If a student is flagged with eligibility issues on the right side of the roster, make sure you are aware of what that flag means. If you aren't sure, be sure to check in with the Athletic Director or Athletic Secretary.

Medical-they haven't submitted a physical form or the form they submitted is insufficient. They aren't allowed to compete or practice until this flag goes away.

Transfer-student needs to submit a transfer form to the Athletic Director. As long as this flag is showing in the system, student is not allowed to compete. They can practice. The transfer flag will disappear once the sit-out period has passed or we have received word from CIF that the transfer is cleared without a sit-out.

Academic/Probation-this is updated per grading period. Students with an academic flag will be reviewed by the Athletic Department to determine if probation or intervention is necessary.

Schedules for each level of the sport must be entered into SportsNet, this is usually entered by the Head Coach.

It is VERY important to make sure the schedules in SportsNet are accurate. This information is used for:

- Scheduling admin at games
- Setting up cash box and GoFan for gate fees
- Communicating weekly schedule to the staff and early releases
