Good evening,

My family moved here when I was in the 8th grade and I graduated from Chapin High School in 1999. I am now blessed to be raising my 3 children in Chapin and have watched my niece and nephew thrive in Chapin schools over the past 13 years.

I am writing this email to you this evening to request that you consider increasing the number of tickets that graduating seniors can have for their graduation ceremonies this year. My niece is graduating from Chapin High School this year in the top 5% (9th of her class and possibly has the opportunity to speak during her graduation ceremony. I have literally been to every single school play, dance competition/performance, awards ceremony, etc. that she has ever had and I am devastated that with the current ticket situation for District 5, I may miss the most important event of all. Her academic success is something she has worked so hard for and that we have all supported her through.

If you can allow athletes to have their championships and you can remove mask requirements for district 5, then you can certainly increase the number of people that can attend graduation ceremonies. I am asking with the utmost respect to please consider increasing the number of tickets you are allowing these students to have for their graduations. As it sits right now, my niece will have to choose between which grandparents get to attend and that breaks my heart.

Thank you for your time and consideration,

Ashley Summers
