Members of the Board of Education and the Citizens of Muscogee County

After careful deliberation, we present to you the Superintendent's Recommended General Fund Budget for the Muscogee County School District for the July 1, 2023 through June 30, 2024 year enclosed herewith.

This document represents the collaborative efforts of stakeholders throughout our organization, and includes those proven initiatives designed to help all students achieve high standards of learning because we believe that all students can learn. It is through these efforts that we are able to work together collectively as a district in the allocation of available resources to establish a budget which supports our vision of becoming a beacon of educational excellence where all are known, valued, and inspired.

In the building of the District's FY 2024 General Fund Budget, the financial landscape of the state and local economy as a whole serve as a backdrop in defining the District's budget parameters. Budget parameters include those considerations that will be forefront in the budget development process. This budget was built in accordance with the parameters as established by the Board.

Throughout the budget development process, the District, as in prior years, made a conscientious effort to ensure that the budget included funding for those programs and enrichment initiatives that will propel student learning to heighten levels as we continue in our efforts to be a premier school district.

General Fund Revenues

The District is projected to realize Total General Fund Revenues of \$350 million, which is \$40.3 million or 13.02% above FY 2023. This projected increase in Total Revenues is primarily attributed to the State's QBE calculation having no austerity cuts along with an increase of \$2,000 in the salary schedule along with funding for increased employer health costs. State Revenues, which continue to represent the dominate funding source for the District at 57.82% of Total General Fund Revenues, are up \$25.5 million or 14.44% over FY 2023.

Local Property Tax Revenue, including Title Ad Valorem Tax (TAVT), which accounts for 39.82% of Total General Fund Revenues, is projected at \$139.4 million, which is \$13.8 million or 10.96% above FY 2023. The preliminary tax digest received for Calendar Year (CY) 2023, FY 2024, reflects a year-over-year increase from CY 2023 of 11.16%. The TAVT is estimated to generate \$10.0 million in revenue for FY 2024, which is no change from FY 2023. The final mill levy for CY 2023, FY 2024 is set to be adopted by the Board on June 26, 2023 keeping the millage rate the same as in the prior year.

General Fund Expenditures

The Total General Fund Budget for FY 2024, which includes transfers out to other funds, is approximately \$350.0 million, which represents an increase of \$31 million or 9.77% above the FY 2023 budget. This balanced budget includes Total Expenditures of \$341.5 million. Of this amount, \$299.7 million or 87.75% is dedicated to Salaries and Fringe Benefits, and \$41.8 million or 12.25% is allocated to Operational Expenditures.

Highlights of the items included in the FY 2024 Budget are as follows:

- Increase in State Health Benefit Plan employer cost for certificated staff from \$945 per member per month to \$1,580, or 67% increase above FY 2023. Effective January 1, 2024, the rate from the non-certificated staff will increase from \$945 to \$1,445.
- Increase to the teacher salary and related salary scales of \$2,000. Increase to other salary scales of 3%. In addition to these increases, eligible employees will receive step increases depending on the salary scale and longevity.
- Move to outsourcing substitutes

- Additional funding was allocated for the various supplements (athletic, music, academic) paid to teachers
- Added an additional nine English to Speakers of Other Languages (ESOL)
- Additional funding for the move to a semi-monthly payroll for non-exempt employees
- Added Grades 8 and 11 added to Lighthouse Virtual Academy
- Changes to district positions include adding:
 - Two additional full-time police officers for the Division of Executive
 - Director of Leadership Development and Professional Learning for the Division of Teaching and Learning
 - Behavior Analyst and LEA Facilitator-Behavior Support for the Division of Student Services
 - Camera Technician for the Division of Facilities and Operations
- Increases in operation expenditures related to inflation to include repairs and maintenance; custodial contract; and general and property insurance

Transfers Out

Transfers Out to Other Funds for FY 2024 include transfers out to the Chattahoochee Public Libraries and the Capital Project Fund totaling \$8,267,468 and \$250,000 respectively. Total transfers out are up \$829,908 or 10.8% from FY 2023.

