- F. For the purpose of all steps of Section 2, seniority qualifications are defined as:
  - 1. Years of certificated contractual services in the state of Washington,
  - 2. Years of certificated contractual services in the Rainier School District,
  - 3. Total credits beyond the BA degree, and
  - 4. Specific achievements and training related to the vacant position.
- G. In regards to Retire-Rehire teachers within the Rainier School District, State law will be followed and take precedence. In an involuntary transfer situation, retire-rehire will be given first consideration to move.

### **Section 3. Job Sharing**

A job sharing assignment is the sharing of one full-time regular position between two persons, where one of those persons works at least three tenths (.3) full-time.

Employees interested in job share assignments will apply by March 1 for such a position to ensure the earliest possible response from the School District. The letter of application will constitute an agreement if accepted, and should address the following criteria:

- 1. Teacher compatibility- including personality traits, educational philosophy, and experience.
- 2. Stipulate the division of teaching tasks and agree upon the equitable division of time appropriate to accomplish all job requirements. Both employees shall participate in the actual process of grading students' work and meeting with parents.

3. Manage time to accomplish the following duties:
  - a. parent conferences as requested by parents,
  - b. grading students' work, including quarterly and final grades,
  - c. attending faculty meetings,
  - d. classroom parties and field trips,
  - e. staff development,
  - f. in-service,
  - g. open house events,
  - h. opening and closing of school, and
  - i. standard scheduled parent/teacher conferences.
4. Establish consistency in the standards of discipline.
5. Plan for effective communication between job sharing teachers and with other staff and administrators.

The superintendent may recommend to the Board of Directors those positions and employees where job sharing will benefit the educational program of students. The superintendent may recommend to the Board of Directors termination of job sharing arrangements which ceased to operate in the best interest of the educational needs of students.

No teacher in the District shall be involuntarily transferred in order to create a job share assignment.

Sick and personal leave will be pro-rated according to the fraction of the position for which the person is employed. All other benefits will be pro-rated to the nearest reasonable fraction thereof. Both job sharing employees are expected to attend parent conferences.

Job sharing applicants should be advised that employees going part time to share a job position will fall into a lower order of preference as a "free agent" under Article VIII, Section 2.D - Procedures.

Once an employee has accepted a job sharing position, the District shall be under no obligation to convert the employee to a full-time contract. However, consistent with educational objectives, contract seniority rules and state law, all reasonable opportunity will be afforded a job sharing employee to return to full-time employment. Should one person employed in a job share position leave the job sharing assignment or accept a full-time position at the District's option, the remaining job sharing partner may assume a full-time position at the District's option.

Employees will be notified by July 1 of the decision of the superintendent and the Board of Directors regarding a job sharing application.

## **ARTICLE IX - SCHOOL-BASED MANAGEMENT**

### **Section 1. Shared Decision-Making Definition:**

The Association and District share the goal of quality learning in a caring environment. As a means of achieving that goal, the parties agree to the process of shared decision-making.

The purpose of shared decision making is to provide opportunities for consultation, collaboration and participation of shareholders in the decision making process. Shared decision-making does not mean an abdication of authority and responsibility of building administrators, district administration or the Board of Directors. Shared decision-making provides shareholders an opportunity for meaningful

participation in decisions affecting the individual school's progress in meeting its mission to provide quality learning in a caring environment.

## **Section 2. Shared Decision-Making Operation Principles:**

School-based councils shall make decisions in accordance with the following operating principles:

