

Elementary Family Technology Webinar

Remote Learning 2.0

- Increased contact time with educators (live meetings)
- Commitment to consistency (calendar, announcements, assignments)
- Why district devices

Device Use & Care

Charge up every night

Don't create hazards

Keep food & drinks away from devices

Find suitable spot for student to study

Setting Rules and Boundaries

- You have our permission to have rules about how BSD technology gets used at home

- Screen Lock
- Screen Recording
- Browse 24-hour Web History

- Common Space in the house
- Not the student's bedroom
- You're can ask your student for their username/password

Device Bedtime

- We recommend having a common place in the home to plug all devices in, not just the district laptop
- Reduce interruptions during the night (good idea for adults as well)

Internet Safety

- Students have a new Internet filter with better capabilities
 - Client and back end based.
 - Give more granular controls.
- Tested for a year at International School
 - Still fine-tuning filters.
 - Email parenthelp@bsd405.org
- All students in BSD have an @bsd405.org email address
 - Students are only allowed to email with the @bsd405.org domain

Steps You Can Take At Home

- Many routers can block websites, however, it gets tricky.
 - New sites appear all the time. It turns into a game of whack a mole.
 - You may accidentally block educational resources needed for class.
- Tools are not 100% effective; it takes multiple approaches.

Common Sense Media

A screenshot of the Common Sense Media website. The top navigation bar includes tabs for "For Parents" (selected), "For Educators", and "For Advocates". Below this is the "common sense media" logo, a search bar with the placeholder text "Find movies, books, and more...", and buttons for "Sign in", "Join", and "Donate". A secondary navigation bar contains categories: "Movies & TV", "Books", "Apps & Games", "Parents Need to Know", "Latino", "Research", "About Us", and "Distance Learning". The main content area is divided into four columns: "By Age" (listing age groups from preschoolers to teens), "By Topic" (listing topics like cellphones, screen time, social media, etc.), "Parents' Ultimate Guide to ..." (listing various apps and platforms like Minecraft, Google Classroom, Fortnite, etc.), and "What's New" (featuring an article titled "How to Guide Your Kid Through Election Season" and other resources like "All Articles", "Family Media Agreement", etc.).

- Great source of information for families
- Guide to 3rd party tool you can use on your personal devices
- Guidelines for social media use.

Remote Learning with Microsoft Teams

Teams Big 3 for Families and Students

Where to find class
announcements

How to see a calendar of virtual
meetings specific for your
student

How to access content and
assignments in Teams

Opening Teams

On laptops, Teams automatically opens and can be found on the start menu

On an iPad, tap on the Teams app Tile

Microsoft Teams

Welcome to Microsoft Teams!
A happier place for teams to
work together.

Sign in

Sign up for free

Logging Into Teams

- On both iPads and Laptops, the district device is already logged in for the student.
- Should you need to login again use the Student Email and Password
- Your school can support you if unable to login

SDS Syncing Teams from Synergy

All schools (except Interlake and K5 Specialists) now syncing

sITCLS and RTS and eITCLS your staff will begin seeing their classes (and homerooms) in Teams. Schedule changes will sync nightly (if not more frequently as we manually refresh things) Teachers will need to activate their teams following this checklist: [Teams Set Up Check List.docx](#). On Monday morning we should have Interlake's schedule done and can begin syncing it. We hope the same for the elementary contacts.

What's in Clever?

Curricular and Instructional Apps

	Adaptive math learning-- students are working at their level Grades K-5
	Adaptive literacy and phonics Grades K-5
	Keyboarding instruction in a fun and engaging setting. Grades 2-5
	Social Studies curriculum website Grades 2,3, 5 Grades K/1 - Teacher will provide resources
	Reading resources in English and Spanish Grades K-2 *NEW this year in Clever*
	Code.org provides coding lessons Grades K-5
	Science Curriculum website Grades K-5
	Newsela provides high-quality news articles at appropriate reading levels Grades 2-5

Clever helps you access our online curriculum

New Curriculum Resources

- **Freckle**- an online learning platform that allows students to practice Math at their own level. It is also our Screening and Diagnostic Assessment tool.
- **Lexia**- an online English reading program for students to develop both foundational and advanced reading skills.
- Both programs:
 - Provide appropriate challenge, whether they're working at, above, or below grade level
 - Sign-in through clever
 - Teacher will train students on use and progress monitor

Common Questions

How can I access my student's account on my device?

- <https://bsd405.org/departments/district-technology/microsoft-office-365/>
- Install a free copy of Office on your home machine too 😊
- Add student email to Teams or Outlook on your Phone

How can I print things from my student device?

- iPads can connect to any AirPrint enabled printer
- Laptops have many common print drivers pre-installed
- They will need to be connected to the printer via a USB-cable
- Remember you can access Office/OneDrive/Teams on any device