Fund Balance

FY 2023 is projected to have a Fund Balance of \$61.7 million, which is a decrease of \$2.9 million over FY 2022. There is no projected change in fund balance for FY 2024, having a projected total of \$61.7 million.

The year-over-year changes in the General Fund Budget, which compares FY 2023 Adopted to FY 2024 Proposed are as follows:

Revenues	\$ 309,717,781	\$ 350,040,042	\$ 40,322,261	13.02%

MCSD Initiatives, Achievements, and Certificates

The District remains committed to addressing its challenges as it strives toward reaching the goal of becoming a premier district in Georgia. The district's top three challenges in prioritized order include:

- Ensuring high expectations in support of all students achieving graduation and success beyond
- Ensuring flexible and formalized staffing and operational processes in support of student achievement
- Ensuring the system's culture reflects the transition from compliance to commitment as evidenced through engaged stakeholders

Some of the initiatives and achievements earned through Fiscal Year 2023 include:

Initiatives:

- P3-2025 Initiative functions as a seamless learning continuum focused on solid Tier I instruction with supports for struggling learners from Pre-K to 3rd grade by aligning and integrating a comprehensive educational approach to student learning throughout our district by establishing consistent, developmentally appropriate instructional practices and proven interventions essential for literacy and mathematics proficiency.
- As a result of foundational efforts prior to the COVID-19 Pandemic, the MCSD is continuing to redesign system and practices to improve student outcomes as outlined in the Columbus 2025 initiative. Toward this end, the District is collaborating with a national network of student-centric, future-driven school districts to reimagine learning in order to prepare students for their future and not our past.
- Continuing the Personalized Learning initiative begun in 2019 that focuses on providing individual support and ensuring mastery based on each student's strengths, needs, and interests. This initiative was aided by the rollout of 1:1 student-learning devices for all students.

- The MCSD believes that all students should have opportunities to engage in multiple learning experiences throughout the year to address unfinished learning and other associated impacts of the Covid-19 Pandemic. The Summer Learning Experience developed in 2021 and will be continued through 2024 to provide an engaging, data-driven, stakeholder-informed summer program that supports the academic, social and emotional needs of students.
- Continued to integrate Multi-Tiered System of Supports (MTSS) framework and Positive Behavior Intervention Strategies (PBIS) with the school-wide, multi-level intervention and prevention system to maximize student achievement and reduce behavioral problems.
- Coordinated YouScience with all students in grades 6-12. YouScience is a performance measure of aptitudes to uncover students' natural talents, match them to careers, and give them personalized feedback on how their abilities can be utilized in school, work, and in their daily lives. Upon completion of the YouScience, school counselors in ALL grade levels (pre-K-12) created lessons and activities for one week centered around careers and postsecondary options, creating I LOVE My Future Week.
- Participated in the Dyslexia Pilot Initiative which allows teachers to have a better understanding of the science of reading, and signs of dyslexia and equip them with the skills to screen students for characteristics of dyslexia. This initiative is in response to Senate Bill 48 which the Georgia Legislature signed into law in 2019 to begin with the school year 2024-25.
- Continued the Behavior Support Program, working in collaboration with our partnering educational company ChanceLight Behavioral Health, Therapy, and Education to provide mental health therapeutic supports, social-emotional learning, behavioral observations, and other related behavior supports.

Achievements:

- According to a release from the Georgia Department of Education, the graduation rate for the Muscogee County School District increased by 0.8 percent from the 2022 rate and reached an all-time high of 92.0, which continues to surpass the State rate of 84.1.

Awards:

- **Financial Reporting**

The Government Finance Officers Association of the United States and Canada (GFOA) and the Association of School Business Officials International (ASBO) awarded the Certificate of Achievement for Excellence in Financial Reporting and the Certificate of Excellence in Financial Reporting, respectively, to the Muscogee County School District for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2021, we expect to receive the same award for fiscal year ending June 30, 2022.

