

# Weekly Update

Families 11/17/23

---

## Message from the PTA:

We're coming up on one of our busiest times of the year, so make sure you are signed up for the PTA at [richfieldpta.org](http://richfieldpta.org) to stay up to date on everything happening.

The Cereal Box Domino Challenge will take place next Wednesday, so make sure to send in your cereal boxes Monday and Tuesday! Volunteer spots are still available to help with the setup and

cleanup for this fun event - [check it out here](#) and sign up if you can help!

The Holiday Shop is also coming up December 4-8. Volunteers are a crucial part of making this a successful event at Richfield! Help is needed for setup, cleanup, wrapping, and shopping with all our students all week long. [Check out the sign up here](#) If you have any questions about any of the volunteer slots, please email me at [RichfieldPTAPresident@gmail.com](mailto:RichfieldPTAPresident@gmail.com).

The Winter Wonderland Pancake Breakfast is also fast approaching. This will be on Sunday, December 3 from 10-1 at Richfield. There will be a pancake breakfast, hot chocolate bar, crafts and photos with Santa. Funds raised from this event help support the Phase II Outdoor Improvements at Richfield! [Tickets are \\$5 and can be purchased here.](#)

Thank you all for the support you have shown this year! We couldn't put on all these fun activities at Richfield without the many hours volunteered by our parents, staff, and teachers. We are thankful for you!

---

## Thank you!

Thank you to Mrs. Merzweiler who took over Revere Ready from Mrs. Miller who did it for many years! We greatly appreciate the effort our parents put it to organizing this teacher selected award! The Lanyards are a huge hit!

## **Message from STEM:**

Hello Richfield Elementary Families!

November has brought an incredible wave of innovation and creativity within STEM. Across all grade levels (K-2), students have embraced an inspiring challenge: using fewer materials while delving deeper into problem-solving strategies.

### **Kindergarten Adventures:**

Our Kindergarten students have embarked on small group challenges, extending their learning from nursery rhymes. Their curiosity and teamwork continue to shine brightly!

### **First Grade Marvels:**

First graders have been building prototype solar-powered ovens, experimenting with the fascinating world of light. Their dedication to innovation is truly remarkable.

### **Second Grade Triumphs:**

Meanwhile, our Second graders have poured their energy into crafting Macy Day Parade Floats. They've honed their questioning skills and stamina, exploring strategies to overcome challenges along the way.

As we approach the festive season, winter explorations and STEM learning awaits. Keep an eye out for upcoming opportunities to engage with the PTA and volunteer!

### **Donations Needed:**

To support our ongoing endeavors, I kindly request donations of scotch tape, yarn/string, and pipe cleaners. Your contributions will tremendously help!

**Thank you for your continuous support and involvement in STEM!**

Best,  
Katie Petridis
