Dr. Melton, Robert and Michael,

I am forwarding an email from Mike Salter, COO for Lexington School District One. He briefly answered my question to Cindy Smith regarding the Milone and MacBroome, the company we are considering for our school assignments. See below.

Good morning Beth. We used Milone and MacBroom. They are based out of Connecticut. They did an outstanding job for us! We would highly recommend them. They didn't spend much time on site but worked through our data remotely. They appeared to have been long time Lexington residents with the way they talked about our district in the presentations they made.

They have a good relationship with our County GIS department so that should help with getting accurate data.

We worked with Mike Zuba. His phone number is 203-271-1773 and email is mzuba@mminc.com. Let me know if you have any other questions. Thanks!

Jeff Salters

Chief Operations Officer

Lexington School District One

Beth,

I'm going to pass this question to Jeff Salters. He is more prepared to answer these questions than I.

I hope your summer is going well. So many exciting times in your family!!

Let's eat lunch soon.

Jeff, Beth is on the Lex 5 board. Would you mind helping her?

Thanks!!

Cindy Smith

Hi Cindy,
I hope you and Phil are enjoying your summer.

We are looking for a company that will handle our rezoning of students once our new elementary school is completed. We are looking at the same company that Lexington One used.

1. Do you recommend them?
2. Do you have any "lessons learned, things I wished that I knew" before going into this process- either in general or specifically with this company?

If it is easier just to tell me these things rather than to email me, that would be great. Whatever is easiest for you.

Thanks so much,

Beth

Beth,

Great follow up and answers from Mr. Salters.

Thanks,

Robert
