

Vane and Slim

Once there was a skeleton dog. He didn't have an owner and he felt very sad about that.

He was at the humane society, but no one adopted him because he is a skeleton. Everyone wants a cuddly, warm dog, not a boney, hard, cold, rattly undead dog. He got sent out of the humane society because he was there too long.

When he was outside he realized it was almost night. The wind shook through his bones. If he could feel it would feel chilly. It was a beautiful night. The moon and stars were out and it smelled like rain.

He wandered for about an hour. Then he finally found a haunted castle. It is a big castle made of old brown bricks and looked very old. He was very curious. He opened the door and went inside.

He sees party lights down a hallway and the door is slightly open. The door looked old too.

He goes down the hallway and goes inside the room. Then he goes under a table and watches the party for a bit.

Then a green oval creature shaped like a snowman named Blob came under and said "What are you doing here?" And Skeleton dog whispered "I'm looking for an owner." "Blob says hold on." And then Blob gets a vampire.

Vane was a lonely vampire. He has been looking for a pet for a couple hundred years. All the other animals are scared of him because they think he will suck their blood. He has tried cats, hamsters, bunnies, nothing worked until Blob said "Come here quick." So Vain ran over. Blob pointed under the table and Vain lifted up the tablecloth and said "I'll name him Slim."

Slim looked at his new owner for a second. He liked his neon green sweatshirt, he liked his shiny black pants, he liked his high heels. A second later he jumped on him and laid down on his lap. Vain thanked Blob 30 times then he immediately pulled out a leash and showed the other monsters.

He showed Perceta and Bones, the bird and the skeleton, he showed Bumper and Goner, the bunny and the ghost, he showed Cantra and Freda, the cat and the witch, he showed Fluffy and Grummy, the sloth and the mummy, he showed Fire and Blob, the fish and well the blob. When he was done showing all the monsters he immediately said "Who wants to go shopping!?" All the monsters cheered. They went out to go shopping.

After a while they finally found a pet store. They said, "too bad it's night."

"Wait," said Blob, "I can slide under the door."

"That's a great idea. Fire is small enough to slide under with you." said Vane.

"Ok, here I go," said Blob in a unsure voice. Then, he easily slipped under the door and Fire was completely safe too. When he was inside, he unlocked the door. When the door almost shut Cantra whispered to Freda "when the door shuts we will be locked in here." Freda quickly caught the door and all the other monsters looked at her in a weird way. Freda said "if the door shuts we will be locked in here."

All the monsters said "how did you know?"

Freda whispered, " Cantra told me.

Blob said, "there are security cameras too."

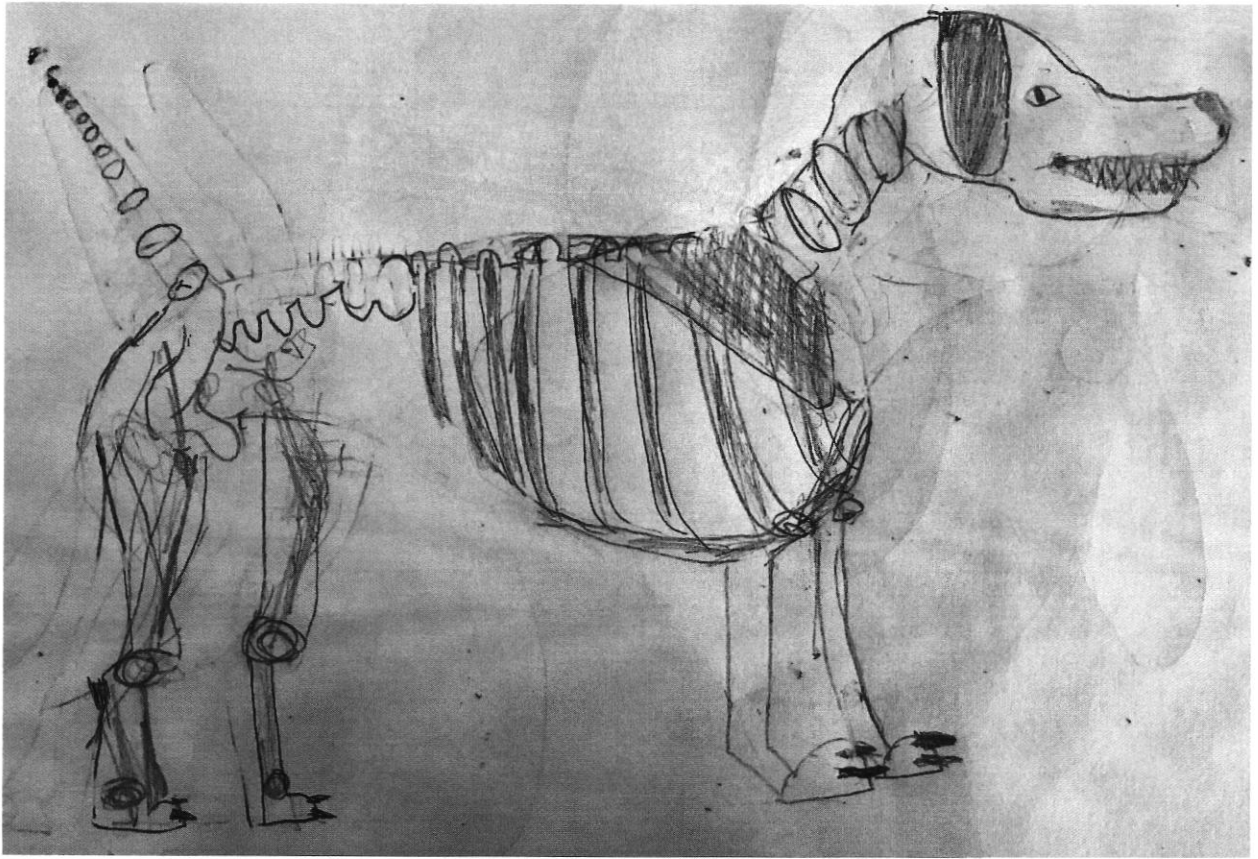

"That's true," said Vain

Freda said in a strict voice "Blob go set off the security cameras, Vane go make sure there are no traps in your bat mode. We will stay here till they come back and say it's clear."

Both of them came back and the monsters went to go shopping for their pets. Vain got Slim a dog coat and a dog bed, Freda got Cantra a cat scratcher, Bones got Percia a new feeder, Goner got Bouncer a cage, Grummy got Fluffy a rope so it could be like a vine, Blob got fire some more food. When they all were done shopping they headed home to the castle.

Good day, see you tomorrow night.

Vane put Slim to bed and said 'I'm glad you're my pet.' For once Slim felt loved.
