Mandy. My older brother Liam was at a friend's house so I had to watch Mandy. My little sister drew a scary picture that would haunt me for the rest of my life. Anyways, once I checked on Mandy to give her dinner. She was drawing a picture and I asked to see it. She wouldn't show me. So at night I snuck into her room to see it. The picture had a woman who seemed 11ft tall. She was white in a sundress and no eyes. I woke Mandy up to ask what this was. Mandy said it wasn't for me. When I saw my brother Liam to show him. We asked Mandy again about it but she said it's not for them to see. We called mom to tell her. We went to the police to tell them. They said her name was Harminada. Mandy was to be schizophrenic. We found a photo of a lady hovering over Mandy. Everyday since my sister continued to show me drawings of Harminada.

The Adventures of the Zoo

By: Kennedy H. [unclear]

Fountain, Colorado

Age: 6
Grade: 2

CHAPTER 1

The Start

"Have a great day you two!!" Said their Mom. "Ok we will" said Lily and Jack. As Lily and Jack were walking through the forest they came upon a playhouse their Dad built. Then they went into the playhouse and they saw a book with the title "The Adventures Of The Zoo".

Lily and Jack saw a blue bookmark too, so they opened the book to page 86. Then they saw a picture and they also saw a note that said "Help, a clue is at the zoo, a palace, and space. - Mark " they picked it up and said they wished they could go to the zoo and then...

And then after the playhouse spun around 5 times and then stopped, they opened the door and they were at the zoo. "Oh my gosh!" They both thought. "This is so cool!" Said Lily. "Oh no, how will we get back home?" said Jack. "I don't know, but I don't care." Said Lily, because she was so surprised.

"Where should we go first?" asked Lily. "Before we go anywhere else we have to figure out how to get home." said Jack "I don't think we'll ever get home". said Lily. "Jack, where are you?"

The Zoo

CHAPTER 2

But Jack had already headed out to check out the rest of the zoo. First he saw the monkeys. And he saw one juggling 3 bananas. Then he saw the elephants. And he saw one spraying water on itself. Then Lily caught up to Jack. "Jack, why didn't you wait for me?" Lily said breathlessly. "Because, I wanted to hurry up and find a clue about Mark!" said Jack. "Next time, wait for me!" said

Lily. "Wait, why is the door opened for the staff room?" said Jack. They both wanted to open the door so bad. "Shall we go in?" Jack said. "Yes," said Lily. They went into the room and saw a paper that said "Haha, you two were tricked to come here." -Bobby John "What does that paper mean?" Asked Lily. "Is he coming to hurt us" "No" said Jack

"Wait-" Said Jack "We need to see our cousins, Kreg and Meggan, they know everything about horror and mysteries!" "Wait, who are you talking about, Meggan and Kreg?" Said Lily. "Just-forget about it" Said Jack

The Hotel Visit

Chapter 3

They visited the hotel, happy to see their cousins. Kreg said "Do you guys need us for something?" Meggan didn't really care about what Kreg said, and she hugged Jack and Lily. Meggan said "Hi, how are you guys, we last saw you when Jack was only 2 years old, and Lily was only 2 months old!" Said Meggan. "Did you read our book?" Asked Meggan And Kreg together. "Yes" Said Jack, "No" Said Lily. They said it together. "Well the book is really good! "Why don't you follow us to our room? " Asked Megan."Sure." They both said. And they went to their room and they saw a large statue of Breath, Shadow, and the family. "Who is Shadow?" Asked Lily. "Oh, him, you don't need to worry about

him, but Jack does, but you need to worry about Breath, he's blind, but don't make too much noise around him!" Said Meggan. 'Who's Shadow?' Asked Jack." Oh, he's black and has glowing red eyes, you'll see them when he's near. "Said Meggan.

Chapter 4

The ringing sound

Just as Lily was going to ask who breath was, they heard a ringing sound. It was so loud it was deafening. Can someone make that stop! Loudly asked Lily. I, I, I don't know! loudly said Jack.
