

## SUPPORT FOR YOUR DISTRICT

The CDEC provides Individual diagnostic evaluations conducted by an interdisciplinary team that includes a learning disabilities teacher/consultant, a school psychologist, and a school social worker.

The interdisciplinary process includes, but is not limited to, student observation, information from the student's parent/guardian, classroom teachers and individual team testing.

The CDEC services also include annual reviews, and triennial evaluations of previously classified students receiving speech correction and all other special education services.

## ABOUT THE ESCNJ

The ESCNJ operates six of its own schools for students ages 3-21 with autism, multiple disabilities, and at-risk behaviors, in addition to providing comprehensive support services to students with special needs statewide.

# ESCNJ'S COUNTY DIAGNOSTIC EDUCATIONAL CONSULTANT SERVICES

## ABOUT COUNTY DIAGNOSTIC EDUCATIONAL CONSULTANT SERVICES

School districts can effectively meet a wide range of diagnostic services by contracting with County Diagnostic Educational Consultant Services (CDEC).

A shared service offered through the Educational Services Commission of New Jersey (ESCNJ), the CDEC has helped public and nonpublic school districts consolidate their diagnostic service needs with us for 40 years.

Short and long-term diagnostic services include:

- Child Study Team Evaluations
- Occupational and Physical Therapy
- Bilingual Education
- Well Qualified Leave Replacement Staff
- Team Testing and Annual Reviews

## EXCELLENT STAFF

Our experienced CDEC staff members are state certified New Jersey Department of Education approved employees, who are highly qualified to meet a comprehensive range of services.

## BILINGUAL SERVICES

CDEC-trained consultants are available to work with students whose primary language is not English. We also offer bilingual evaluations or an interpreter to attend Child Study Team meetings.

## RELATED SERVICES EVALUATIONS

Speech (English or Spanish), Occupational Therapy and Physical Therapy evaluations are also available through the CDEC.

## EFFICIENT DELIVERY OF SERVICES

The CDEC has established streamlined procedures to deliver a wide range of services efficiently to students onsite.

## FLEXIBILITY

The CDEC offers flexible scheduling for all services, and will accommodate emergency and short-notice requests. Districts with limited resources for diagnostic consultants can work through the CDEC to meet all student needs.