1. All decisions will comply with board policies, state laws, or any of the collective bargaining agreements that affect staff members. Decisions and policies contrary to the contract must have a waiver from the Association and District. The council will notify the Association and District in a timely manner of the request for a waiver. (Exhibit G)
2. Site councils K-5 (6-8 & 9-12) shall be comprised of a minimum of the building Principal, two certificated staff, two classified staff, and a parent/community representative. At the high school level, a student representative is recommended. Staff participation is voluntary. Building Principals shall adjust participants' work schedules and/or areas of responsibility as necessary to encourage participation.
3. Site councils shall meet a minimum of quarterly and more frequently as determined by the council. Meeting schedules and agendas shall be determined by the site council to encourage broad participation.
4. General areas of decision-making responsibilities shall include building-wide approaches to student conduct, curriculum, staff development opportunities, events and budgets. Site councils shall not consider individual issues in areas such as staff evaluation or discipline, staff work assignments, student/parent appeals of student discipline.
5. Ideally decisions will be made by consensus and supported by the Building Principal. When consensus is not possible, the issue shall be referred to a resolution committee comprised of the Superintendent and current President of all bargaining units involved. That committee shall resolve the issue or refer it to the Board of Directors for final disposition. Until resolved, significant changes in current practice shall be postponed.
6. Decisions of site councils shall be reported to affected staff and the Superintendent in a timely manner.

## **ARTICLE X- CERTIFIED STAFF EVALUATION**

The following evaluation language shall apply only to those certificated staff being evaluated using the OSPI- approved, CEL's SD+ framework.

### **Section 1 Evaluation System Preamble**

An evaluation system for teachers has the following elements, goals, and objectives:

1. The evaluation procedures set forth herein shall be to improve the educational program by improving the quality of instruction.
2. The evaluation process shall provide support for professional growth.
3. Within the selected instructional framework teachers will be allowed to exercise their professional judgment and will be evaluated on their practice, skills, and knowledge.

The parties agree that the following evaluation system is to be implemented in a manner consistent with good faith and mutual respect and, as defined in RCW 28A.405.110 (1).

Additionally, the parties agree that the evaluation process is one which will be implemented with collaboration between the evaluator and the bargaining unit member, as described in WAC 392-191-025:

“To identify in consultation with classroom teachers and certificated support personnel observed, particular areas in which their professional performance is distinguished, proficient, basic, or unsatisfactory.”

Purpose - The following evaluation process has the following elements, goals, and objectives: "An evaluation system must be meaningful, helpful, and objective; (2) an evaluation system must encourage improvements in teaching skills, techniques, and abilities by identifying areas needing improvement; (3) an evaluation system must provide a mechanism to make meaningful distinctions among teachers and to acknowledge, recognize, and encourage superior teaching performance; and (4) an evaluation system must encourage respect in the evaluation process by the persons conducting the evaluations and the persons subject to the evaluations through recognizing the importance of objective standards and minimizing subjectivity."

## **Section 2 - Definitions and Notes**

**Artifacts** shall mean any products generated, developed, or used by a certificated teacher.

**Certificated Principal**, "principal," and "assistant principal" mean a person who is employed to supervise the operation and management of a school (WAC 1 81-79A-140 (4) (a) or (6)(h).)

**Certificated Classroom Teacher** and "teacher" mean a certificated employee who provides academically focused instruction to students and holds one or more of the certificates pursuant to WAC 1 81-79A-140 (1) through (3) and (6)(a) through (e) and (g).

**Component** shall mean the sub-section of each criterion.

**Criteria** shall mean the eight (8) state defined categories to be scored.

**Evaluation** shall mean the ongoing process of identifying, gathering, and using information to assess total job effectiveness, improve professional performance, and make personnel decisions.

**Evaluator** shall mean a certificated administrator who has been trained in observation and evaluation techniques, and in the use of the specific instructional framework and rubrics contained in this agreement.

**Evidence** means observed practice, products or results of a certificated classroom teacher's work that demonstrates knowledge and skills of the educator with respect to the four-level rating system. Such evidence shall include artifacts produced or resulting from the normal course of professional performance during the school year.

Both the teacher and the evaluator shall contribute evidence to the overall assessment of professional performance. If, after completing the minimum required observations, both the teacher and evaluator agree on the score for a criterion, no additional evidence will be required to be collected for that criterion. It shall be the nature and quality of the evidence, not the quantity

of evidence, which determines the criterion rating.

Unsubstantiated complaints against an employee shall not be included in any documentation pertaining to any evaluation.

