Comprehensive Needs Assessment

Revised/Approved: May 26, 2022

Needs Assessment Overview

Needs Assessment Overview Summary

The Royalwood Site Decision Making Committee met on May 26, 2022 to facilitate the program evaluation and comprehensive needs assessment. The committee identified the following needs to be addressed the following school year 2022-2023:

The Parent Engagement Committee needs to get our parents to get more involved: Insufficient parent participation on parent survey the root cause 112 parents completed the survey out of approximately 530 students could have been due to school closure due to lack of communication through all media.

The Teachers and staff need: The staff needs to continue to grow in delivering instruction and planning and curriculum knowledge and will need staff development to address this area.

Tier 1 instruction need:

The campus met standard on the STAAR for all domains. Improvement needed in 4th grade Math, Reading, and Writing and 5th grade Math and Reading. 5th grade Science had the lowest component score.

The team consisted of:

Campus Improvement Decision-Making Committee

Committee Role Name Position
Administrator Jesus Altamirano Chair

Assistant Principal Priscilla Mundo
Paraprofessional Mellisa Vazquez Secretary

Classroom Teacher Brenda Roca, 1st Grade
Classroom Teacher Karina Abarca, 2nd Grade
Classroom Teacher Ronald Everhart, 3rd Grade
Classroom Teacher Rodrigo Lopez, 4th Grade
Classroom Teacher Julio Dominguez, 5th Grade
Classroom Teacher Cynthia Gourley, SpEd
CIS Marcia Garza, Math
CIS Rocio Castillo, Reading
CIS Marcy Jackson, Math
CIS Shaleka Coleman, Reading

Interventionists: Marisha Randall, Annie Harris
Royalwood Elementary
Generated by Plan4Learning.com

Ancillary Romero Ramirez

Business Partner, Veronica Nunez

Parent Candice Peterson

Counselor Ruby Marroquin

After carefully reviewing all data elements, the campus site-based team has identified the following areas as the primary focus for the 2022-2023 school year:

1. Implement best practices to improve the academic performance for all students especially at-risk students and students who failed STAAR Reading and Math.
2. Continue the implementation of Tier II and Tier III instruction where teachers differentiate content, process, products, and/or the learning environment for all students.
3. Provide well-rounded, rigorous and aligned instruction that will support the whole child through innovative lessons, activities, project-based learning, and data-driven assessments.

This campus is a School-wide program that facilitates a “Conceptual Consolidation” of federal, state, and local funds to improve student performance and upgrade the entire educational program. The Site-based decision-making team collaborates on how the funds will be utilized to enable all students to meet the challenging state academic standards.

Demographics

Demographics Summary

Royalwood Elementary has a student population of 554 students, grades 1-5 for the 2022-2023 school year. The school is a School-wide Title 1 campus and is composed of the following:

Hispanic	427
White	38
African American	57
Asian	0
Male	283
Female	271
Economically Disadvantaged	495
LEP	288
Special Ed	79
Gifted and Talented	38

Based upon district data analysis and information on the new STAAR assessment, the areas of need are identified and listed in priority order:

1. Writing
2. Math
3. Reading
3. EL's
4. SpED

2. Student Demographics by Ethnicity/Race/Sub pop

Race/Ethnicity 22-23	Campus		
AA	10.29%		
W	6.86%		
H	81.23%		
Asian	0%		
2 or more	1.44%		
ED	89.35%		
ELL	51.99%		

Student Demographics by Gender

Gender	Campus		
F	48.92%		
M	51.08%		•

Student Demographics by Special Populations

Special Population	Campus		State
Special Education	14.31%		
ELL	51.99%		
Gifted & Talented	6.86%		
Section 504	1.99%		
Economically Disadvantaged	89.35%		

Staff Demographics by Ethnicity

Ethnicity	Campus 22-23		
AA	11		
H	34		
W	13		
A	0		

Staff Demographics by Years of Experience 2022-23

Years of Experience	Campus	District
1-5	13 (48%)	32.3%
6-10	7 (25.9%)	19.3%
11-20	7 (25.9%)	25.1%

