**4. Describe the action steps the school/district will take to reduce the opportunity gap in student possession of ASB cards and/or participation in extracurricular activities for the up coming school year.**

**ASB Card**

- In the fall, the school will request a list from nutrition services of all students that qualified for FRL and consented to share data for fee waivers, and issue these students the cards. The school will request this list at the beginning of each month to ensure kids that signed the consent form late or apply and receive FRL after the initial check are not missed. ASB cards will also be issued for students that qualify for McKinney Vento services.
- The district will create a 1-page informational flier on the benefits of having an ASB card.

**Participation**

- At the beginning of each athletic season the school will advertise that participation in athletics is free to any student that qualifies for FRL and consented to share data for fee waivers, or qualifies for McKinney Vento services. It will be advertised through email and in school announcements.
- The school will utilize family connection centers to send targeted communications to the students/families that qualify.