**Formal Observation** means any observation which is scheduled in advance between the teacher and evaluator for the purpose of evaluation.

**Informal observation** means any non-scheduled observation during which evidence is gathered by an evaluator to inform a teacher's final evaluation.

**Observe or "observation"** means the gathering of evidence made through classroom or worksite visits for the purpose of examining evidence over time using the instructional framework rubrics.

**Rubrics or "rubric row"** means the descriptions of practice used to capture evidence and data and classify teaching performance and student growth using the evaluation criteria and the four-level rating system.

### **Satisfactory/Unsatisfactory**

**Satisfactory-** Overall summative performance ratings of Proficient (Level 3) or Distinguished (Level 4) are considered satisfactory for all teachers. For teachers in their first five years of the profession, a performance rating of Basic (Level 2) is also considered satisfactory.

**Unsatisfactory-** An Overall summative performance rating of Unsatisfactory (Level 1) is considered not Satisfactory for all teachers. Teachers on a continuing contract with more than five years of teaching experience who receive a summative performance rating of Basic (Level 2) two years in a row, or two years within a consecutive three-year period are also considered unsatisfactory.

**Student Growth Data** The evaluator will consult with the teacher to identify student growth and achievement data that are relevant to the teacher and subject matter that will be used in assessing the state required student growth components. Such achievement data shall mean data that shows the change in student achievement between two points in time, within the same school year.

Assessments used to demonstrate growth must be appropriate, relevant, and may include both formative and summative measures.

**Summative Performance Ratings** means the four performance levels applied using the four-level rating system: Level 1 - Unsatisfactory; Level 2 - Basic; Level 3 - Proficient; Level 4 - Distinguished.

- (1) Unsatisfactory: Professional practice at Level 1 shows evidence of not understanding the concepts underlying individual components of the criteria. This level of practice is ineffective and inefficient and may represent practice that is harmful to student learning progress, professional learning environment, or individual teaching practice. This level requires immediate intervention.
- (2) Basic: Professional practice at Level 2 shows a developing understanding of the knowledge and skills of the criteria required to practice, but performance is inconsistent over a period of time due to lack of experience, expertise, and/or commitment. This level may be considered minimally competent for teachers early in their careers but insufficient for more experienced teachers. This level requires specific support.

- (3) Proficient: Professional practice at Level 3 shows evidence of thorough knowledge of all aspects of the profession. This is successful, accomplished, professional, and effective practice. Teaching at this level utilizes a broad repertoire of strategies and activities to support student learning. At this level, teaching is strengthened and expanded through purposeful, collaborative sharing and learning with colleagues as well as ongoing self-reflection and professional improvement.
- (4) Distinguished: Professional practice at Level 4 is that of a master professional whose practices operate at a qualitatively different level from those of other professional peers. To achieve this rating, a teacher would need to have received a majority of distinguished ratings on the criterion scores. A teacher at this level must show evidence of average to high impact on student growth. Ongoing, reflective teaching is demonstrated through the highest level of expertise and commitment to all students' learning, challenging professional growth, and collaborative practice.

### **Section 3 - State Criteria, Framework, and Scoring**

The parties have agreed to the CEL'S *SD+* adopted evidence-based instructional framework as approved by OSPI.

The following criteria will be used to evaluate certificated classroom teachers:

1. Centering instruction on high expectations for student achievement;
2. Demonstrating effective teaching practices;
3. Recognizing individual student learning needs and developing strategies to address those needs;
4. Providing clear and intentional focus on subject matter, content, and curriculum;
5. Fostering and managing a safe, positive learning environment;
6. Using multiple student data elements to modify instruction and improve student learning;
7. Communicating and collaborating with parents and school community;
8. Exhibiting collaborative and collegial practices focused on improving instructional practice and student learning.

Student growth data must be a substantial factor in evaluating the summative performance of certificated classroom teachers for criteria 3, 6, and 8.

