

13+ ACADEMIC SCHOLARSHIP INFORMATION

2024

HARROW
SCHOOL

Mathematics 1 and English papers are sat in boys' own schools mid-January as a preliminary round. These results together with school references will be used for shortlisting boys for the main assessments later in the term.

The main assessments consisting of Mathematics 2, Philosophy & Applied Ethics and three to six optional papers from Geography, History, Science, French, Latin and Ancient Greek are taken, where possible, in boys' own schools in February (dates below).

In addition, boys are invited for a one-day Academic Scholarship visit to Harrow in February for interviews and to take the Analytical Reasoning and the General Linguistics exams. Please note the following changes to the 2024 assessments:

- Latin will be a 60-minute paper.
- French consists of a 60-minute written paper and an oral test. The written paper includes text-based activities, including vocabulary recognition and grammar manipulation. There will be short sentences to translate into French and a composition in French of approximately 130 words, based on an outline given in English. During the five-minute oral test, boys will have the opportunity to talk about themselves and their interests, using different tenses.

Please note the following dates for 13+ scholarships in 2024

1 December 2023	Deadline for all 13+ scholarships (this includes the Academic Scholarship). Applications from candidates that miss this deadline are not guaranteed to be considered.
