

ECHS Strategic Priorities

2023 - 2024

Recruitment

Silsbee ECHS will continue to strive to increase participation in the ECHS program through targeted recruitment practices tailored to underrepresented student populations through intentional recruitment strategies of [1] utilization of data, [2] increasing student awareness of the importance of college courses, [3] supporting students' college readiness, [4] eliminating barriers, and [5] providing student support.

Student Support Measures

Silsbee ECHS will continue to strive to provide student with the appropriate supports to improve and increase student success outcomes and retention through multiple facets which include a comprehensive bridge programs, advising, student interventions, classroom supports, and enrichment opportunities.

Obtaining College Credit

Silsbee ECHS will continue to provide students with the opportunities in obtaining college credits that will lead to the completion of a postsecondary degree or certificate relevant to our society through intentional planning and development of course pathways with the partnering Institution of Higher Education.