#### **Criterion Scores**

Each rating will be assigned the following numeric values:

Unsatisfactory- 1  
 Basic - 2  
 Proficient- 3  
 Distinguished- 4

An employee shall receive one of the four performance ratings for each of the minimum criteria. Additionally, an employee shall receive one of the four performance ratings for the evaluation as a whole, which shall be the overall summative score as per WAC 392-191A-080(6).

A numerical mean shall be used to calculate the individual criterion rating. When a criterion rating includes a whole number plus a place value of .49 or below it will be rounded down to the nearest whole number. When a criterion rating includes a whole number plus a place value of .50 or above it will be rounded up to the nearest whole number. (For example, a final rating of 2.49 would become a criterion rating of 2 and a rating of 2.50 would become a criterion score of 3.) However, to achieve a Distinguished rating, a teacher must receive a majority of Distinguished ratings on the criterion scores.

## **Scoring for Comprehensive Evaluation**

### **Overall Summative Score**

All classroom teachers shall receive a performance rating for each of the eight (8) state evaluation criteria. The overall summative score shall be determined by totaling the eight (8) criterion-level scores as follows:

- 8-14 points- Unsatisfactory
- 15-21 points-Basic
- 22-28 points-Proficient
- 29-32 points- Distinguished

### **Student Growth Criterion Score**

Embedded in the instructional framework are five (5) components designated as student growth components.

These components are embedded in criteria as SG 3.1, SG 3.2, SG 6.1, SG 6.2, and SG 8.1. The evaluator shall add up the raw scores on these components and the employee shall be given a score of low, average, or high based on the following scoring bands:

- 5-12-Low
- 13-17-Average
- 18-20-High

## **Scoring for Focused Evaluations**

All classroom teachers on a focused evaluation shall receive a performance rating based on his or her score from their most recent Comprehensive evaluation. If a teacher on Focused received an overall summative score of “Proficient” on his or her most recent Comprehensive evaluation, but scores a “Distinguished” on his or her Focused evaluation, the Focused evaluation shall be “Distinguished.” An overall summative score for one criteria selected from the eight (8) state evaluation criteria, and a student growth score for the one student growth criteria selected from either 3, 6, or 8 from the state evaluation criteria. These scores will be calculated using the criteria score calculation method outlined above.

Student growth data shall be derived from multiple sources, and must be appropriate and relevant to the teacher and subject matter. It shall include classroom based, formal and/or informal assessments of student progress as well as district assessments that show two points in time within the same year, if available. If a teacher receives an overall summative score of 4 (Distinguished) and a Low student growth score as shown above, s/he must automatically be moved to the Proficient (3) level for the overall summative score.

Certificated classroom teachers with low student growth rating will engage, with their evaluator, in a student growth inquiry. Within two months of receiving the low student growth score or at the beginning of the following school year, the following must be initiated by the evaluator.

The teacher and the evaluator shall create a plan to address student growth issues that may include one or more of the following

- a. Examine student growth data in conjunction with other evidence including observation, artifacts and other student and teacher information based on appropriate classroom, school, school district and state- based tools and practices;

- b. Examine extenuating circumstances which may include one or more of the following: Goal setting process; content and expectations; student attendance; extent to which standards, curriculum and assessment are aligned;
- c. Schedule monthly conferences focused on improving student growth to include one or more of the following topics: Student growth goal revisions, refinement, and progress; best practices related to instruction areas in need of attention; best practices related to student growth data collection and interpretation;
- d. Create and implement a professional development plan to address student growth areas.

#### **Section 4 - General Evaluation Agreements**

Employees shall have transparent access to all relevant student achievement data available.

**Notification** - Every teacher shall be notified no later than the last working day of September of his or her evaluator and whether he or she is scheduled to be evaluated using a Comprehensive or Focused evaluation.