Demographics Strengths

- Growth in community/ New subdivision
- Creating one major group when it comes to accountability (LEP)
- Increasing Enrollment
- Even split in student pop (Female/Male)

- Low-Mobility Rate
- Strong Community involvement and strength

Demographic Data

A. Student Enrollment

Strengths:

- Increase in student population
- Growth in community
- Mobility rate, lower than District and State Average

B. Student Demographics by Ethnicity

Strengths:

- The campus population is diverse

C. Student Longitudinal Demographics by Ethnicity

Strengths:

- Steady numbers
- the demographics have remained similar over the years.

D. Student Demographics by Gender

Strengths:

- Even split in student population

E. Student Demographics by Special Populations

Strengths:

- The number of Special Education students are below the district and state percentage

F. Staff Demographics by Ethnicity

Strengths: a diverse population

H. Staff Demographics by Years of Experience 2022-23

Demographics Strengths

- Diverse Backgrounds and Experience

Problem Statements Identifying Demographics Needs

Problem Statement 1: Student Demographics by Special Populations demonstrates a need on how to reach/teach the children of poverty , improve RtI and ELL educational support to improve academic achievement and growth. **Root Cause:** ELLs comprise over half of our population, most of our population are economically disadvantaged (ED) and need more technology resources that provide rigorous language and academic support

Problem Statement 2: Staff Demographics by Years of Experience 2022-23 data shows 12 staff members with less than 2 years experience **Root Cause:** Retirement, promotion, movement within the district.

Problem Statement 3: SPED, ED and EL students STAAR scores dropped during the COVID pandemic. **Root Cause:** Students' inconsistent attendance and/or limited delivery opportunities of rigorous instruction through the hybrid learning model, during COVID, created a non-conducive learning environment.

