Professional Development Plan

Professional development goals and objectives align with our [Strategic Plan](#).

1. Relationships

Build positive dialogue between parents, community members and school personnel to support our students through diverse opportunities. This will be accomplished by providing strategies to learn and collaborate about different cultures and perspectives.

2. Innovation

Examine multiple perspectives as we implement new curriculum and standards.

3. Development

Grow further learning of student feedback in assessment, grading and learning through student voice and choice.

4. Equity

Actively promote equity (institutional, instructional, and personal) through culturally relevant curriculum and teaching.