**Out of Content/Endorsed Areas** - No teacher shall be "subject to non-renewal or probation based on evaluations of their teaching effectiveness in the out-of-endorsement assignments". However consideration may be given to teachers' progress towards endorsement. At the option of the teacher, in collaboration with the evaluator, teachers may be evaluated as a member of a team when teaching outside their content or endorsed areas. Any teacher who has passed the West-E and/or Praxis Test, or any other similar test designed to prove a teacher's basic skills in an academic area, shall be considered, solely for the intents and purposes of this section, to be "endorsed" in that particular area.

**Security** - All aspects of the evaluation procedure, including observations, shall be conducted openly and with the full knowledge of the teacher. Mechanical or electronic devices shall not be used to listen to, observe, or record the proceedings of any classroom without documented prior knowledge of the teacher. The District shall make reasonable efforts to ensure confidentiality and security for all evaluation documents, including electronic documents, consistent with state public disclosure requirements and guidelines.

#### **Section 5. Professional Development**

Prior to their being evaluated under the new evaluation system, the District shall provide teachers professional development relevant to the framework and evaluation process. Each teacher shall be provided a copy of the evaluation criteria, procedures, and any relevant forms or information appropriate to his or her position and track in the evaluation cycle.

All classroom teachers, both provisional and continuing, shall be expected to participate in District-provided evaluation training that occurs during the contracted work day or at other dates and times, and at rates agreed to by the District and the Association. Such training shall be designed to provide the staff with the skills necessary to participate in the new evaluation system.

#### **Section 6. Provisional Teachers**

- A. Provisional teachers are those who are within their first three years of employment with the District, except for those who have at least two years of certificated employment with another school district in the state of Washington. Those with such experience shall be provisional only during

their first year of employment with the District.

- B. All Provisional teachers are subject to non-renewal of employment contract pursuant to RCW 28A.405.220.
- C. All Provisional teachers in the third year of provisional status shall be observed at least three times in the performance of his or her duties and the total observation time for the school year shall not be less than (90) ninety minutes.
- D. Provisional teachers who are new to the profession and whose performance is determined to be Proficient (Level 3) or Distinguished (Level 4) by the end of their second year of employment in the District may be removed from provisional status by the Superintendent.
- E. The Principal or his or her designee shall make at least one (1) observation for a total observation time of at least thirty (30) minutes within the first ninety (90) calendar days of employment of all teachers in their first year of employment with the District.
- F. The District shall notify the Association President if, a provisional employee is performing at an unsatisfactory level.

#### **Section 7. Procedures for Evaluation**

All classroom teachers shall be evaluated each school year by their principal or his or her designee. The principal or designee is referred to herein as the "evaluator."

If an employee is assigned to two or more schools, the evaluator at the school to which the employee is assigned the greater part of the time shall be responsible for the employee's overall evaluation. If a teacher is assigned to two or more schools for equal amounts of time within the school day, mutual agreement between the principals, in collaboration with the teacher, will determine who will be the evaluator of record.

#### **Observations:**

**Formal Observations** - All teachers shall be observed at least twice each school year in the performance of their assigned duties. Total observation time for each employee for each school year shall not be less than 60 minutes. Formal observation dates and times will be scheduled and agreed upon by the teacher and evaluator. Whenever possible, formal observations shall be scheduled with adequate time in between in order to allow for conferencing and growth.

**Informal Observations** are non-scheduled observations during which time evidence is gathered by an evaluator to inform him or her regarding a teacher's final evaluation. If there is an area of concern noted by the evaluator during an informal observation, the evaluator will bring the concern to the attention of the teacher within five school days. This will occur either in writing or during a conference between the evaluator and the teacher.

**Comprehensive Evaluations** - A comprehensive summative evaluation assesses all eight evaluation criteria and all criteria contribute to the comprehensive summative evaluation performance rating. All classroom teachers shall receive a comprehensive summative evaluation at least once every six years.

The following classroom teachers shall receive an annual comprehensive summative evaluation:

1. Classroom teachers who are provisional employees under RCW 28A.405.220;
2. Any classroom teacher who received a comprehensive summative evaluation performance rating of level 1 or level 2 in the previous school year.