This will mark the thirty-six and twenty-ninth consecutive year that the District has submitted and successfully achieved the prestigious Certificate of Achievement for Excellence in Financial Reporting from GFOA and the Certificate of Excellence in Financial Reporting from ASBO, respectively. To be awarded these awards, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report that meets the prescribed program standards required by each organization. The report must also satisfy both generally accepted accounting principles and other legal requirements and regulations. Both certificates, the Certificate of Achievement for Excellence in Financial Reporting and the Certificate of Excellence in Financial Reporting, are only valid for a period of one year. The District will submit the ACFR for the current fiscal year to both GFOA and ASBO for consideration. We are confident that the document continues to meet the standards for award.

Components of QBE Funding

Descriptions

State QBE Formula Earnings remain the principal state revenue source for the District at \$202,395,547 and represent 57.82% of Total General Fund projected revenues for FY 2024. This is an increase over prior year mainly attributable to the \$2,000 increase to the state teacher salary schedule for FY 2024 and the increase in the certified health insurance reimbursement. The Initial Earnings Sheet for FY 2024, which serves as the Official State Quality Basic Education (QBE) Formula Earnings, is included in the Appendix.

The **Local Five Mill Share** is the amount of money required for a local school district to participate in the state funding of public education. For FY 2024, according to the *preliminary* property tax digest received May 2023, it is projected that the District must levy 5.45 mills to meet this requirement. This is 0.45 mills above the 5 mill share requirement. The District is projected to receive the final property tax digest for calendar year 2023 in late July 2023. The District's required contribution has increased \$977,561 over the FY 2023 due to the increase in the total QBE earnings.

The **Austerity Reduction** is a reduction to the State QBE Formula Earnings. It is the inability of the State to fund their share of the QBE programs; increasing the amount that local boards of education have to share in the funding of public education. This line item is used by the State to withhold earned State QBE Formula Earnings from school districts and is identified as "Amended Formula Adjustment" on the District's annual Earnings Sheet. It is also a means to pass the revenue shortfalls realized by the State down to school districts. During FY 2019-FY 2020, the State was able to fully fund its share of the QBE funding formula for the first time since the onset of austerity reductions in 2003. Due to the economic impact of the COVID-19 Pandemic, the State had to reinstate this formula adjustment for FY 2021 and FY 2022. However, in both years the State reduced the amount with the mid-term adjustment. The amount was reduced by 60% to \$6,739,835 for FY 2021 and \$0 in FY 2022. The austerity reduction was completely eliminated for FY 2023 and FY 2024.

The **Educational Equalization Grant** was developed to offset some of the disparity in property tax wealth experienced by taxing jurisdictions statewide. School districts at or below the 75% property tax wealth level receive additional state funding in proportion to the amount of mills that they must levy beyond 5 mills to share in the funding of public education. The ranking of the district changed in relation to other districts resulting in an increase of \$9.4 million over last year.

As reflected above, the District has consistently dedicated over 65% of the General Fund expenditures to Direct Instruction (function 1000). Direct Instruction is defined as those activities dealing directly with the interaction between teachers and students. This includes those teaching activities provided for students in a classroom setting as well as teaching activities provided in a home, or hospital setting. Further, it includes those settings involving co-curricular activities. Other approved mediums such as television, radio, telephone and correspondence are also defined as instructional activities. Expenditures associated with activities of aides or other classroom assistants such as clerks who assist in the instructional process are coded to this function as well. For expenditure control purposes, the expenditures of counselors and technology specialist can be coded to function 1000.

Muscogee County School District Student Enrollment

The actual enrollments for school years as early as FY 2014 through FY 2023 are reflected on the following pages for all schools. The actual enrollment represents the enrollment as of the October Full-Time Equivalent (FTE) student enrollment count date. It is considered the official enrollment count for school districts. The FTE student enrollment count is taken each October on the first Tuesday of the month. The Quality Basic Education (QBE) Act, which is the current mechanism used by the State of Georgia to provide funding for public education, requires school districts to report student enrollment in terms of FTE students. A funding weight or value is assigned to each instructional program. This value is the cost of providing the state funded courses. The base funding received for each FTE student is defined each year by the Georgia General Assembly. The number of students and the instructional programs to which the students are enrolled determine the total funding earned. Adherence to the maximum class size requirements also plays an important role in this process.

