**SCAN QR CODE FOR QUICK EASY  
ACCESS TO LIVESTREAM**

**JOIN US FOR AN INFORMATIVE PRESENTATION  
ON HELPING STUDENTS AND FAMILIES  
OVERCOME THE CHALLENGES ASSOCIATED  
WITH SCHOOL AVOIDANCE**

This presentation will:

- Address the importance of fostering a safe, inclusive learning environment for all students so that they may feel comfortable and free to participate in school.
- Address the importance of identifying the function of behaviors associated with School Avoidance and Anxiety, and delve into potential intervention to appropriately address these behaviors.
- Reiterate the importance of professional/familial collaboration.
- Foster an understanding of the importance of personal reflection, to continually ask, "What might I do differently in order to help this child?"

Essential questions to be addressed include:

- What is School Avoidance?
- What are the avenues in which School Avoidance can be addressed?
- What interventions may prove helpful in addressing School Avoidant behaviors?
- What role does the application of the principles of Applied Behavior Analysis play in addressing school avoidant behaviors?
