A. Buy Out of Retirement Compensation

1. This Section A applies only to employees under Article I employed or on an approved leave on August 1, 2003, and only to employees who will be at least fifty-four years old and will become eligible to retire according to ISTRF or PERF on or before June 30, 2018.
2. The present value of each eligible employee's retirement compensation as of June 30, 2003 shall be calculated using assumptions set forth below based on (i) actual sick leave as of June 30, 2003 plus projected sick leave to earliest retirement date, and in no event more than 75% of the employee's contracted work days; (ii) projected years of service with Carmel Clay Schools at earliest retirement date; (iii) earliest retirement will be after meeting all of the following (a) completion of 15 or more years of experience as recognized by ISTRF or PERF or other relevant experience as determined by the Superintendent at the time of the employee's retirement (the Superintendent's determination of relevant experience shall be final); (b) employment in a certificated or employee position with Carmel Clay Schools for the complete 10 consecutive years preceding retirement; and (c) eligibility for ISTRF or PERF retirement, which is the earlier of at least age 65 plus at least 10 years of service, at least age 60 plus at least 15 years of service, or at least age 55 with age plus years of service equal to at least 85. An employee whose buyout percentage for accumulated sick leave would have increased under the prior plan by June 30, 2004, will receive the additional percentage of accumulated sick leave, if the employee is still employed as an employee by the Carmel Clay Schools through the 2003-2004 school year.
3. The present value amount will be deposited into a 401(a) plan account for the given employee. Calculations to determine the present value amount shall assume (a) that the sick leave days will buy out at the given employee's per diem rate at retirement reflective of a 3% annual growth in salary; (b) that the account will earn an annual rate of return of 7%; (c) that the value shall not include the equivalent of the employer's FICA contribution but will include the equivalent of the employee's FICA contribution as each would have applied if the value were not paid into a tax deferred plan account; and (d) that the value shall not include the equivalent of the employer's and employee's ISTRF contributions as each would have applied if the value were not paid into a tax deferred plan account.

4. Immediately following the buyout, all affected employees will retain accumulated sick leave in excess of the number of days bought out, if any, and all employees will continue to accrue sick leave in accordance with sick leave provisions in the Benefit Schedule E (Formerly Administrators' Benefit Program) booklet.
5. The given employee's 401(a) account shall vest once the employee has met all of the following: (a) completion of 15 or more years of experience as recognized by ISTRF or PERF or other relevant experience as determined by the Superintendent at the time of the administrator's retirement (the Superintendent's determination of relevant experience shall be final), (b) employment at Carmel Clay Schools in a certificated or administrative position for the complete 10 consecutive years preceding retirement, and (c) attainment of age 50. An employee's bought out sick leave days will be restored in the event the employee separates from employment prior to meeting all the vesting requirements and, thus, forfeits his/her claim to his/her 401(a) account.

B. 401(a) Plan Account

1. Eligibility

Available only to employees hired after July 1, 2003 or who did not receive a buy out of their accumulated sick leave days in 2003.

Each employee will receive a contribution equal to 3% of his/her annual compensation into a 401(a) plan account for that employee. Contributions will be made within two weeks of the end of each payroll period. This account will vest after the employee has been employed at Carmel Clay Schools for no less than ten years.

C. VEBA Trust Account

1. Eligibility

Available only to employees employed after July 1, 2003 or those who did not qualify for the previous Early Retirement Incentive Program in effect on July 1, 2003.

An individual VEBA Trust Account will be established for each employee. Carmel Clay Schools will deposit an amount equal to 1% of the employee's annual compensation into the employee's trust account within two weeks of the end of each pay period. Employees will not vest in this program until the earlier of their retirement under Indiana State Teachers' Retirement Fund or Public Employees' Retirement Fund, or their completion of twenty-five years of contracted employment in a certificated position in Carmel Clay Schools, with years of employment counting whether the given employee was in a paid or unpaid status. To be eligible for the retirement compensation, the employee must submit a letter of resignation to the Superintendent not later than 90 days prior to the date of retirement. This requirement may be waived by the Superintendent.

In the event of the death of an employee, his/her retirement compensation will be calculated as stated above and will be paid to the designated beneficiary as filed with the Indiana State Teachers' Retirement Fund or the Public Employees' Retirement Fund of Indiana, or to the employee's estate should there be no beneficiary.

ARTICLE XIV **Early Retirement Incentive Plan**

A. Eligibility

To be eligible for the Early Retirement Plan, an employee:

1. must have been employed on July 1, 2003 and must have been projected, as of July 1, 2003, to reach the Teacher Retirement Fund/Public Employees Retirement Fund Rule of 85 (Experience credit shall include relevant non-PERF experience as approved by the Superintendent) by no later than June 30, 2023.
2. must have been employed by Carmel Clay Schools for the complete 10 consecutive school years immediately preceding the effective date of his/her retirement.
3. may apply for the Early Retirement Incentive Plan as early as the beginning of the contracted school year (July 1 – June 30) during which he/she meets the corresponding age eligibility requirement (Rule of 85) for the Indiana State Teachers' Retirement Fund or the Public Employees' Retirement Fund or any time thereafter.
4. must submit a letter of resignation to the Superintendent, not later than ninety (90) calendar days prior to the date of retirement. This requirement may be waived by the Superintendent.

The Board shall pay 100% of the premiums to maintain the same type of coverage (i.e., single or family) the employee had at the time of retirement.
2. Employees may enroll in the medical, dental, and vision plan or change their enrollment status within thirty-one (31) days prior to retirement with the change to be effective on the date of retirement.
3. The insurance benefit ends upon death of the employee or when the employee becomes eligible for Medicare. However, a retired employee's spouse may continue participation in the Corporation's insurance plan(s) subject to the following:
 - a. until the spouse becomes eligible for Medicare benefits

- b. the spouse pays 102% of the premium(s)
 - c. in the event the spouse was a Carmel Clay Schools employee who qualified for the Early Retirement Incentive Plan, the Board will pay 100% of the premiums until he/she is eligible for Medicare benefits, or until the death of the spouse.
4. Employees who choose to retire under the Early Retirement Incentive Plan will be fully vested with these benefits regardless of any future contract negotiations.
