Dr. Melton, I would not change what your normal process is regarding public participation at special called meetings. If you really want to have a meeting to get feedback, then a public hearing on masks may be helpful.

Thanks,

Tiffany

Mr. Price and Dr. Richardson,

We are considering a special called meeting tomorrow. Typically, we do not have public participation for special called meetings.

Since the topic of masks is so contentious . In your experience and opinion, should we offer public participation?

Monday (May 10) is a regularly called meeting where public participation will be held.

Thank you for guidance in these sensitive matters that are so highly emotional.
