

MISSION

Bridgeton Elementary School will partner with families and community members to create an equitable, safe, and caring environment in which students can learn and excel academically, socially, and emotionally through enriching experiences and personalized instruction.

VISION

At Bridgeton Elementary School, we envision a school community that is supportive, empowering, and celebrates all achievements. Staff, students, families, and community members will work together to provide opportunities for each student to be successful lifelong learners in our school and in our society.

BES Parent Center

Title 1 funds are used to purchase items for families as a resource for assisting students' academic success at home. Parents have access to many resources that support reading, math and social/emotional needs. These resources can be checked out and used at your convenience. If you are needing resources to support your child's success, please contact your child's teacher or email Susan French (susan.french@cravenk12.org) to request specific items. We even have family board games available to increase family engagement and create fun family nights.

Bridgeton Elementary School

About Us

Bridgeton Elementary School is located just across the beautiful Neuse River and the historical New Bern, NC. BES is set in a rural community just outside the city limits of Bridgeton, NC. With history, blueberry fields and water views nearby, the area has so much to offer. This school has been an intricate part of the community for many years. At BES, we are a family. We believe in giving back to our families and community. We work to instill these same principles in our students that we teach each year. We encourage our students to be successful academically and as good citizens throughout the community.

BES is a Title 1 School

Being a Title 1 school means BES receives federal funds each year to focus on improving the academic achievement of disadvantaged students. We can use the money to purchase materials, equipment, additional staff, and provide professional development for teachers! Title I teachers work closely with all students and staff to provide support in successfully meeting school goals.

BES believes the more parents are involved with their child's schoolwork, the higher the level of achievement and attendance. BES encourages all parents to be informed and to participate in decisions affecting the school and their children's education.

Family Communication

Up-to-date information is made available to families via social media, school website, instant alerts and calls, weekly blue folders and REMIND/Class Dojo app. Families are encouraged to sign up for their child's class REMIND / Class Dojo app in order to easily access classroom information and contact teacher. BES staff can also be contacted via email. Communication between home and school is very important. Please make sure our data manager, Amy Hill, has the most current contact information to ensure you don't miss out on the latest news and updates.
