Tri-State Visit

As was shared during October's faculty meetings, the Tri-State Consortium will be looking at authentic assessment, grading and reporting practices in our schools. The [linked slide deck](#) can be a helpful reminder for what to expect!

K-12 Faculty Leader Goals

In our faculty leadership model, your colleagues have devoted lots of time to develop [shared goals and action steps](#) for your departments in line with our [Strategic Plan](#) and our [Instructional Priorities](#) for 2023-2024. A huge thank you to our faculty leaders for their work to collaboratively develop their priorities with input from colleagues and for supporting our professional development to achieve them!

Star Assessments

This year, based on the recommendation of our Multi-Tiered System of Supports (MTSS) Committee, the [Star Assessment](#) is our new districtwide, universal screening tool. Our goal is that this tool will support greater alignment K-12, will impact core instructional practices and improve student growth. [As was shared this past fall](#), student performance reports will be available in the Parent Portal after each administration.