Student Achievement

Student Achievement Summary

2022 Grade Level/Subject: _____ 3rd STAAR Reading _____ Campus Component Score: 52.77%

2021 Grade Level/Subject: _____ 3rd STAAR Reading _____ Campus Component Score: 29%

2019 Grade Level/Subject: _____ 3rd STAAR Reading _____ Campus 71%

2018 Grade Level/Subject: _____ 3rd STAAR Reading _____ Campus 80% / District 74% / 71%

2017 Grade Level/Subject: _____ 3rd STAAR Reading _____ Campus 67% / District 59% / State 72%

2022 Grade Level/Subject: _____ 4th STAAR Reading _____ Campus Component Score: 50.61%

2021 Grade Level/Subject: _____ 4th STAAR Reading _____ Campus Component Score: 35%

2019 Grade Level/Subject: _____ 4th Reading _____ Campus 77%

2018 Grade Level/Subject: _____ 4th Reading _____ Campus 67% / District 59% / State 71%

2017 Grade Level/Subject: _____ 4th Reading _____ Campus 72% / District 61% / State 70%

2022 Grade Level/Subject: _____ 5th STAAR Reading _____ Campus Component Score: 49.10%

2021 Grade Level/Subject: _____ 5th STAAR Reading _____ Campus Component Score: 44%

2019 Grade Level/Subject: _____ 5th Reading _____ Campus 89%

2018 Grade Level/Subject: _____ 5th Reading _____ Campus 89% / District 77% / State 78%

2017 Grade Level/Subject: _____ 5th Reading _____ Campus 78% / District 70% / State 83%

2022 Grade Level/Subject: _____ 3rd STAAR Math _____ Campus Component Score: 46.93%

2021 Grade Level/Subject: _____ 3rd STAAR Math _____ Campus Component Score: 30%

2019 Grade Level/Subject: _____ 3rd Math _____ Campus 80%

2018 Grade Level/Subject: _____ 3rd Math _____ Campus 77% / District 70% / State 77%

2017 Grade Level/Subject: _____ 3rd Math _____ Campus 68% / District 70% / State 76%

2022 Grade Level/Subject: _____ 4th STAAR Math _____ Campus Component Score: 37.96%

2021 Grade Level/Subject: _____ 4th STAAR Math _____ Campus Component Score: 38%

2019 Grade Level/Subject: _____ 4th Math _____ Campus 77%

2018 Grade Level/Subject: _____ 4th Math _____ Campus 81% / District 69% / State 77%

2017 Grade Level/Subject: _____ 4th Math _____ Campus 74% / District 68% / State 75%

2022 Grade Level/Subject: _____ 5th STAAR Math ____ Campus Component Score: 46.59%

2021 Grade Level/Subject: _____ 5th STAAR Math ____ Campus Component Score: 39%

2019 Grade Level/Subject: _____ 5th Math ____ Campus 88%

2022 Grade Level/Subject: _____ 4th Writing ____ Campus Component Score: NA

2021 Grade Level/Subject: _____ 4th Writing ____ Campus Component Score: 28%

2019 Grade Level/Subject: _____ 4th Writing ____ Campus 69%

2018 Grade Level/Subject: _____ 4th Writing ____ Campus 59% / District 45% / State 61%

2017 Grade Level/Subject: _____ 4th Writing ____ Campus 62% / District 55% / State 63%

2022 Grade Level/Subject: _____ 5th Science ____ Campus Component Score: 33.69%

2021 Grade Level/Subject: _____ 5th Science ____ Campus Component Score: 30%

2019 Grade Level/Subject: _____ 5th Science ____ Campus 75%

2018 Grade Level/Subject: _____ 5th Science ____ Campus 72%

2017 Grade Level/Subject: _____ 5th Science __ Campus 67%

Student Achievement Strengths

This campus Met Standard and continues to be on a track for growth.

Royalwood Attendance for the 2021-2022 school year was 95.79%.

Royalwood STAAR scores were the highest in the district compared to other elementary schools.

Implementation of AVID for 1-5th grade students.

EL TELPAS writing growth was the highest in the district.

Problem Statements Identifying Student Achievement Needs

Problem Statement 1: Improvement needed in Reading, Math, Science and Writing with the LEP student population. STAAR system safeguards report indicated that we must work to assist our ELL students in the areas of Reading, Writing, Science and Math. **Root Cause:** Limited delivery opportunities of rigorous instruction through the hybrid learning model, during COVID, created a non-conducive learning environment.

Problem Statement 2: 3rd Grade Reading increased the approaches grade level score from 53% in 2021 to 80% in 2022. The students who receive Special Education services only reached 20% approaches **Root Cause:** We are still seeing gaps in students' foundational math skills and ability to do basic computation due to instructional time lost during COVID and hybrid instruction. Small group and accelerated instruction must be implemented with fidelity to try and prevent these gaps from getting larger as students' progress through the elementary grades.

Problem Statement 3: 3rd grade math increased by 21% in approaches grade level from 2021 to 2022. From a 55% to 76% with an overall component score of 47. **Root Cause:** We are still seeing gaps in students' foundational math skills and ability to do basic computation due to instructional time lost during COVID and hybrid instruction. Small group and accelerated instruction must be implemented with fidelity to try and prevent these gaps from getting larger as students' progress through the elementary grades.

Problem Statement 4: 4th Grade Reading increased their component score from 35.71% in 2021 to 50% in 2022. The students who receive Special Education services only reached a total of 13.3% component score **Root Cause:** We are still seeing gaps in students' comprehension skills and understanding grade level text due to their lack in reading foundational skills. Instructional time was lost during COVID and hybrid instruction. Small group and accelerated instruction must be implemented with fidelity to try and prevent these gaps from getting larger as students progress through the elementary grades.

Problem Statement 5: 4th grade math only increased by 1% in approaches grade level in from 2021 to 2022. From a 59% to 60% with an overall component score of 38. **Root Cause:** We are still seeing gaps in students' foundational math skills and ability to do basic computation due to instructional time lost during COVID and hybrid instruction. Small group and accelerated instruction must be implemented with fidelity to try and prevent these gaps from getting larger as students progress through the elementary grades.

