Jan, Last night I asked for a special meeting to address the Face Covering policy if Dr. Melton would not issue written clarification to our parents and community regarding her directives amending our Face Policy (as it allows the superintendent to do) in order to be consistent with SCED guidance.

Since she has now indicated she will not do so, I am formally requesting a special called meeting for Monday afternoon.

I believe this needs to be an in person meeting as it would be hypocritical to have a virtual meeting about masks.

I suggest the following agenda item:

Emergency temporary suspension of all or portions of Policy ADD Face Coverings in order to be consistent with SC Department of Education Guidance.

It is a shame that it has come to this. I cannot believe that we have a policy giving our superintendent the ability to amend procedures to be consistent with state guidelines but she chooses to do so only by talking with her staff and refuses to make those directives known to parents. This is a sad day for our district.

Thanks,
Cathy