**Focused Evaluations** - In the years when a comprehensive summative evaluation is not required, classroom teachers who received a comprehensive summative evaluation performance rating of Proficient (level 3) or above in the previous school year are required to complete a focused evaluation. A focused evaluation includes an assessment of one of the eight criteria selected for a performance rating. The selected criterion must be approved by the teacher's evaluator and may have been identified in a previous comprehensive summative evaluation as benefiting from additional attention. A group of teachers may focus on the same evaluation criterion and share professional growth activities.

Teachers on focused evaluations shall have the option of selecting which one of the eight criteria will be assessed.

If the employee chooses criterion 1, 2, 4, 5, or 7, he/she must also complete the student growth components in either criterion 3 or 6.

If the selected criterion for the focused evaluation has been determined to be non-observable, a classroom-based observation will not be required.

A teacher may be transferred from a focused evaluation to a comprehensive summative evaluation at the request of the teacher or at the direction of the teacher's evaluator.

The request of the teacher must be received in writing prior to the start of the school year.

The direction of the evaluator must be communicated before the end of the school year, and shall be based on concerns related to one of the other evaluative criteria. That concern shall be shared with the teacher in writing at that time.

Each employee shall have the opportunity for confidential conferences with his or her immediate supervisor throughout the school year. Such confidential conferences shall be for the purpose of aiding the administrator in his or her assessment of the employee's professional performance and to provide additional evidence by either the evaluator or teacher to aid in this assessment against the instructional framework rubrics and/or for the teacher to provide unobserved evidence of having met certain criteria and goals. The annual evaluation results will be documented with only the selected criteria being scored.

### **Evaluation Process**

The comprehensive evaluation process must occur at least once every four years (three consecutive years for new or provisional teachers).

There are six steps required to complete a teacher evaluation which utilize a collaborative model between teacher and evaluator. They include 1) the teacher's self-assessment, 2) a goal setting conference between the teacher and evaluator, 3) informal observations of the teacher by the evaluator, 4) formal observations of the teacher by the evaluator, 5) a post-observation conference for each formal observation, and 6) the summative evaluation conference.

#### **Step 1: Self-Assessment**

Each teacher shall reflect on his/her practice and complete a self-assessment based on the district adopted instructional framework. This is a personal reflection of practice and will serve as a tool for the goal setting conference.

#### **Step 2: Goal Setting Conference**

Following the self-assessment, the teacher will meet with his or her evaluator in a goal setting conference. Each teacher shall combine his or her self-assessment with the district and/or building

initiatives and select one or two components as goal(s) for the year. Additionally, teachers on a comprehensive evaluation shall determine student growth goals for all components SG 3.1, 6.1 and 8.1. Teachers on a focused evaluation shall determine a student growth goal for one of the components SG 3.1, 6.1, or 8.1.

**Step 3: Informal Observations**

Informal observations are non-scheduled observations during which time evidence is gathered by an evaluator to inform him or her regarding a teacher's final evaluation.

**Step 4: Formal Observations**

Formal observations will be scheduled between the teacher and the evaluator. At the time of scheduling, a pre- observation conference may be requested by the teacher. The evaluator will conduct the observation of practice as scheduled. The evaluator will take notes throughout the observation and share those with the teacher during the post observation conference.

**Step 5: Post-Observation Conference**

The teacher and evaluator shall schedule to meet for the post-observation conference as soon as reasonably possible after the formal observation, but not to exceed five school days.

The post-observation conference includes a review of the teacher's self-assessment of the observation and the evaluator's evidence of the observation. Both the teacher and the evaluator may contribute evidence to the overall assessment of professional performance during the conference as such conference is intended to be a dialogue between the teacher and evaluator. At the end of the post-observation conference the teacher and evaluator will agree on next steps and sign documentation that the conference has occurred.