Problem Statement 6: 5th Grade Reading increased their component score from 45% in 2021 to 49% in 2022. The students who receive Special Education services only reached a total of 9.5% component score. **Root Cause:** We are still seeing gaps in students' comprehension skills and understanding grade level text due to their lack in reading foundational skills. Instructional time was lost during COVID and hybrid instruction. Small group and accelerated instruction must be implemented with fidelity to try and prevent these gaps from getting larger as students progress through the elementary grades.

Problem Statement 7: 5th grade math had a percent score of 62% on the 2022 STAAR test. This is up from the 2021 STAAR test, but still significantly below the 2019 5th grade performance on Math STAAR. **Root Cause:** We are still seeing gaps in students' foundational math skills and ability to do basic computation due to instructional time lost during COVID and hybrid instruction. Small group and accelerated instruction must be implemented with fidelity to try and prevent these gaps from getting larger as students progress through the elementary grades.

Problem Statement 8: 5th grade science approaches grade level dropped by 1% from 2021 to 2022 and from 75% approaches in 2019 to 62% in 2022. **Root Cause:** During COVID students did not have access to hands on activities and science labs. Therefore they were not able to make connections between science concepts and real world experiences. To alleviate this problem, students need hands on investigations and opportunities for inquiry based learning.

School Culture and Climate

School Culture and Climate Summary

Based upon district data analysis, STAAR data, campus surveys and outcomes generated through staff collaborative meetings and discussion groups, the following are identified as priority areas:

- Attendance for students due to COVID
- Improve Tier 1 and Tier 2 Instruction and Intervention
- Accelerated instruction for students who did not pass the STAAR
- Writing across all content areas

The campus student attendance rate for the 2020-2021 school year was 95.79%

The campus student attendance rate for the 2019-2020 school year was 97.17%

The campus' student attendance rate for the 2018-2019 school year was 96.8%.

School Culture and Climate Strengths

Based on SBDM Committee and Leadership collaborative meetings and staff surveys, the staff feels that the atmosphere at Royalwood Elementary is good. They participate in the process of collecting and reviewing data to inform curriculum and instructional decisions. This gives the teachers a voice in the decision-making of the campus.

Teachers collaborate during PLCs to improve the instructional planning and delivery processes. All staff members work together to provide targeted interventions according to each student's need during school-wide intervention.

Based on results of the parent survey, parents feel comfortable communicating and working with the teachers at Royalwood Elementary.

Parents are able to participate various events that parents participate in throughout the year in person, ie meet the teacher and open house.

Every Bi-weekly faculty meeting, we start off with staff celebrations.

A weekly newsletter is distributed to staff with important information and updates.

Parents have their children participate in the afterschool program.

School personnel use Class Dojo, School website, School Messenger, and Remind to communicate with parents.

Problem Statements Identifying School Culture and Climate Needs

Problem Statement 1: Parents/teachers/staff/students are getting adjusted to learning routines and procedures. **Root Cause:** Large turnover of staff due to retirement, promotions and in district movement.

Staff Quality, Recruitment, and Retention

Staff Quality, Recruitment, and Retention Summary

A highly qualified, highly trained, motivated staff is perhaps the most important ingredient in the teaching-learning equation. As documented numerous times in various research studies, good teaching makes the difference in student success rates.

Based upon district data analysis and information on the new STAAR assessments, the areas of need are identified and listed in priority order:

- Continued staff development and training for teachers
- Staff rewards, incentives, and recognition

Staff Quality, Recruitment, and Retention Strengths

- Low teacher turn over each year
- Weekly instructional planning meetings to support teachers
- Weekly grade-level PLC meetings to support teacher growth and development, data monitoring, and student intervention planning
- Learning Walks / Instructional Rounds to provide productive feedback on teacher performance and effectiveness
- In-district training and staff development for teachers
- Awards and recognition (jeans passes, positive notes) publicized during staff meetings/announcements
- Video / photo documentation of effective classroom practices are shared with staff during faculty meetings, PLC's and trainings to support teacher growth
- Teacher Recognition during weekly staff news letter.
- Teacher collaboration in teaching assignment.
- Mentor program for new teachers.
- Interview Committee for potential staff members.

