

Joshua Hilton

8th Grade
Biology
Conference: 4A/2B

Biography

Hello, my name is Josh Hilton and I joined Preparatory Academy in 2023. My teaching career began in 2013 at Donna ISD where I had the pleasure of teaching Physics, Chemistry, Biology, and a Geology course over the years. I graduated from Donna High School in 2009 and University of Texas at Brownsville with a B.S. in Biology in 2012. As an educator, I strive to not only teach students the content, but also how they might apply this knowledge in their everyday lives.

[Your Website]

Family is of utmost importance to me, so my favorite hobbies surround my wife and three kids, soon to be four! Aside from this, I enjoy my time in the gym, playing instruments, reading, basic woodworking, and eating everything in sight.
