Attend a Lockheed Martin Space Virtual Information Session.

Submit Pre-Screen Form. (*Formal applications must have a Pre-Screen form)
Submit Formal Application by location.

Application deadline: January 5, 2024.

Register for an Information Session Today!

The Lockheed Martin Space High School Internship program is designed to give students the opportunity to work with aerospace scientists and engineers. High School Intern candidates must be **at least 16 years old** and spend 9-10 weeks from June to August working and learning 30-40 hours a week on actual Lockheed Martin Space projects while receiving an hourly wage. This internship is local to Colorado Springs.

To learn more about our Summer 2024 High School Application process, please join one of the upcoming Lockheed Martin Space High School Intern Program Information Sessions. Registration is required. After registering, each participant will receive a confirmation email on how to join the session. See available sessions below:
