STATE:

The state has announced that the new Science test will be administered in 5th and 8th grade but this year it will only be a pilot. The test will be administered in the spring of 2018.

SCHOOL COMMUNITY:

The Strategic Planning Committee had two meetings. The committee is comprised of parents, teachers and administrators. We met and drafted a vision statement, belief statements and presently are working on a mission statement. The goal is to create a solid three year plan. Once the statements are finalized they will be shared with the public.