Muscogee County School District Student Enrollment

Local boards of education that are found to be out of compliance shall be subject to a complete loss of funding for the class or program that is not in compliance, unless there has been a flexibility waiver granted by the State. Since State QBE funding accounts for over 58% of the District's total revenues, the accuracy of the FTE enrollment count is critical to the district's continued solvency.

As reflected in the chart below, since FY 2014, the District's average student enrollment for grades K-12 is 30,293. The actual student enrollment for the periods referenced for grades K-12 can be found on the following page.

**Muscogee County School District
Student Enrollment**

The District's Student Enrollment trends for FY 2014 through FY 2023, as plotted on the chart on the preceding page are reflected below. In comparison to the prior fiscal year, for FY 2023 the District realized a decrease in enrollment for grades K-12 of 302 students or 1.04 % below FY 2022. This decreased enrollment resulted in a projected decrease in State QBE Earnings for FY 2024.

As reflected, this is the fourth year in a row the District has realized a decline in student enrollment. This is primarily attributed to the transient nature of the student population.

As reflected in the chart above, for seven of the reported ten fiscal years, the District has realized a decline in student enrollment for grades pre-k through 12 with a overall 10 year decline of 2,310 students. This year-over-year decline for FY 2023 was 267 students or a reduction of .9%. The continued decline in student enrollment is attributed to the transient nature of the student population.

A discussion regarding the enrollment trends can be found on the preceding page. Overall, the District continues to make a concerted effort to ensure that the enrollments are properly performed from year to year, capturing due funding for student growth gains.

Note: Middle school and high school students served in a departmental model shall have an individual maximum class size of seven without a paraprofessional and ten with a paraprofessional, provided the number of students of any one exceptionality with in the class does not exceed the individual maximum class size for that exceptionality.

EXCEPTION TO INDIVIDUAL MAXIMUM CLASS SIZE: The individual maximum class size with a paraprofessional may be increased as noted for two segments per day per teacher for the remainder of the school year. Maximum teacher/pupil ratio with a paraprofessional may not be increased. (See Rule 160-4-7)

State Health Benefits Plan (SHBP): From FY 2019-2022, the SHBP monthly rate remained constant at \$945 from FY 2019-2022. At the mid-term adjustment for FY 2023, the monthly rate for the certificated employee was increased to \$1,580, a 40% increase over the previous rate and remain at this level for FY 2024. The non-certificated rate will increase \$250 in January 2024 to \$1,195 and will increase annually until it matches the certificated rate.

Teacher Retirement System (TRS):

Like the SHBP non-certificated employer rate, the TRS rate has progressively increased over the years. For FY 2013, the rate was 11.41% and grew to 21.14% for FY 2020. However, for FY 2021, the TRS rate has decreased 2.08%, which was the first decrease since FY 2013. For FY 2022, the rate increased to 19.81% or .75% over FY 2021. For FY 2024, the rate is 19.98%, unchanged from the FY 2023 rate.

Public Schools Employees' Retirement System (PSERS): For most of the periods presented, the employer contribution for the PSERS 403B plans has been held constant at 1%. Beginning with fiscal year 2019, the employer contribution rate increased to 2%. This change continues through FY 2024.

Employees' Retirement System (ERS): The District has realized a continued increase in the ERS employer rate. However, for 2024 the rate is projected to remain identical to FY 2020 and FY 2021.

As reflected above, the District has experienced a overall increase in both the State Health Benefit Plan (SHBP) and the Teacher Retirement System (TRS) employer cost. The actual cost incurred is driven by salary and wage increase as well as any mandated employer cost increases. For the most part, school districts have experienced a continued increase in the employer cost for each of these fringe benefits, resulting in increased cost of operations.

