North Arlington Middle School

Mission Statement

The North Arlington Middle School recognizes the many unique needs, cultural backgrounds, developmental levels and abilities of children, as well as the need to be partners in education with our community and the world community-at-large. We work to provide a highly varied, challenging and well-rounded program of learning experiences reflective of the New Jersey Student Learning Standards. We strive to provide a safe, supportive, and healthy environment that meets the educational, social, emotional, and physical needs of all students. We recognize that students are valued individuals who learn differently and all stakeholders have a shared responsibility to fulfill this mission.

Through instruction of all appropriate subject areas and extra-curricular activities, students will become independent and confident learners who demonstrate positive attitudes and appropriate social/emotional behaviors that will prepare them for the challenges in the 21st Century.
