

MONTHLY REPORT

SCHOOL COMMUNITY:

The first week of school began successfully. We have just over a thousand students enrolled at ALK.

Thank you to Ms. Delatorre for gaining access to a program for upstanders through the Jets. Our students will benefit by being upstanders with Jets tickets. We tweet every week the upstanders of the week.

SAFETY AND SECURITY:

- On 9/11/17 a security meeting with local law enforcement was held to discuss: drills, lockdown procedures, and security in the new addition.
- A fire drill was conducted to meet the state mandate on 9/12/17.

RESIDENCY:

I have spent time with our new security guard, conducting several residency checks to instruct him as to our procedure. He will continue to monitor residency issues. He and I conducted 3 residency checks on 9/12/17, 2 students were found to not live at said location. 1 high school student and 1 ALK student. Total to date 2 non residents.

STATE:

- PARCC scores were included in the summer mailing.
- Teachers are analyzing data during their weekly meetings.
- 9/13/17, I attended a meeting in Trenton for the 'Small Schools Committee'. School funding was discussed. The funding will in part be based on who wins the governor's seat. The expectation is that funding will not be cut for next year.

September Dates:

Sept. 17 Safe Kids Day

Sept. 25 at 9am 'coffee talk' with the Superintendent
