2415. EVERY STUDENT SUCCEEDS ACT (M)

The Every Student Succeeds Act (ESSA) is a reauthorization of the Elementary and Secondary Education Act (ESEA) of 1965 that provides Federal funds to help all New Jersey's school children achieve. The purpose of the ESSA is to ensure all students have equitable access to high-quality educational resources and opportunities and to close educational achievement gaps. The Board of Education elects to augment the instructional program of students by projects supported by Federal funds allocated under the ESSA and the district will comply with the requirements of all the programs authorized by the ESSA.

The district may be eligible for several grant programs funded through the ESSA, including, but not limited to, Title I through Title VII. Many of the Titles of the ESSA have several parts and subparts that provide a funding source for specific purposes.

Application Procedure

The district will submit an annual ESSA Consolidated Formula Subgrant Application to the New Jersey Department of Education (NJDOE). The school district's application shall include all information required by the NJDOE and the ESSA for the district to be considered for funding under the ESSA.

Covered Programs

Formula grants under the ESSA are non-competitive grants that school districts are eligible for based on the make-up of their student bodies. These formula grants for each Title are committed to different purposes and may be used to support different activities and programs.

Title I

The largest Federal program supporting elementary and secondary education is Title I. The ESSA strengthens Title I requirements for the State's assessments, accountability system, and support for school improvement. The law also requires minimum qualifications for teachers and paraprofessionals in Title I programs.

The school district must use the best available measure for identifying children from low-income families to: identify eligible school attendance areas, determine the ranking of each area, and determine allocations as identified in the Title I guidelines and regulations.

The school district will offer Title I services to eligible children enrolled in private elementary and secondary schools. The services and benefits will be equitable in comparison to services and benefits for participating public school children.

The school district will provide the New Jersey Department of Education assurances it will provide the maximum coordination between the Title I program, the regular school program, and services provided by other programs for specialized populations. The Title I program will consider the special needs of homeless children, migrant children, children with disabilities and limited English Language Learner (ELL) children. Title I funds will be reserved so that migrant children who are otherwise eligible to receive Title I services, even if they arrive during the school year, are served.

Type of Title I Program

The school district will offer a Target Assistance Title I program.

__ School-wide Program

High-poverty schools (a school with at least 40% poverty or any school below 40% poverty with a waiver issued by the New Jersey Department of Education) are eligible to adopt school-wide programs to raise the achievement of low-achieving students by improving instruction throughout the entire school, thus using Title I funds to serve all children in the school. A school-wide program must be established in accordance with the Title I guidelines and regulations and the New Jersey Department of Education.

X Target Assistance Program

Schools that are not eligible for (or do not choose to operate) school-wide Title I programs must use Title I funds to provide targeted services to low-achieving students. A Target Assistance program must be established in accordance with the Title I guidelines and regulations and the New Jersey Department of Education.**]**
