		Renovation of first floor half-bath. We will be taking the space of a pantry closet and adding a shower to the half-bath. Shower dimensions will be 30x48. Toilet and sink will be moved to another wall, as they are currently placed on the wall that is shared with the pantry. Plumbing will include adding shower lines and drain, and moving toilet/sink plumbing. Plumbing will be done by a contractor, remaining aesthetic work of floors, tiles, etc will be performed by homeowners. 		1ST FLOOR Price is for the addition of 2 new supply's off of the 1st floor split system. The current setup has a 10 inch T next to a window. Looks like the system was preset for the additional ductwork. The 10 inch round duct will be in the crawl space in the basement. New trunk line to a new T will be hard pipe and be insulated and sealed per code. Flex will then be run to 2-7 inch flex lines with dampers. 2 New 4x12x7 inch round floor registers will be installed with new floor grills matching existing. 2ND FLOOR Price is for the installation of a new duct zone for the 2nd floor master bath room. Since this room is closed off to the rest of the 2nd floor space and will have a differing heat load and loss. Adding another zone will give better indoor air control. A new Honeywell zone panel will be added as well as dampers and an additional thermostat. New thermostat will match the existing T-6 WiFi pro. All new supply ductwork will be added and will be insulated and sealed per applicable code. New supply registers will be added in the ceiling for proper coverage. There will be a return added in the new space in the closet area. 1 New Honeywell HZ322 zone panel kit 2 New Honeywell zone dampers						Applicant	Jill Sturtevant, Address:820 FOUR ROD RD, Phone:(860) 357-4952

		Hi, I have a permit for work to do a Reno to our kitchen (thank you, PRAD202301974) and that work got delayed due to an bad accident and our contractor (Jorge Coralles) needing shoulder surgery and recovery time as a result.During that time, the architect and I realized we should just replace the window and door, and do a porch. I spoke to Debi and she suggested I ask for an extension (just sent her that letter) for that original permit (1974) and that we submit for a new permit for the door and porch. It's taking down a dilapidated small porch-like entry from the backyard and replacing it with a larger porch that is covered and in the spring we will lay new stone outside. If I can attach the architect's design, I will. You can also see the designs here - the porch on its own and then integrated but broken out with detail on the "kitchen and porch document." https://drive.google.com/drive/folders/1L0ZDe4huWhxPhjQCHTSgbjZLSOMTjMMt?usp=share_link								
		the design for that work is
