4. Describe the action steps the school/district will take to reduce the opportunity gap in student possession of ASB cards and/or participation in extracurricular activities for the up coming school year.

During the 2023-24 school year, we will ensure that all students are aware of extracurricular activities within and outside of the school. As a small choice school, student participation in athletics takes place at their neighborhood school. We will ensure that students are aware of these opportunities. Additionally, since low income students are able to access an ASB card via a fee waiver, we will proactively insure that the student identification cards of our low income students are provided with the ASB designation.