For FY 2024, the District is projected to incur SHBP employer cost of 43.7 million, which represents an increase of \$14.1 million or 48.02% above FY 2023. The SHBP employer cost increases from FY 2019 through FY 2024 resulted in \$15.7 million in additional expenditures for the District. The average increase for this period was 9.02%.

Likewise for the TRS employer cost, for FY 2024, the District is projected to incur total expenditures of 36.5 million, which is an increase of \$1,316,746 or 3.75% over FY 2023, which is a result of increases related to raises given to employees. Since FY 2019, the District has incurred \$10.9 million in additional TRS employer cost. The average increase for the same period was 6.69%.

FY 2024	\$ 8,267,468	\$ 829,908	11.16%
Average Change		\$ 187,644	3.02%

The annual Transfer-Out to the CVL was approved by the Board as a FY 2024 Budget Parameter. Changes in the Net M&O tax digest define the extent of the year-over-year change in the transfer-out amount.

Due to the county-wide revaluation of local properties for calendar year 2017, the transfer-out to the Library for FY 2018 was increased to agree with the initial certified digest received on August 25, 2017. This resulted in an \$800,106 increase for a total increased transfer-out of \$902,865 for FY 2018 to comply with the 1.50 transfer-out mill agreement. However, due to the extensive number of properties under appeal (over 11,000) and the resulting reduced assessments, the District did not realize the increased tax revenues projected for FY 2018. Upon receipt of the final digest, we have since learned that the FY 2018 digest actually decreased considerably below the projected increase due to reassessments resulting from appeals. These reduced values serve as the basis for both the FY 2019 (CY 2018) and FY 2020 (CY 2019) tax digest.

Given that the FY 2019 (CY 2018) digest reflected a final year-over-year decrease in value of 1.51%, the District budgeted the FY 2020 Library transfer-out identical to the initial FY 2019 budgeted amount. In addition, this assisted the District in addressing the significant funding shortfall projected for FY 2020.

Based on the significant funding shortfall for FY 2021, the Library transfer equaled approximately 1.3 mills.. However, for FY 2022, the District transferred the agreed upon rate of 1.5 mills, which resulted in an increase of \$915,986 over FY 2021. The District has continued to transfer 1.5 mills for 2023 and 2024 with increase coming from the increase in total digest.

Routine capital expenditures which entail those purchases designed to provide for the maintenance and operations of the District's facilities are budgeted to the local capital projects fund. This fund that is financed by a transfer from the General Fund also provides for the safety and security of the District's facilities as well as facility improvements and energy conservation measures. Included each year in the Board's annual budget parameters is an allocation to the local capital projects fund. In FY 2020, proceeds from the sales of property were transferred to the Capital Project Fund. In FY 2021 and FY 2022, no funds will be transferred to capital projects. In FY 2023 and FY 2024, General Fund will transfer \$250,000 to the Capital Project Fund to cover the cost of a portion of the debt service payments

FUND BALANCE

Muscogee County School District

Fund Balance - General Fund

Unassigned or unreserved fund balance represents that portion of the Fund Balance of Total General Fund that is not restricted, committed, or set aside for a specific purpose and occurs when the revenues and other financing sources exceeds expenditures and other financing uses. The unassigned fund balance also includes the accumulation of revenues in excess of expenditures for prior fiscal years. The primary purpose of the Unassigned Fund Balance is to provide for the maintenance and operations of the District during the summer months while awaiting receipt of the new property tax revenues associated with the current year's assessments. In Muscogee County, property taxes are generally levied in October and payable in two installments with the total taxes due sixty days after the initial billing, which is on December 1st each year.

The recommended General Fund Unassigned Fund Balance is predicated on the anticipated local property tax receipts. It is recommended that school districts maintain a General Fund Unassigned Fund Balance of 28% to 30% of anticipated local property tax receipts and 60 days of operational expenditures. Since FY 2021, the District has met these thresholds and anticipates to continue to meet them.

The chart below depicts the Unassigned Fund Balance trends for FY 2019 - 2022, with FY 2023 and FY 2024 reflecting the current projections