**Step 6: Summative Assessment**

No later than May 15<sup>th</sup>, the teacher and evaluator shall meet to discuss the teacher's final summative score. This conference will include a review of the evidence gathered including formal and informal observations, artifacts, student growth data, professional contributions, impacts on learning, and other ancillary evidence. Multiple measures of student growth must be used in the evaluation process and such measure may include classroom- based, school-based, District-based and state-based tools. The final summative score will be based on the alignment of evidence gathered based on the CEL'S SD+ and State Student Growth rubrics. The teacher will sign two (2) copies of the evaluation to indicate receipt. The signature of the teacher does not imply that the employee agrees with its contents, only that he or she has read it. The teacher may attach any written comments or rebuttal to the final annual evaluation report no later than June 15<sup>th</sup>.

If the teacher's overall final summative rating is below Proficient, the evaluator will use the evidence as provided by the teacher as an explanation for the Unsatisfactory or Basic rating. When appropriate, a lack of evidence as required in the rubrics may also be used in such an explanation.

In the case of a "basic" or "unsatisfactory" rating, the teacher and evaluator shall meet prior to the end of the school year or at the beginning of the following school year to determine what support would best serve the teacher.

If a teacher disagrees with the evaluator's overall summative performance rating, the evaluator's rating shall be recorded and the teacher may attach any written comments or rebuttal as outlined above.

All continuing contract employees receiving an annual, final summative performance rating below level 3, Proficient, shall be given additional support by the District. Such support may include, but not be limited to, paid in-service training, release time to observe colleagues, assignment of a coach/mentor; additional, focused professional development resources, professional growth opportunities, and guided growth plans, etc.

Any teacher whose performance has been judged unsatisfactory may be placed on a program for improvement any time after October 15.

## **Section 8. Probation (Non-Provisional Employees)**

No teacher shall be placed on probation if he or she has been evaluated by an evaluator who has not received training in the (ESSB 5895) evaluation system with an emphasis on developing inter-rater reliability.

Teachers shall have the right to Association representation at all probationary meetings.

The purpose of the probationary period is to give the teacher an opportunity to demonstrate improvements in discrete areas according to the criteria included the evaluation instrument (WAC 392-191-045(3)). A probationary period of sixty (60) school days shall be established. Additional days may be added if deemed necessary to complete a program of improvement and to evaluate the probationer's performance, as long as the probationary period is concluded before May 15<sup>th</sup> of the same school year.

The probationary period may be extended into the following school year if the probationer has five or more years of teaching experience and has a comprehensive summative evaluation performance rating as of May 15<sup>th</sup> of Level 2 (Basic) or less.

The Superintendent shall place on probation any employee whose performance has been judged unsatisfactory based on the evaluation criteria, no later than February 1<sup>st</sup> of any school year.

Before placing a teacher on probation, the following shall occur:

1. The evaluator shall meet with the employee in an attempt to resolve matters relating to performance, before probation is recommended. This conference shall be held no later than January 20<sup>th</sup>.
2. If an employee is being considered for probation, the recommendation to the Superintendent for probation must be made on or before January 30<sup>th</sup>. The evaluator must make a written recommendation of same to the Superintendent. A copy of the recommendation for probation must be sent to the employee.
3. The Superintendent, or his/her designee, shall review the evaluator's recommendation for probation. If the Superintendent or his/her designee determines that there is an alternative to probation he/she may continue to work with the parties involved.
4. If it is determined by the Superintendent that probation is warranted, then the Superintendent shall notify the employee in writing and such notice shall include the following provisions:
  - a. A definition of the problem in terms of deficiencies in discrete areas based upon the evaluative criteria.
  - b. Expectations delineating levels of performance that would constitute acceptable performance in the problem areas defined. Once the areas of deficiency and the criteria for improvement have been determined, they shall not be changed.
  - c. A specific and reasonable plan of improvement that spells out a course of action and time expectations for the employee involved to reach an acceptable level of performance in discrete areas in which the employee may need improvement, according to the criteria included on the