Problem Statements Identifying Staff Quality, Recruitment, and Retention Needs

Problem Statement 1: Teacher/Staff shortage throughout the state. **Root Cause:** Large turnover of staff due to retirement, promotions and in district movement.

Curriculum, Instruction, and Assessment

Curriculum, Instruction, and Assessment Summary

Royalwood Elementary follows the district's curriculum scope and sequence and timeline. At the beginning of the semester, we meet as a team and review the curriculum. At the end of each quarter, we meet to for Data Talks with grade levels and support staff where we review DCA's, discuss curriculum, students results and needs, and create plans for intervention and enrichment.

Through Data Talks and PLC planning meetings, we've discovered the strengths and weaknesses within our campus and have implemented the following program changes.

Curriculum and Instruction

Reading:

- Planning PD for teachers in 1st and 2nd grades with the Curriculum Instructional Specialist.
- Planning PD for teachers in 3rd-5th grades with Curriculum Instructional Coaches.
- Developing common assessments for 1-5th grade
- Silent Sustain Reading with a reader's response and purpose and student monitoring in their interactive notebook
- Reading Academy and Phonics implementation
- MCLASS
- Wonders
- Education Galaxy

Math:

- Math Fluency practice during down time in the hallways and grade level competitions
- Planning with District and/or Curriculum Instructional Specialist for 1-2 "Backward Design"
- Developing common assessments for 1-5th grade
- Education Galaxy

Science:

- Opening of the science lab
- Using Stemsopes Lessons
- Project Based Learning Lessons
- Education Galaxy
- Hands on Investigations

School Wide:

AVID strategies implement schoolwide

Technology to enhance delivery of instruction and student products

Lion Time for planned intervention and enrichment where another staff member pushes in and/or pullout for 50 minutes daily

Programs being used include: Zearn, Xtra Math, Education Galaxy, MCLASS, Imagine Learning, Learning.com, Countdown for STAAR, Fast Focus in English and Spanish

Cross-curricular writing

Agenda/Folder Parent Communication

Implementation of CHAMPS

MyOn

Technology:

Students have access to Touchscreens and Chromebooks to be used for the programs and for reading independently.

Continue the implementation of touch screen-interactive boards.

Balanced Literacy

Data Tracking Sheet

Curriculum, Instruction, and Assessment Strengths

Sheldon ISD provides the campus with the vertically aligned Sheldon curriculum including a scope and sequence for teachers to follow in all core subject areas. Classroom teachers worked with district personnel to help develop this curriculum. Teachers are provide additional strategies through AVID. Snapshot assessments were created by teachers. Coaches meet weekly with teacher for planning and support. Tutors and CIS provide assistance in the classrooms pulling small groups for small group instruction, accelerated instruction, and conferencing with students.

100% Completion for Reading Academy

100% Completion of GT Hours

The strengths on campus are the support of personnel and developing the growth mindset of our staff. We are currently improving the implementation of guided math, guided reading, science lab and intervention.

- Implementation of MCLASS
- District support with Curriculum Specialists: Reading, Math, Science
- District wide curriculum with the Scope and Sequence
- District wide support with the assessment
- Education Galaxy
- Zearn (Intervention)
- Best Practices Phase I & II

Problem Statements Identifying Curriculum, Instruction, and Assessment Needs

Problem Statement 1: Teachers struggle with effective delivery, development and implementation of reading, writing, science and math instruction. **Root Cause:** Lack of training and resources on the ELAR TEKS, Spanish instruction, Guided reading and guided math.

Problem Statement 2: All students including economically disadvantaged, ELLs and special education students struggle with writing. **Root Cause:** Direct aligned instruction and specialized instruction is needed. Writing must be integrated across all content areas.

Parent and Community Engagement

Parent and Community Engagement Summary

Royalwood values the support and feedback of our parents and community. To ensure that the community is well informed of campus information, communication is provided to all parents in English and Spanish. Royalwood will provide all communication in English and Spanish to continue our commitment to building a strong home-to-school partnership.

