

Learning at NIS

WE DEFINE

LEARNING AS
A **PERSONAL PROCESS**

THAT **DEVELOPS**
NEW SKILLS

AND **UNDERSTANDINGS**
APPLIED CREATIVELY

within and beyond

THE CLASSROOM.

With this in mind, we believe
students learn best when they...

Make meaningful choices
about their learning.

Build connections across
cultures and perspectives.

Feel a strong sense
of inclusion and belonging.

Experience an appropriate
balance of challenge and
support.
