

# Emmett High School

## Board Report

October 2023

### PSAT Testing

PSAT testing took place October 24<sup>th</sup>. This was a new testing format for our school district because the entire test was done on line. Until this year, it was a paper and pencil test. I want to send out a huge thank you to Mrs. Korell for organizing the PSAT test district wide. I also want to thank Jon Hetherington and the rest of the tech department for assisting us during the entire testing session. Without the help of our amazing tech department, digital testing would not have been possible.

### Attendance

Student attendance is a hot topic around the state and in the country. Every school in the SIC is dealing with post Covid attendance problems. Emmett High School is no different. We are seeing a huge spike in absences, as well as, in tardies. We are putting an attendance committee together in order to brainstorm the attendance issue and try to find some solutions. I will provide more information to the board in the coming months.

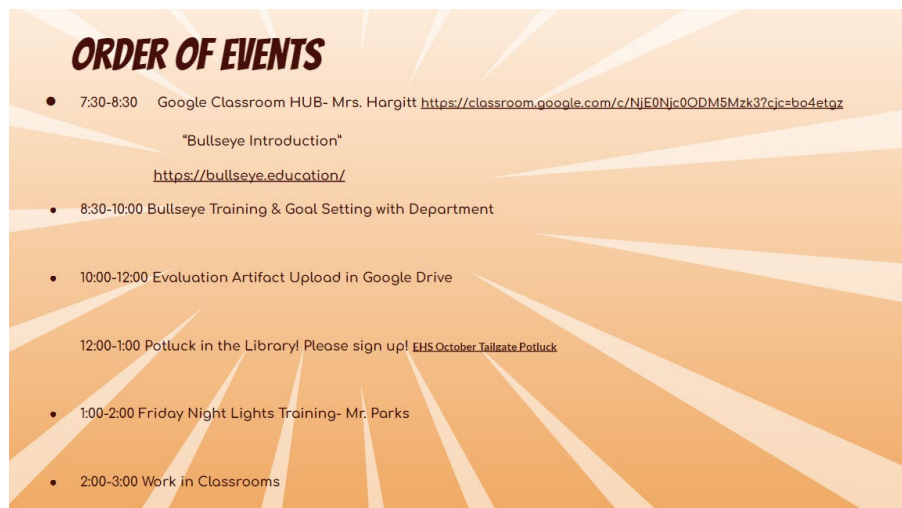

### Graduation

The class of 2024 will be graduating at Emmett High School on Friday, May 24<sup>th</sup> at 7:00 pm. We hope the entire board will make plans to attend.

### Veteran's Day Assembly

Emmett High School will be hosting our Veteran's Day assembly on November 10<sup>th</sup> from 11-noon. Our guest speaker this year will be Chris Rood—a graduate of EHS with a distinguished career in the armed forces. I know Veteran's Day is a busy day, but we would love to have our board in attendance.

### Professional Development-October 6th
