4. Describe the action steps the school/district will take to reduce the opportunity gap in student possession of ASB cards and/or participation in extracurricular activities for the up coming school year.

ASB Card Possession
 1. In the fall, the school will request a list from nutrition services of all the students that have qualified for F&R and will issue these students the cards. The school will request this list from nutrition services at the beginning of each month in order to make sure the kids that signed the consent form late or apply and receive F&R after the initial check are not missed.

Participation
 1. At the beginning of each athletic season the school will advertise that participation in athletics is free to any student that qualifies for FRL or the College bound scholarship program. It will be advertised through email and in school announcements.
 2. The school will utilize family connection centers to send targeted communications to the students/families that qualify.