evaluation instrument; and

- d. A specific prescription for assistance that spells out courses of action whereby the employee shall be assisted, counseled, and tutored to improve the level of performance to an acceptable level. Such prescription shall include a system for periodic feedback during the probationary period, supports provided and funded by the District, and the dates those supports will be in place.
5. At this time the evaluator shall meet with the employee and, at his or her discretion, a representative of the Association, to go over the plan of improvement, both for understanding and to collaborate in making any changes that the parties might deem prudent.
6. During the probationary period, the evaluator shall meet with the staff member at least twice monthly to supervise and provide a written evaluation of the staff member's performance.
7. The probationer may request, and the evaluator may authorize and assign, one (1) additional certificated administrator to evaluate the probationer. This administrator may be another certificated administrator from within the District or from outside the District who is trained in the CEL'S *SD+* framework. This request must be in writing and must be presented to the evaluator within three (3) school days of the receipt of the probationary placement notice. The evaluator shall have three (3) school days to respond in writing.
8. **ESD Evaluator** - If such request is not granted, at the request of the probationary employee an educational service district (ESD) evaluator shall be assigned by the ESD to evaluate him or her. This request must be in writing and must be presented to the evaluator within three (3) school days of the denial of the request. The District shall have three (3) school days to respond to this request in writing.

Using the plan of improvement, the ESD evaluator or additional evaluator shall provide input to the probationer's evaluation process in an attempt to assist him or her in improving his or her areas of deficiency. In addition, the evaluator will provide a written report of the evidence gathered during the probationary period to the original evaluator. Such evidence shall include the results of multiple classroom observations and any other evidence of performance related to the plan of improvement. The probationary employee shall have access to this report.

During this time the employee will not be transferred from the supervision of the original evaluator. The ESD evaluator, or additional evaluator, shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation.

9. If a procedural error occurs in the implementation of a program for improvement, the error does not invalidate the probationer's plan for improvement or evaluation activities unless the error materially affects the effectiveness of the plan or the ability to evaluate the probationer's performance.
10. A teacher who is on a plan of improvement must be removed from probation if he or she has demonstrated improvement in the areas described as deficient. The teacher must also be removed if he or she has demonstrated improvement that results in a new comprehensive summative evaluation performance rating of level 2 or above for a provisional employee or a continuing contract employee with five or fewer years of experience, or of level 3 or above for a continuing contract employee with more than five years of experience.

11. Lack of necessary improvement during the established probationary period, as specifically documented in writing with notification to the probationer, shall constitute grounds for a finding of probable cause for non-renewal of contract or discharge.
12. The written grievance shall give a clear and concise statement of the alleged grievance, including the facts upon which the grievance is based, the issues involved, the grievance provisions involved and the relief sought.   - 3) Did the Employer, before administering the discipline to an employee, make an effort to discover whether the employee did, in fact, violate or disobey a rule of order of management?
  - 4) Was the Employer's investigation conducted fairly and objectively?
  - 5) At the investigation, did the Judge' obtain substantial evidence or proof that the employee was guilty as charged?

  - 7) Was the degree of discipline administered by the Employer in a particular case reasonably related to a) the seriousness of the employee's proven offense, and b) the record of the employee in his/her service with the Employer? In the case of minor misconduct was a verbal warning, for example, or sufficient time for remediation of behavior provided to the employee before a written reprimand was given?

If the District's adverse actions against an employee and/or the Association are found to be without just or sufficient cause, the district will fashion the appropriate remedy, taking into consideration the relief sought.

- G. The employees' rights to due process will be assured within the grievance procedure. These rights include:

Each teacher is expected to submit rules and regulations for student classroom behavior in compliance with Board Policies, and State and Federal law. The District shall support employees in maintaining order and discipline in the classroom consistent with State law.

No employee shall be required to search a student's person or belongings, but will be expected to act as a witness to a search if needed. Employees will not be expected to provide emergency intervention or treatment in situations involving weapons unless the area has been secured by police or security personnel. In these kinds of emergencies teachers should act in the best interests of their personal safety and the safety of their students.

School principals will meet with the faculty no later than the first student contact day in May and prior to printing Student Handbooks annually to establish and/or review building disciplinary standards and procedures to ensure uniform enforcement of building standards.
