

FAIRFIELD LOCAL SCHOOLS

Weather Delay / Closure Protol

Determination of Delay or Closure

- **The day/evening before a weather event is predicted...**
 - Mrs. McCoy will monitor weather activity on Cincinnati news channels and weather apps.
 - If the predicted weather event could impact a safe commute, Mrs. McCoy will evaluate the possibility of delaying or closing school.
- **The morning of the weather event...**
 - Mrs. McCoy will drive our roads and have other staff report as to the road conditions.
 - Mrs. McCoy will communicate with other local Superintendents and Southern State Community College to discuss road and weather conditions in their districts.

Communication of Delay or Closure

- **If a school delay or closure is warranted, the following times will be met for making the call:**
 - 5:00am will be our goal to make the call about a delay or closure.
 - 5:30am will be the hard deadline for making the call.

NOTE: If we begin on a delay, and it is determined that we should then close, the announcement/communication will be made no later than 7am

- **If the decision is made to delay or close, the following communication will occur:**
 - A district-wide call will be sent to all those on our call list.
 - A post will be made to the District's Facebook page.
 - Cincinnati TV and local radio stations will be notified.

Guidelines - 2-hour Delay

- Breakfast will not be served.
- Morning preschool is canceled.
- All school transportation is delayed

Guidelines - Cancellation

- All school transportation is canceled.
- ALL activities for the day, including practices, games and school functions, are also canceled. The only exception is if we are preparing for post season play. ***Weekend activities will be monitored and the call will be made accordingly.***

NOTE: After 7 snow days, student/staff should follow the Remote Learning Plan

The number one goal is for a safe commute to school for our students and staff.

It's a Great Day to be a Lion!