One of the primary goals of Royalwood Elementary faculty and students, as outlined in the campus plan, is to promote parental, family and community engagement to support student achievement. In order to accomplish this goal, the campus will work to build an active parental and family engagement program that supports the vision of the campus. Parents and families will continually be encouraged to become active participants in the educational process. The faculty/staff of Royalwood Elementary will host family events to promote a positive partnership. The PTO was established to provide parent and family engagement opportunities as well.

According to the parent and family engagement survey given at the end of the 2021-22 school year, parents are pleased with the education, school and safety of Royalwood Elementary. Parents and families are able to participate in the school activities throughout the day and during special events. Parents and family can volunteer, be a part of PTO, Watch Dogs, and help from home.

Royalwood Elementary has a large parent and family participation in parent and family engagement activities such as as Literacy night, STEAM Night, Dances, Math and Science Nights, AVID nights, Grade level Book Breakfasts, Dances, Field Days, and classroom parties.

Based on the survey given to parents at the end of the school year 2021-2022, the parents would recommend Royalwood to other parents. The overall rating received from the parents is a A.

Parent and Community Engagement Strengths

To establish strong parent and family engagement activities in grades 1-5, district and school staff will involve parents and families in appropriate training for service in voluntary instructional and support roles at school. Parents and families will be invited to become active participants in their child's learning at every grade level, including membership in a variety of organizations. This goal will be accomplished through these activities and/or services:

- Art Students' Participation in Houston Livestock Show
- GT Program and GT Expo
- Dyslexia Parent Meetings
- Dual Language Parent Meetings
- Elementary UIL Events
- Family Math and Science Night
- Family Literacy Night
- GT Parent Meetings and Parent Survey
- Book Breakfast for all students
- Lunch/Breakfast With Students
- Meet the Teacher Nights
- Red Ribbon Week Activities
- Student Health Advisory Committee (SHAC)
- Student Council Organizations
- Summer School Programs, Grades K-12
- Parent/Teacher Conferences

- Careers on Wheels
- AVID Night

Problem Statements Identifying Parent and Community Engagement Needs

Problem Statement 1: Increased Parental involvement in child's literacy. **Root Cause:** Parents working schedules many times do not allow for this or is limited.

School Context and Organization

School Context and Organization Summary

Based upon district data analysis , these areas of need are identified and listed in priority order:

- Instructional materials: Instructional materials check out system including new technology purchased
- Time: Planning, PLC, and Professional Development meetings
- Structure: Beautification projects focused on the exterior areas of the campus.

-

School Context and Organization Strengths

On-going training in guided reading, guided math, and Write to Learn activities/examples are being provided this school year to support teachers and increase learning and success of the students. The campus has purchased an Apple TV and iPad for each classroom. As needed, the campus will continue to add technology to other areas of the school.

Royalwood Elementary employs a highly motivated custodial crew. These support personnel spend summers and holidays preparing the school for student learning. Although the building is 45 years old, it remains well maintained and clean. The campus is equipped with fire extinguishers and complies with all health and safety code requirements including food/nutrition regulations. The campus is an age-appropriate building, conducive to learning, and in compliance with the Americans of Disabilities (ADA) requirements. Recent campus renovation projects took place in 2008 and 2010.

Problem Statements Identifying School Context and Organization Needs

Problem Statement 1: Many areas of the building are in need of repair or replacement. **Root Cause:** The building is old, wear and tear have contributed to the items that are in need of repair and/or replacement.

Technology

Technology Summary

Student time and exposure to new technology, teacher training, and adding more/new technology is a priority at RE. There are areas of the building that have weak Wifi connectivity.

Technology Strengths

- Apple TV in classrooms
- 1-2 iPads per classroom
- Teacher computer per classroom
- Student computer per classroom
- 1:1 student chromebooks
- document camera and projector per classroom
- audio voice enhancement per teacher
- Campus has 2 COW carts (Computers on Wheels)
- Campus has 2 ipad carts
- All students cycle through computer lab weekly
- Webcams for every teacher

Problem Statements Identifying Technology Needs

Problem Statement 1: Technology and tech support are needed to support at home learning. **Root Cause:** Students need access to technology in order to connect to Zoom and Google Classroom for classroom assignments that need to be completed at home.

Priority Problem Statements

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Campus/District improvement plans (current and prior years)

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Student Success Initiative (SSI) data for Grades 5 and 8
- Local diagnostic reading assessment data
- Running Records results
- Observation Survey results

Student Data: Student Groups

- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records

Employee Data

- Professional learning communities (PLC) data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Goals

Goal 1: Royalwood Elementary will maximize student learning for all students.

Performance Goal: By May 2023, Royalwood Elementary will increase the overall STAAR component score from 45 to 55 by increasing the number of students who achieve Meets and Masters Levels of Performance.

Performance Objective 1: By May 2023, student performance on STAAR reading 3, 4, 5 grades will component scores will increase: 3rd grade 52.8% to 58%, 4th grade 50.61% to 55%, 5th grade 49.1% to 55%. By June 2023, TRC will increase from 51% to 60% in 1st grade and from 26% to 45% in 2nd grade. The overall percentage of students at Approaches will increase from 75% to 80% in Reading. The overall percentage of students at Meets will increase from 48% to 53% in Reading. The overall percentage of students at Masters will increase from 25% to 30% Reading.

High Priority

Strategy 1 Details	Reviews			
Strategy 1: We will implement progress monitoring assessments to track student data, Guided Reading, Running records, mClass, and teacher created assessments in all grade levels. (Periodically scheduled through September 2022- May 2023) Strategy's Expected Result/Impact: By the end of the 1st quarter we will review DCA1 data and expected results should be an increase of 5 percentage points. Staff Responsible for Monitoring: Teachers will use guided reading lesson plans and the Reading Academy plan templates to monitor progress. Campus Administration and Instructional Coaches will use the guided reading walk-through forms to monitor effectiveness and progress. TEA Priorities: Build a foundation of reading and math	Formative			Summative
	Nov	Jan	Mar	June

Strategy 2 Details	Reviews			
Strategy 2: Utilize classroom devices for mClass and small groups (stations) and tutoring. (Sept 2022-May 2023) This strategy addresses the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards. Strategy's Expected Result/Impact: Technology implemented lesson plans, technology device monitoring, data from mClass. Staff Responsible for Monitoring: Teachers, Campus Administration, Technology Department, After School Program Coordinator TEA Priorities: Build a foundation of reading and math	Formative			Summative
	Nov	Jan	Mar	June
Strategy 3 Details	Reviews			
Strategy 3: Utilize a variety of research-based instructional resources (mClass, Think Up, Mentoring Minds) and strategies (Balanced Literacy, Lead4ward, stem scopes, AVID and intervention strategies, Imagine Learning, Reading A to Z). (September 2022- May 2023) Strategy's Expected Result/Impact: Classroom Observations, T-TESS data, assessment data, AVID walkthroughs, and TTM Data will all increase effective classroom instruction, and help students make progress instructional, and become college and career ready. Staff Responsible for Monitoring: Campus Administration Instructional Coaches TEA Priorities: Build a foundation of reading and math - Additional Targeted Support Strategy	Formative			Summative
	Nov	Jan	Mar	June
Strategy 4 Details	Reviews			
Strategy 4: Offer an after school program that will provide academic assistance in all core subjects. (August 2022- May 2023) Strategy's Expected Result/Impact: Implementation of the after-school program will increase comprehensive instruction in all core subject areas. Staff Responsible for Monitoring: After School Program TEA Priorities: Build a foundation of reading and math Funding Sources: Part-time Front-line staff - 265-21st Century After-School Program (Cycle 10) - \$50,000, Professional development - 265-21st Century After-School Program (Cycle 10) - \$2,500, Instructional materials and supplies for activities - 265-21st Century After-School Program (Cycle 10) - \$4,500, Extra duty pay for school day staff to support tutorials - 265-21st Century After-School Program (Cycle 10) - \$3,000	Formative			Summative
	Nov	Jan	Mar	June
